FOREWORD

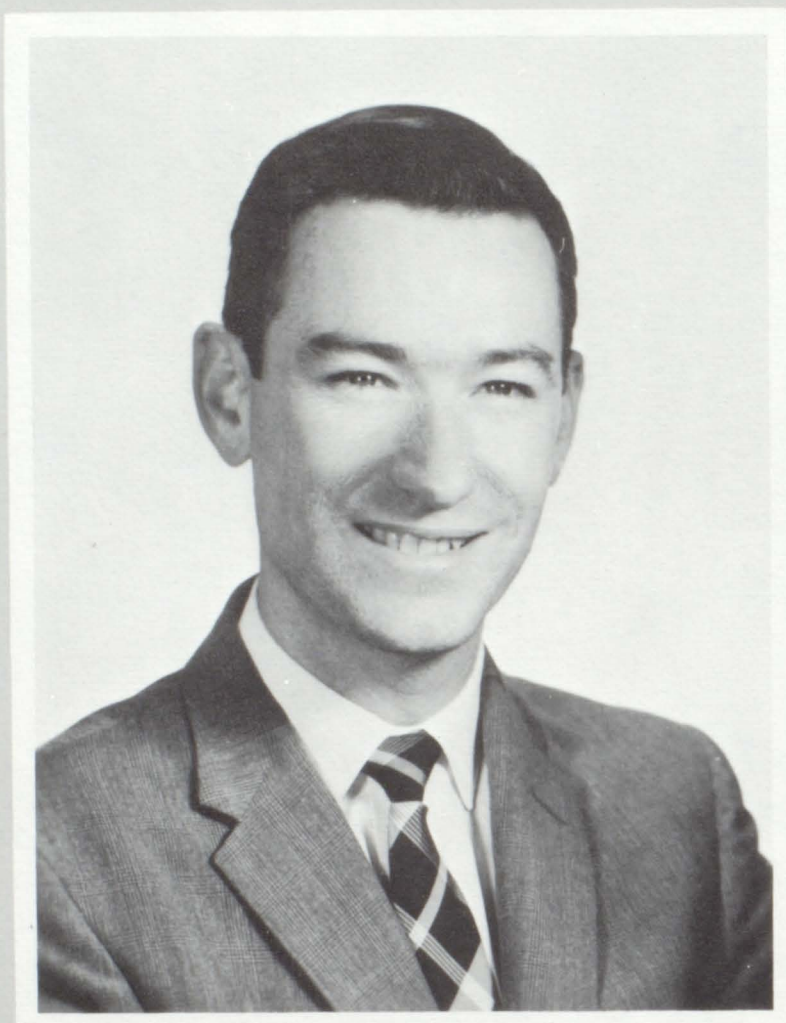

“Great men die and are forgotten,
Wise men speak; their words of wisdom
Perish in the ears that hear them,
Do not reach the generations
That, as yet unborn, are waiting
In the great, mysterious darkness
Of the speechless days that shall be!”

MR. EDWIN A. DUDLEY

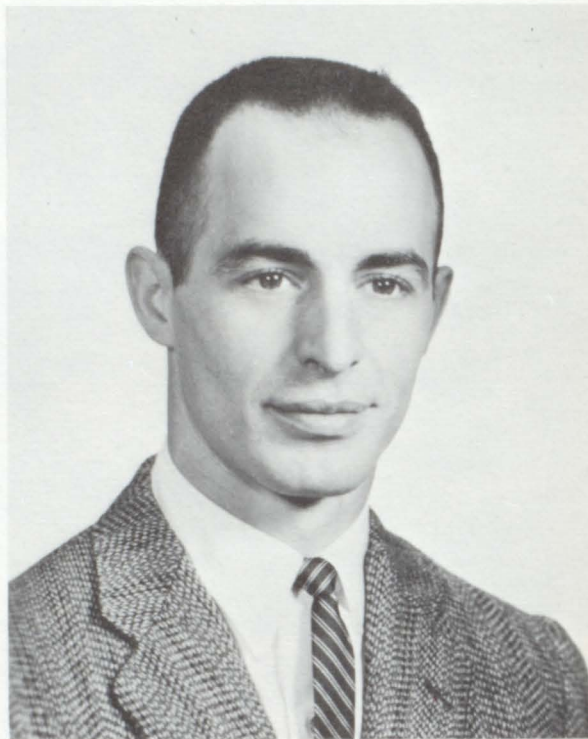

During our years at North Haven High, we have been most fortunate in having a faculty member who has won the respect and admiration of all who know him. His mild, unassuming manner, his sincerity and genuine concern for each individual, plus the mastery of his subject matter and adeptness of presentation will long be remembered and fondly recalled. To this teacher, scholar and gentleman we dedicate the SACHEM.

CATION

MISS JOYCE FONTAINE

MR. MICHAEL PERRONE

Appreciation

"Thank you" cannot fully express the debt of gratitude that we of the SACHEM owe to Miss Fontaine and Mr. Perrone. Their past experience and knowledge of how to put the SACHEM together was of immeasurable value. The thought of a yearbook without the aid of Miss Fontaine and Mr. Perrone is inconceivable, and it is for this reason that the SACHEM offers its warmest thanks.

