North Haven High School

Living Out Loud

"As the golden thread of knowledge weaves a path into the light,
We will always carry with us mem'ries of ma-roon and white.
Singing loud and clear your praises, we raise your banners to the sky;
Striving forward Alma Mater, for you, North Haven High!

The years are quickly pas-sing by leaving mem'ries fond and true,
But with-in our hearts we'll always be fond and loy-al un-to-you.
Singing loud and clear your praises, we raise your banners to the sky;
Striving forward Alma Mater, for you, North Haven High!"

-Frank Houser

"Life is...

...only as good as the memories we
make and I'm taking back what belongs
to me...

Fun in FPS.

Perplexed by Physics.

Mrs. Johnson "psyches" us out!

C. Smith, J. Reynolds, N. Mu.

J. Caneschi teaching shapes and colors.

Child Development Class.

"Rollin' the dough"

If only playing football were as easy as baking biscuits.

P. Foley shows P. Cegelka how it's done.

A. Monico and T. Tagliamonte

...Polaroids of Classrooms
unattended...

...These relics of remembrance...

...Are just like shipwrecks...

...Only they're gone faster than the
smell after it rains...

C. Stopper pays close attention.

D. Buley plays the drums.

B. Boldog

J. Nazario plays guitar.

R. Floriano and A. Orio

M. Jacko

D. DeAngelis

R. Ayoub

S. Lazaroff, D. Aveni and M. Nguyen

...So Long, Astoria...

...We found a map to
buried treasure...

...And even if we come
home empty handed...

...We'll still have our stories of battle scars,
pirate ships and wounded hearts, broken
bones and all the best of friendships...

Lunch...my favorite class.

M. Monico and S. Bonito in AP Calc.

Fun in baking.

D. Fagan in Science class.

A. Ciarleglio

Let's play.

M. Casler and M. Mezzanotte

A. Bernardo has the ball.

...And when this
Hourglass...

...has filtered out its final grain of sand, I'll
raise my glass to the memories we had."

DEDICATION

Mrs. Haynes

Mrs. Idone

We Love You Both!

*"Did you ever know that
you're my hero.
And everything I would
like to be.
I can fly higher than an
Eagle,
'Cause you are the wind
beneath my wings."*

-Bette Midler

The Class of 2004 would like to extend its deepest thanks to our advisors, Mrs. Haynes and Mrs. Idone. Without their constant dedication and guidance these past four years would not have been so memorable. You have both been great mentors as well as our friends.

A Message from the Principal...

To the class of 2004:

*Resolve to be tender with the
young, compassionate with the
aged, sympathetic with the striving,
and tolerant with the weak and
wrong... because sometime in your
life you will have been all of these.*

I truly hope you take from NHHS a sound education, an ability to work with others, and a respect and sensitivity for all persons.

We appreciate your many contributions to North Haven High School and our school is a better place because of the Class of 2004.

I wish you good health, good times, and success in all you choose.

Be happy "Living Out Loud."

Art

*J. LeRoux and
A. Mastroianni*

The art program emphasizes a fine arts approach to all course offerings.

The curriculum begins with a solid basic course and moves on to more specialized courses.

All courses prepare the career bound students for the kinds of disciplines they will encounter in art school or college. Finally and most importantly, students are encouraged to realize their potential for creative self-expression.

The Accounting Crows

Row 1: S. Criscuolo, K. McGrath, C. Chan, L. Chan, and E. Roberts.

Row 2: M. Byrne, M. Ficocelli, F. Kilijanski, and D. Sutfin.

The Business Education program offers courses for students who have the desire to pursue a career in business, accounting, management, economics, marketing and government.

The program also provides education in consumer affairs, study skills, basic business skills, and laws that govern everyday activities. A strong point in business is that every course gives the students the opportunity to use computer-assisted instructions.

Consumer Science & Technology Education

Ms. Sturtz's class making biscuits.

There is a variety of electives available in Family and Consumer Sciences and Technology Education for students who wish to develop skills for personal use.

Family and Consumer Science courses provide students skills for life after high school and emphasize the development of improvement of the home and community.

Technology education courses use a hands on approach. These courses help students understand the impact of technology in the community, the work field, and the environment.

Seniors working on child development projects.

A. Parise getting a hands on experience when an FBI officer came to visit NHHS.

J. Caneschi supervises one of the preschoolers as she colors.

English

D. Eager.

Mrs. Blanchette's junior English class.

The only thing that can get these seniors out of bed in the morning is looking forward to a good mystery.

The goals of the English program are to enable students to become competent and thoughtful writers, to become skillful handlers of language, and become good readers in the fullest sense.

In ninth, tenth, and eleventh grades, students read varied types of literature which increase in complexity.