*Over them he stretched his right hand,
 To subdue their stubborn natures,
 To ally their thirst and fever,
 By the shadow of his right hand;
 Spake to them with voice majestic
 As the sound of far-off waters,
 Falling into deep abysses,
 Warning, chiding spake in this wise:-*

BOARD OF EDUCATION

The Board of Education establishes policies for the operation of the North Haven public schools. These policies are aimed at providing quality education for both youth and adults. The Board's responsibilities have been particularly heavy in recent years because of rapidly increasing enrollments at all levels.

SUPERINTENDENT'S MESSAGE

You students of the North Haven High School are to be congratulated for making possible this fine yearbook. To those students who were active in its creation go our praise and admiration.

Within the covers of this yearbook, one can find direct evidence of the active program which you students have experienced during your stay at the North Haven High School. This record of your faculty, your Seniors and the underclassmen, along with the multitude of activities, will continue to be of interest to each of you.

As the years ahead unfold, this yearbook will become ever more valuable. It will become a kind of permanent record which will always afford each person with easy access to fond memories and interesting anecdotes. It will be a reservoir of recollections of three interesting and fruitful years spent in N.H.H.S.

Congratulations to each person who has made this 1964 Sachem a reality. A fine job well done.

PRINCIPAL'S MESSAGE

TO THE CLASS OF 1964

Some of you, on occasion, have bemoaned your lot: no mid-morning break; lack of smoking privileges during the school day; uncertainty as to your college education; the Nations' involvement in such problems as school integration, civil rights and Castro and Cuba. Self pity is often a temptation and always a danger. For the strong—and youth personifies strength—each obstacle, each handicap is a challenge. Life does not let anyone get soft, and you will rise to the various challenges presented to you. In body, in mind, and in moral fiber, you will toughen and strengthen those wonderful assets you possess.

Whatever deficiencies the school may have, you may rest assured that your faculty has given more than their full devotion. The curriculum, under constant evaluation and development remains one of the finest you take with you — whether to a college, a job, or a place in our armed forces — knowledge, skills, and habits that have served others before you and most certainly those who will follow.

The world is in dire need of educated men and women who can contribute to the potential of modern civilization.

ENGLISH DEPARTMENT

MR. WILLIAM CLARK
Chairman

In pursuing its goal of teaching students to read and write more effectively, the English Department has found itself rebuilding and experimenting in 1963-64. In connection with a system-wide curriculum revision, the members of the department have revised virtually every phase of the high school course of study. They have diversified the books available for classroom study now, though there are certain books which are required reading for all students, teachers may choose from a wide range of supplementary readings those books which best suit the ability and interests of their classes. There has been considerable experimentation by individual teachers, by English teachers working in teams with Social Studies teachers, and by English teachers working in teams with other English teachers.

MATHEMATICS DEPARTMENT

MISS JOYCE FONTAINE
Chairman

The Mathematics Department at North Haven High School is proud of its record of being one of the first schools in the country to use the new approach to mathematics. This approach not only teaches the student the "how" of performing the various operations but also the "why." Today this method of teaching mathematics is not only used in our school, but in schools all over the country.

In addition to this new approach to mathematics, students at North Haven are grouped according to their ability. There are slow, average, and advanced classes so that the student moves along at his own rate and can get a firmer grasp of the subject matter. Seniors in the advanced program study Matrix Algebra and other advanced topics in Math V.

LANGUAGE DEPARTMENT

For the year 1963-1964, the Language Department has offered for the first time in the history of North Haven High School, French V, Latin V, and Spanish V. In these courses the study of literature, oral expression and advanced work in the laboratory are the high points. The language classes in general stress the oral approach to literature, grammar, and civilization. Numerous French students are corresponding with several Parisian high school students, and this year letters are being exchanged with three members of the French navy also. We are doing our best to maintain an "entente cordiale" with the French despite the coolness between the two governments.

SCIENCE

MR. DOMENIC MASCAGNA

The ventual goal of more and improved science courses for the High School was brought a step closer to reality this year with the addition of the Science V course. This senior elective emphasises independent investigation. The students are working on such problems as the mathematical application of physics, the bacteriophage and cancer research. Some students are being aided by Southern Connecticut State College.

The Science Department is also testing new teaching methods to "better understand the concepts of Science".

SOCIAL STUDIES

In attempting to develop in the student an understanding of history, past present and future, the Social Studies Department offers courses in World History, United States History, and Problems of Democracy. We have installed an Advanced Placement Program on the U.S. History level. Other programs dealing with every major field in the realm of history are currently under study. Extra-curricular activities are used to promote further the department's objectives. Students participate in such clubs as the United Nations Club, Student Forum, the Debate Club, and the American Field Service.

BUSINESS EDUCATION

This year, the Business Education Department has continued in the fulfillment of its long range plan of offerings to all levels of students. The inclusion of Economics and Distributive Education courses this year has created still another offering for the college-bound and the terminal student respectfully.

The major emphasis of the department is still in vocational competence for job employment. The business education program will satisfy student needs in both immediate and future employment, in college programs in business and related areas, and in general education in such subjects as basic business, shorthand, consumer economics, and certainly, typewriting.

INDUSTRIAL ARTS DEPARTMENT

The Industrial Arts program is designed to give each student some meaningful experience in the areas of woodworking, metal, graphic arts, engineering drawing, and electronics.

A special program has been incorporated into the engineering field which has been designed to give experience in both design and application for those planning to enter this field. A move towards more technical experience in the woodworking field has been put into effect this year.

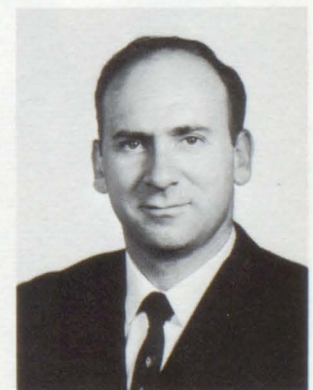

Many of the students who graduate do not find it necessary to further their education, and obtain jobs immediately. Those who do go on to college have a practical experience in the technical field which is very valuable.

PHYSICAL EDUCATION

Contrary to an all-too-common misconception, physical education is not designed as a recess or free play period; rather it is education through physical activity directed toward definite desirable outcomes.

Our program is achieving one of its long sought after objectives, that of progression of activities. Activities and the instruction that goes with them are suited to the age and grade levels of the students. The program has also expanded due to the addition of new equipment and space in the field of gymnastics.

HOMEMAKING

The Home Economics program strives to meet the challenge of preparing the students for successful personal and family living in our changing world.

Students are guided to determine values, develop attitudes, acquire information and learn skills which they can apply to everyday experiences.

The curriculum includes study in the areas of clothing and textiles, foods and nutrition, consumer education, home planning, child development, care of the sick and family relations.

ART

The aims of the Art Department are three fold. One, to provide adequate preparation for those who wish to go on to art school, two, to acquaint all with satisfying pursuits for leisure time, and three, to instill in students an appreciation for the world's art heritage, both past and present.

Art I introduces the student briefly to the many areas included in commercial art and fine art. Art II takes a few of these areas and delves more deeply into them. Art III emphasizes a free choice of projects under the direction of the teacher.

MUSIC

This year, as in the past, the Music Department has emphasized history and appreciation of music in conjunction with theory and music skills. Those students who have developed their skills participate and compete in statewide musical events.

The Concert Band and the Chorus have again given a great deal of their time toward the entertainment of the school. Additional music groups participate with the Band and Chorus at the Christmas program, Elementary School concerts, a Spring Music Festival, and other concerts.

GUIDANCE DEPARTMENT

Again this year, North Haven High School students and especially seniors, made extensive use of the guidance services available to them. Heading the list of services provided by the school counselors were personal, educational and vocational counseling.

The counselors also worked closely with administrators, teachers, parents and psychological service personnel to meet the individual needs of all students. Other guidance services rendered included the coordination of various college, career and military service conferences; collaboration with the Connecticut State Employment Service and local employers in providing occupational and vocational information and guidance, as well as part and full-time job placement. Assisting students in selecting colleges and other post-high school training, administering local and national testing programs, and providing guidance in course selection were other important aspects of the Guidance program.

LIBRARY

The High School library consists of about 10,000 volumes, a large reference collection, files of back numbers of approximately twenty different magazines, current subscriptions of approximately sixty other magazines, and a voluminous pamphlet collection.

The library has a big circulation, including both regular and reserve books, periodicals, and pamphlets. Students use the library from 7:45 a.m. to 4:00 p.m. During the school day, students secure passes from subject teachers, so that they may be excused from study halls to use the library. In the near future, school authorities plan to open the library to the public during evening hours.

CLASS HISTORY

THE COMMUTERS

In September 1958, 300 shy seventh graders from the towns four elementary schools began the daily ritual of boarding "shuttle buses" at the high school in the morning to be transported to a small abandoned elementary school in Montowese, popularly known as Village Street. Here we spent our first year together as the Class of 1964. How hard it was to concentrate in the small classrooms surrounding the gym on Wednesdays, while strains of our fellow classmates bursting forth into song in chorus with Mrs. Bailey, drifted throughout the tiny building. And it was impossible to do any studying after school too, because of the music from the intramural dancing!

One of our first activities was selecting class officers. Campaign posters and pins suddenly brightened up the bleak halls. Cold clammy hands and shaky voices characterized nervous candidates who made "first time" speeches before the class. Our first elected officers were Ruth Davies, President, Leon O'Connor, Vice-President, Sally Williams, Secretary, and Margaret Billings, Treasurer. Our new leaders quickly organized our first function, "Frigid Frolic", held in late October in the parking lot of the school. Remember the warmed chocolate milk?

Throughout the winter, many of us worked on Gilbert and Sullivan's operetta, "The Pirates of Penzance", which we presented in April, 1959. Who did lock Maybelle in the dressing room? April was also the month of another memorable dance, "Off Campus Caper", held this time in the high school cafeteria. We'll all remember waiting from 7 to 10 for the orchestra which never came.