The grade twelve English program offers a variety of full year and semester courses which will better prepare the students for post high school plans.

Health & Physical Education

K. Randall doing a climb in P.A.

B. Smith doing the backer ladder.

The physical education program places emphasis on developing a physically informed student.

The goal of all physical education courses is to help students attain physical and mental well-being and skill competencies.

The activities in which students participate are used to develop: the skills to assess one's own fitness level, the physical skills and abilities necessary to design an on-going fitness program, a positive attitude towards fitness and an active life style.

P. Hermann facilitating in P.A.

(Above) Juniors playing volleyball in Miss Maher's gym class.

(Left) M. Buono playing volleyball.

Library & Media

Working on the computer.

Quiet study time.

Students use the library to work on homework.

The goals of the Library Media Program are to assist students in becoming independent, competent, and confident users of technology; locating, using, applying, and evaluating information effectively; developing a love of reading and literature; becoming lifelong readers; and communicating information and ideas. The library Media Center is open to students daily with over 14,000 references, also providing assistance with conducting research.

Math

M. Buckley

Going over homework.

The mathematics program is designed to enable students to develop their thinking and problem solving capabilities, as well as to provide them with basic mathematical skills and positive attitudes toward mathematics. These objectives are reached by taking students through the systematic development of ideas and skills.

Most math courses use a combination of experimental and project work along with systematic coverage of concepts to motivate and enliven the learning experience.

Working hard.

Taking a test.

Music

B. Boldog

Brass Section

The band plays at the winter concert.

The music curriculum offers students a variety of opportunities to explore, experience, enjoy and share the medium of musical expression. There are different types of musical groups in which students participate; concert, orchestra, chorus, and jazz. The music department is not just instrumental, it is also vocal. The music department gives students the opportunity for community service. Students will be awarded with community service for musical performances after school.

Science

Seniors in anatomy class.

Physics students at work.

The science program at North Haven High School increases the scientific and technological literacy of all students so that they will be able to continue learning throughout society, work and life.

They also provide a wide range of offerings so that students can plan a program to prepare for technically oriented careers and professions.

Courses are designed to include critical thinking skills to formulate and answer questions, and also to show science as a process.

Chemistry class.

Mr. Velardi's class

Social Studies

Seniors showing off their baby pictures for the camera.

Ms. Johnson's psychology class.

The Social Studies department provides opportunities for every student to acquire social studies knowledge and to develop social science skills in each course that is offered.

Each underclassmen grade is required to take a certain course each year. The ninth graders must take World history, and the tenth graders must take either Dynamics of change or Humanities. Students in eleventh grade may take United States History, but they are also given the choice of taking electives, just like the seniors do.

World Language

Paco estudia mucho.

Even Elvis studied Latin.

El Día de San Valentín.

Mrs. Bingham makes Latin fun.

Trivial Pursuit in Italian.

The world language program offers students the chance to learn to communicate in a second language; to develop an understanding of the multicultural society in which they live; to recognize the potential use of foreign languages in future careers; and to discover the relevance of other social societies and cultures.

There are four languages offered; Spanish, Italian, French and Latin. Students are allowed to take more than one language while enrolled in the school.

Seniors in Mrs. Preziosi's Italian class prepare for teaching. Every year the upper level language classes teach mini-lessons to the 5th grades in the Elementary Schools.

Seniors, P. Kwentoh and J. Clark, are taken by surprise while working in their UConn Spanish class.

Lauren,

Thank you for these wonderful years of making us proud of you. It has given us so many memories to cherish. We have truly enjoyed watching you grow into a fine young woman with a sense of responsibility, strength,

and kindness. We wish you nothing but happiness and success.

**We love you,
Mom and Dad, Steven,

Joe & Chris,

When we were told we were having twins, they said God only gives twins to special people who can handle them. Well, we think it takes someone special to be a twin - from sharing everything in life to comparing who's better with academics, sports, friends, etc.

You have both handled it very well and we are very proud of you. Thank you for all the memories watching you grow from cute, curly top babies to handsome young men and mostly for the double

joy you have brought to our lives. The special bond you have and the energy you generate will help you succeed in life.

**Congratulations with all our love,
Mom, Dad, Louis III and Louis IV**

Vanessa,

Congratulations on your graduation! We are so proud of you! We have watched you grow from our little girl into a beautiful young woman. Best wishes in all you do in the future. Good luck in college next year and know that we will always be behind you every step of the way.

Mike,

You have grown into a wonderful young man
that we are very proud of. You are gentle, kind,
intelligent, thoughtful, but most of all you have a
great sense of humor, don't ever stop laughing!
Everything you do, you do well. Be thankful for
your talents and use them to your advantage.
Your opportunities are endless. Work hard, stay
focused and life will be a walk in the park.
Thanks for all the memories

We love you!