By the end of the year, we were already an enthusiastic hard working class and eager to join the ranks as eighth graders in the high school.

THE LITTLE ONES

As small, meaningless, under-under classmen, we lived through one confused year at N.H.H.S. From 7:45 to 2:06 we groped our way amongst the Big Seniors and endless dark hall ways. We elected our class officers—Richard Palmeri, President; Leon O'Connor, Vice-President; Sally Williams, Secretary; and Joan Hall, Treasurer. Disorganized, confused, and disillusioned, we hoped that the coming year at our new Junior High as freshmen would be brighter.

SENIORS AT 14!

We will remember the year 1960-61 when as freshman we were the first graduating class at the new North Haven Junior High School. We had many privileges as the oldest class in the Junior High. We had the courtyards and we ran the bookstore for the school.

Our Freshman officers for that year were: Betsy Clinton, President; Richard Guzzio, Vice-President; Marsha Wiberg, Secretary; and Patty Mailhot, Treasurer. With our elections out of the way, we planned our freshman dance with the help of our advisors Mr. Shine and Miss Gaetano. After much debating on a theme for the dance we decided on "Twilight." We chose the Patriots as our band. The gym was decorated with flowers and stars creating a beautiful open garden.

NORTH HAVEN HIGH SCHOOL REVISITED

In 1961 the class of 1964 exploded into the High School as the largest class of sophomores to hit North Haven High. We had been top men during our first and only year at the Junior High and now we were reduced to the title and feeling of "Underdog". To overcome this feeling we tried to avoid the sharp glances of the seniors, act grown up, and pretend to know our way around.

The officers were: Richard Guzzio, President; Leon O'Connor, Vice-President; Mary Migliaro, Secretary; and Sally Williams, Treasurer. Our officers were wonderful and did an excellent job in helping the class. During the year we had our first class party, which we all looked forward to with eager hearts. Finally the big night came bringing almost all the class into the gym, many of whom gallivanted around in various crazy costumes. The whole evening was a funny success.

"Evening in Paris", our class dance, came up later in the year. The general Committees worked laboriously the last few weeks before the dance, in order to make it a Parisian fantasy to remember. All who went enjoyed themselves immensely a *bonne soiree*.

"The men"

Our sophomore year at North Haven High marked many firsts in our history. It was the first year that our aspiring thespians could actively participate in the Drama Club. Many did so and had a ball in the never-to-be-forgotten "Girl Crazy". After being accustomed to using the courtyards at the Junior High. It seemed funny to have the High School courtyard doors shut in our faces. Thus, another first for our class was established—attempting to use the courtyard illegally and sometimes succeeding.

Our first year as Senior High students passed quickly, leaving fond, frolic-filled memories tightly sealed in our minds. We all looked forward to the approaching year when we would be one step farther along the way to the end of our high school years. And we awaited the time when we as juniors would be able to refer to the incoming sophomores as "underdogs."

THE MIDDLE MEN

The summer days passed quickly, and soon we were back in school, no longer lowly sophomores, but proud, though somewhat bewildered juniors. We were unaccustomed to our new found feelings of power and supremacy, but soon took advantage of the situation.

We returned to find this year, a year dominated by new ideas and their application. We had elected almost entirely new slate of officers to govern us. Those elected were: Jerry Carpenter, President; Ken Conforto, Vice-President; Mary Migliaro, Secretary; and Sally Williams as Treasurer. Our advisors for the year were Miss Doba and Mr. Newton. The student Council, our bridge between the students and the faculty forged ahead its yearly undertakings. Representing our class in that organization were: Bill Rennie, Vice-President; Jane King, Treasurer and Ruth Davies, Tara Sullivan, Grace Cashman, Sara Fowler, Dave Cashman and Tony Bucelli, Representatives.

As weeks passed by, our class began to roll into gear. To raise money the Crest committee was organized and a movie was planned. The movie, "The Honeymoon Machine," was scheduled for Friday the 28th of September. It was a tremendous success and made close to four hundred dollars to boost the treasury. It was the first successful attempt to raise money undertaken by a junior class.

After several weeks of anxious waiting, Panikoff finally came through. As we received our cherished class rings we realized that we were now just one step closer to being Seniors.

The annual hi-jinks went on in the senior courtyard in bright yellow paint by several of our industrious classmates; the seniors were furious. It was very hectic for the next few days as they attempted to find the culprits for avengement.

The days grew crisper and crisper, the football season was almost over and on November 16, the class of 1964 held its Junior class party. We all enjoyed ourselves on this night of fun and frolic where many of us tried our hands at the limbo dance.

"Guz' christens our courtyard."

The days flew by. First came the Thanksgiving Holidays, followed by Christmas. After the annual assembly we left school for Christmas vacation, our class officers already formulating plans for the biggest event of all: The Junior Prom; scheduled for March 30. Upon return from vacation we organized our prom committee with Mary Migliaro, Chairman; Barbara Barske and Joan Hall, Bids; Betsy Clinton and Elaine Noonan, Decorations; Grace Cashman, Refreshments; Richard Guzzio, King and Queen Committee; Jerry Carpenter, Band; Carol Ross, Chaperones; Ken Conforto and Susie Throckmorton, Publicity.

After many weeks of frantic work and preparation the big night was finally here. We danced the night away to the beautiful music of the Patriots. Ken Conforto and Jane King were crowned rulers of this gala occasion in our moonlit floral decorated ballroom. We left "Moonlight and Roses" and trooped over to St. Theresa's church for three more hours of rollicking fun, punctuated by many strange dances and an off key singing group formed by six of our classmates. Afterwards some went home to bed but others went to other parties to finish the night. The next morning all were up bright and early to congregate at many of the beaches. Several of our classmates experienced quite an invigorating swim in the cold waters of Long Island Sound that day.

We noticed some the junior girls hobbling through the halls and realized that cheerleading tryouts were again under way. Before long, sure enough, the results were announced. The girls from our class were; Sydel Marinoff, Captain; Joanne Spector; Barbara Barske; Jennifer Rackliff; Marsha Wiberg; Margie Ewer and Sharon Ostrander.

Members of the Senior class completed graduation plans and many of our classmates were chosen to serve as honor guards and honor ushers at the night of their graduation.

Our Nutmeg Boys' State Representatives were; Ken Conforto and Don Rieger. Our representative to Laurel Girls' State was Grace Cashman.

Junior Prom

We found at this time that Miss Doba was leaving. We were all sorry to see her go.

As summer vacation drew near we all prepared to leave North Haven High School for two glorious months of sun and fun. But before we did, we finally took possession of the coveted Senior courtyard, a place long envied by us. We were now officially Seniors and each of us felt unconsciously a slight feeling of sadness, as we all knew this would be our last summer before our final year as students of North Haven High School.

HERE WE GO AGAIN

There is a silent spirit left behind at North Haven, by the graduating classes of the past and each year brought back to life by the new seniors. For the Class of '64 here was a beginning and an ending that resulted in another beginning. This was their senior year.

The courtyards, green and calm, were persistent reminders of seniority. They were a goal long worked for by the Class of '64 and finally reached. They were a symbol of the unity of the Senior Class. The courtyards are still common ground for all Seniors and always have been. The Class of '64 cherished them as other classes have and will continue to do so in their fondest memories.

The courtyards held the Senior class in spirit, but physically the officers did the work. We are greatly indebted to them for such a successful and active year. The officers were: Richard Guzzio, President; Jimmy Bartolini, Vice-President; Mary Migliaro, Secretary; and Scott Muirhead, Treasurer. However these class officers did not work alone. Present at all the senior class activities were two people who will always receive undying gratitude from the Class of '64. They were our class advisors Mr. Newton and Miss Calo.

One of the highlights of the Senior class activities was the Senior Class play—"Our Hearts Were Young and Gay." The play was a comedy about two teenage girls going to Paris and the various adventures they had. The main characters were portrayed by Joanne Basile, Laurie Stevens Betsy Clinton, Ed Gerber, Bob MacDonald and Fred Singer. The play was successfully directed by Mr. Church.

As the year rolled by the Senior class reached its peak of unity and friendship at the two senior class parties. In the casual atmosphere, among the dancing and games, the Class of '64 rallied within itself, bringing forth its true spirit.

As the end of the year approached, so with it came the last prom the seniors would ever attend—The Senior Prom. The decorations were beautiful. Everything was perfect. The various committees had left nothing undone. The Senior Prom ended the big social events of the last year, but there was still more to come.

One of the most satisfying events was Awards night. Outstanding seniors received their awards for exceptional accomplishments as proud parents looked on.

The greatest accomplishment of all by the class as a whole was, of course, graduation. Pomp and circumstance, maroon and white, and the alma mater will always bring back memories of that night when we took our first step forward.

The work and preparation have now slipped into our memories. The sadness we felt leaving North Haven has combined with a feeling of completeness, of finishing and somehow has produced the effect of rebirth, enthusiasm for the future and life. The same feeling is felt with the death of summer and the beginning of fall. The same vitality. The Class of '64 had reached another beginning. We left North Haven High, forever grateful to our teachers and holding our past memories, not within ourselves but within each other.

It would be impossible to enumerate the different aspects of yearbook production which we were faced with this year. Senior biographies, pictures, write-ups, lay-outs, candids, and deadlines were but a few of our worries. However, with all the staffs working together, these obstacles were steadily met and overcome. In the 1964 SACHEM we have attempted to present a change of approach to the activities of the school year and in so doing we have tried to give to you a more meaningful book, one that we hope will find a niche in your bookshelves and a place in your hearts. We would like to offer our sincerest thanks to Miss Fontaine and Mr. Perrone, our unfailing advisors, without whom this would have been an impossibility.