"It's all good!"

You have been our angel from the day you were born. We are so proud of your accomplishments and the loyalty you demonstrate to family and friends. Great things are awaiting for you in the future. We know that whatever you choose to do, you will do it well, and you will make a major difference in the lives of others. We love you more than life itself.

*Love,
Mom, Dad, Rob & Tim*

Joanna:
You have just closed another chapter in your life.

Graduating from High School is the 1st step to starting your next stage to adding value to society with entering into college.

We wish you all the fortune that college has to offer!

We are so proud of you.

May God guide and bless you throughout life.
May he bestow Love, Health, Happiness and Prosperity in all you do in life.

Congratulations Jeff

We're very proud of you!

Jeff,

May the good Lord be with you down every road you roam.

May sunshine and happiness surround you when you're far from home.

May you grow to be proud, dignified and true. And do unto others as you'd have done to you.

Be courageous and be brave and in my heart you'll always stay forever young.

And when you finally fly away I'll be hoping that we served you well.

For all the wisdom of a lifetime no one can ever tell. But whatever road you choose we're behind you, win or lose, forever young.

I hope you never fear those mountains in the distance.
 Never settle for the path of least resistance.
 Living might mean taking chances, but they're worth taking.
 Loving might be a mistake, but it's worth making.
 Don't let some hell bent heart leave you bitter.
 When you come close to selling out, reconsider.
 Give the heavens above more than just a passing glance.
 And when you get the choice to sit it out or dance,
 I hope you dance.

I hope you never lose your sense of wonder,
 You get your fill to eat, but always keep that hunger.
 May you never take one single breath for granted.
 God forbid love ever leave you empty handed.
 I hope you still feel small when you stand by the ocean.
 Whenever one door closes, I hope one more opens.
 Promise me you'll give faith a fighting chance.
 And when you get the choice to sit it out or dance,
 I hope you dance.
 I hope you dance.*

TIME... Where has it gone? My "little boy" is now an ambitious, talented, confident young man, with his goals firmly in place. As I look back on your life and my happy memories of you...

Nearly leaving you in the house when we went away! You playing with the pots and pans! Your "tool time" outfits!

Our Friday morning breakfasts and our "skip days"! To those never ending shot-put meets...and to torturing you when we bought your suit. I do not know where the time has gone, but I do know you will always be my "little boy"!

Dear Friends and Classmates,

This year it was especially hard getting this yearbook together. Due to the incredible lack of funds and staff, it has been nearly impossible to get everything together for the dead lines. Going into this year we knew that it would be really tough getting the yearbook done, but we never knew exactly how tough.

The first person we would like to thank is Bob Sasena our representative from Jostens. Bob has spent more time working on our computers than we have. Nothing was worse than when we had the pages all done and then when preparing to submit them, the computer decided to erase everything that we did. Bob has helped us so much that without him you would be looking at a book of blank pages. We would next like to thank Steve our photographer from Storytellers. We spent a lot of time walking around with Steve trying to get photos of people. Steve is also the person who has photographed every single sport in our high school. He has attended hockey games where the puck has flown at the plexi-glass in front of him, had the whistle blown in his ear at the basketball games, and has had unloaded guns pointed at him. He has put up with a lot just so we had some really good photos for our sports. We thank these two guys for coming when they were needed and rushing things when we were in a crunch. And that was all the time.

Next we really want to thank the crew that has helped consistently throughout the year. Peter Cegelka, Rich McLoughlin, Doug Henrici, Jeff Bradinini, Michael Ruotolo, Karleen Fung and Justin Greenlee have helped so much in getting the work done. Peter was our Sports Editor but did everything from senior profiles to academics, sports, ads and superlatives. He has put in a lot of time and we thank him. Rich and Doug did all the hockey pictures, and Jeff did a lot of the sports identification for us. Nobody realizes that it is very difficult to identify a bunch of people walking around in helmets, but Jeff got through it. Even though Justin was only a freshman, he caught on very quickly and did a lot for the work that was more tedious than interesting. He did a great job and we thank him.

We also want to thank the Class of 2004 and our advisors. A senior yearbook is a big expense and for the class to be giving every senior a free yearbook is a great offer. Mrs. Haynes and Mrs. Idone have been nothing but be supportive to our class and they have worked really hard to make our class successful.

Finally, I absolutely have to thank Señora Leach. She is not just the advisor, she is the yearbook. She works hard day in and day out to try and get the pages done. She we the one who had the job of calling Bob and telling him we weren't going to make a deadline and telling Steve that we were in desperate need of fencing photos. This is Señora's yearbook plain and simple. Not a fraction of this could have been done without her, for that we are immensely thankful.