JUNIOR CLASS

The class of '65 began the year's activities by making their presence known with the traditional painting of class numerals in the senior courtyard. Adding to the success of their class party and the Teenarama was the tremendous boom in crest sales. Something never to be forgotten was the Junior Prom which gave the class many fond memories. Now with the joys and sorrows of the junior year behind them they are ready for the responsibility, privilege, and fun of being a senior.

STUDENT COUNCIL OFFICERS: Jane King, treasurer; Ken Conforto, vice-president; Tara Sullivan, secretary; Dave Cashman, president.

STUDENT COUNCIL

This year the Student Council has concentrated on trying to govern the school better under the direction of its new advisors, Mrs. Lona Louis and Mr. Frank Miles. However, traditional activities such as sock hops and the Harvest Hop were not overlooked and were successes as usual. President Dave Cashman and all other officers have participated in area Council meetings while working hard on the home front to improve student-council relations.

AMERICAN FIELD SERVICE CLUB

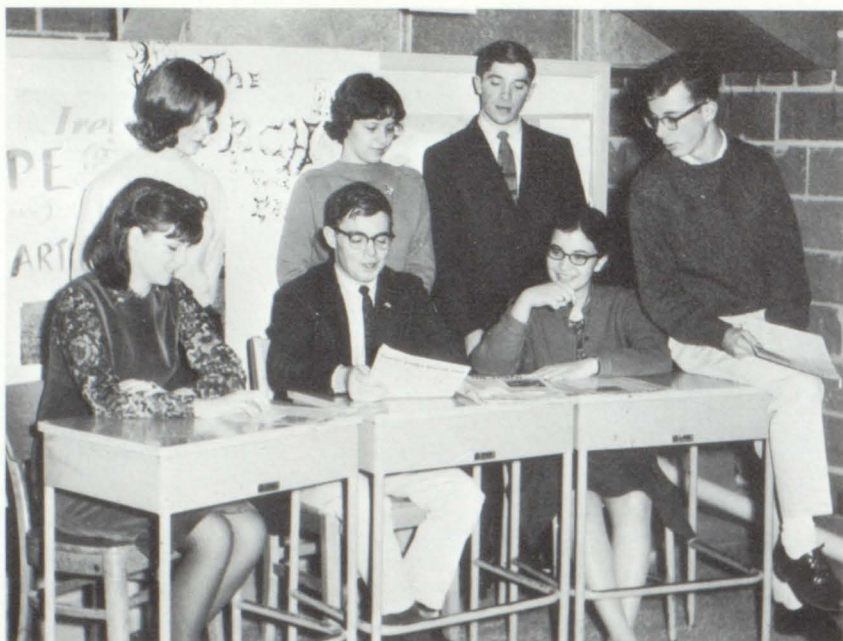

This year has been one of new experiences. A new teacher to NHHS, Miss Nancy Glidden, became the advisor for the club which was newly separated from the Student Council. The year has been spent in raising the \$700.00 needed to bring a foreign student to this country. An effort was made to send one of our students abroad. But, the most unforgettable experience of this year has been knowing Andrea Gritti, our foreign exchange student from Italy.

A.F.S. OFFICERS: Theresa Casey, treasurer; Andrea Gritti, foreign exchange student; Susan O'Neil, secretary; Edward Gerber, chairman.

TORCH

This year TORCH has become an important part of the extra-curricular activities at NHHS. It has expressed editorial opinions which have excited the student body. As a result, our newspaper is covering activities in greater detail and capturing students' opinions. Topics soon not to be forgotten are the return of John D'Or and student smoking.

SHAKESPEARE CLUB

In its second year the Shakespeare Club continued to promote interest in the works of that great Englishman. It is an informal club in that it has no officers. However, all its members joined in this year to present "Macbeth" and "The Taming of the Shrew" with the help of the club's advisor, Mrs. Hosford.

DRAMA CLUB

The Drama Club experimented with a new technique this year. The Club encouraged its members to "cut" a scene out of a play and to do a dramatic reading of it before the rest of the group. It gave the people who usually only get to work behind the scenes a little experience in acting.

This year's production, "Our Town", by Thornton Wilder, was presented on January 31 and February 1.

Mrs. Josephine Bunselmeyer and Miss Judith Bruce advised the Club during the year. Mrs. Bunselmeyer was the director of the play.

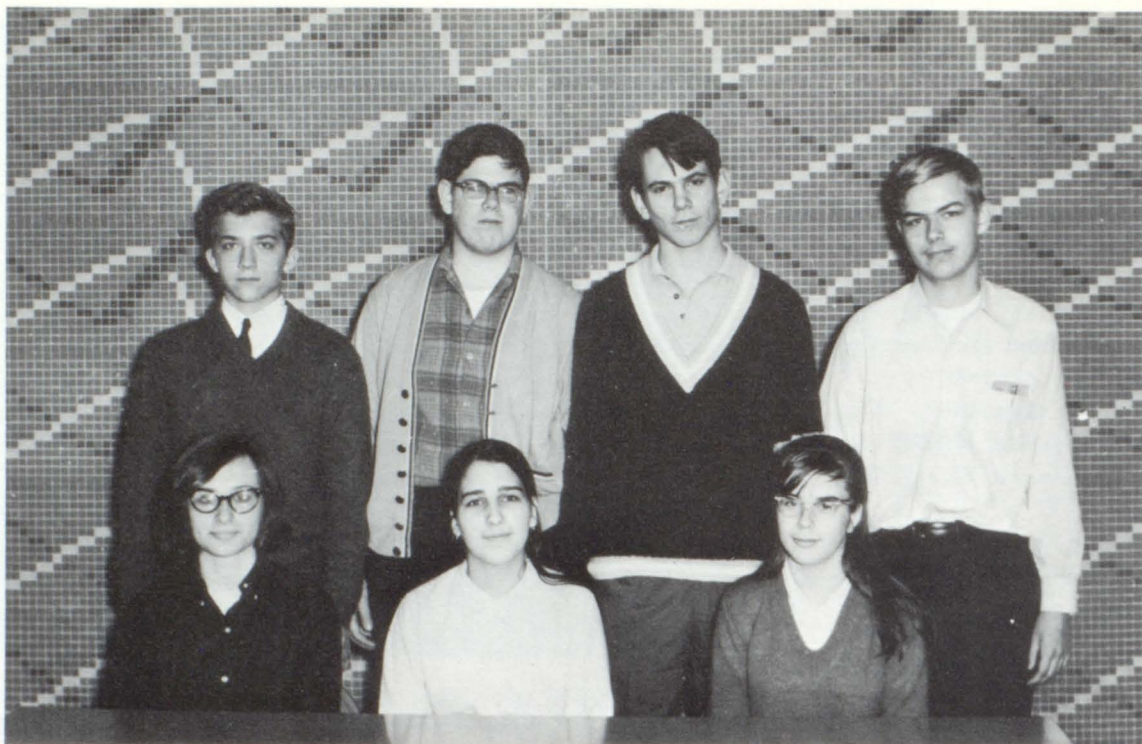

DRAMA CLUB OFFICERS: Sandy Kesselman, secretary; Ed Gerber, vice-president; Stan Burg, president; Jo-Anne Basile, treasurer.

STUDENT FORUM

The Student Forum is set up to give students an opportunity "to study and discuss current social, political and economic problems facing the world today." To achieve this end, they periodically are able to have guest speakers come and talk about discrimination as well as many other modern day problems.

NHHS LITERARY MAGAZINE

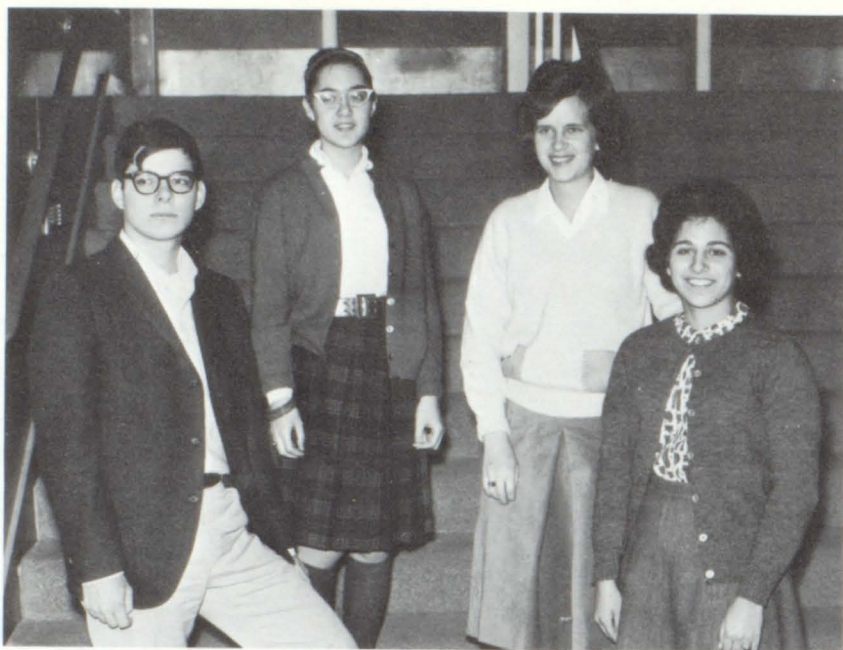

In its two issues this year the literary magazine presented a collection of poems, prose, and art work to the student body. This magazine gives creative students a chance to write beyond their regular class work and for others to gain by it.

COIN CLUB

The Coin Club is a new and welcomed addition to the extra-curricular activities at NHHS. Its members, interested in collecting old and valuable coins, meet regularly after school to sell, trade, or just discuss such coins.

LE CERCLE FRANÇAIS

Under the lively and enthusiastic hand of Miss Rebecca Satterlee, students are given the opportunity to become better acquainted with French customs and French culture. The programs this year were lectures by the Benoit sisters and Carol Lendroth, who have all traveled extensively in France. Plans also included a French cuisine supper. Not to be forgotten is the Christmas party that has become somewhat of a tradition.

EL CIRCULO ESPAÑOL

This year, the Spanish Club has varied and increased its activities. The students not only attended a gala evening in Spain at the Spanish Club party but also made a trip to the World's Fair in New York. An added attraction was the slides of a trip to Mexico taken by a teacher of the junior high faculty. These activities have stimulated a great interest and appreciation for the Spanish and Mexican culture.

TOMAHAWK

North Haven High School's handbook, TOMAHAWK, is compiled by a committee of Student Council representatives during the summer vacation. The handbook contains information on school regulations, the constitution of the Student Council, descriptions of extra-curricular activities, a list of the faculty, plus odds and ends, including a map of the school.

DEBATE CLUB

The Debate Club has continued to be a source of great pride for N.H.H.S. The model congresses held have been very successful for our members, who have won several awards in the New Haven League. The national topic that they have been debating for the second half of the year is whether or not Social Security benefits should be extended to include complete medical care. It appears that this good record will continue because the less experienced members are also building up a good record.

CHESS CLUB

The Chess Club, under Mr. Biewald, strives each year to promote interest in chess at North Haven by providing a meeting ground for both experienced and inexperienced players. The club sponsors the annual All-School Open Chess Tournament in addition to having matches with other schools.

SCIENCE CLUB

Advised by biology teacher Mr. Dominic Mascagna, the Science Club allowed students to deeply probe those aspects of science which interested them. The Science Club, which met bi-monthly, was responsible for a majority of the projects entered in the annual Science Fair at North Haven.

AUDIO-VISUAL CLUB

The A.V. Club is perhaps best known for its gallant rescues of teachers with broken projectors. Advised by Mr. Wright, the club also splices, delivers, and watches films, and serves as the projectionists at movies presented at the school auditorium.

CAMPUS STORE

Morning or afternoon, rain or shine, the girls in the Campus Store managed to greet the customer—usually in a rush—with a smile, and a cheerful word or two. Used by both students and teachers alike, the Campus Store supplies notebooks, paper, pens, folders and a hundred other necessities in school life.

RADIO CLUB

The purpose of the Radio Club is to instruct members in the principles and practical applications of electronics. The opportunity to obtain an amateur radio operator's licence is afforded to members.

VARSITY CLUB

The Varsity Club, one of the oldest organizations at North Haven High School, this year sponsored the annual "Varsity Drag," and the Alumni Basketball Game. Other activities of the club included the selling of programs at all home football and basketball games. All the funds obtained by the boys have been donated for the purchasing of new sports equipment for the school.

SKI CLUB

Again this year the Ski Club has tried to have ski trips that were convenient to most members and that would take place when skiing conditions were satisfactory enough to make the trip worthwhile. As might be expected, it was difficult to combine these conditions. However, the Ski Club managed to take a couple of trips along with providing an opportunity for members to see a famous ski movie.

SKI CLUB OFFICERS: Paul Sargent, co-president; Terry Casey, co-president; Sally Williams, secretary.

UNITED NATIONS CLUB

The members of this organization study and take part in world issues and the United Nations. Again this year they participated in the East Coast Model United Nations Conference at Mount Vernon. The club acted as representatives of Malasia.

ROCKET CLUB

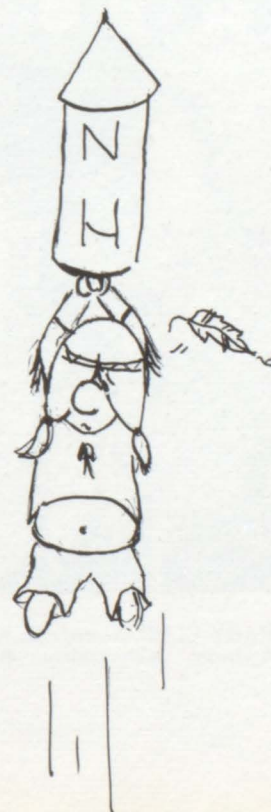

The Rocket Club is a new addition to the extra-curricular activities at NHHS. The members make their own rockets and their own fuel. Putting many other materials into these little Saturns seems to help. The only problem is that the firings are not always successful.

LIGHTING CLUB: Steve Coulon and George Guertin.

LIGHTING CLUB

This club has charge of the care of stage and house lights in the auditorium and of the heavy equipment in the projection room. Dance chairmen know the importance of this club as it does the lighting designs for all dances.

LIBRARY CLUB

The Library Club, besides fulfilling the normal activities of library assistants, attended several meetings and discussion groups. As in the past years they went to the meeting of the Nutmeg 020 group for library assistants. This year, however, the group from NHHS led a discussion at the meeting of this state organization.

PEP CLUB

Support and attendance at interscholastic sporting events is one of the duties of the Pep Club. The Pep Club's purpose is not only to support the cheerleaders at basketball and football games, but also to inspire school spirit throughout the student body. In past years some of the activities and need for the Pep Club seem to have been on the wane. We hope in the future the Pep Club can achieve its intended goal, and this can be achieved only by the whole-hearted cooperation of the entire student body.

BAND

The Band has continued its fine record of performance this year. Whether marching or in concert it is a pleasure to listen to. Its regular schedule of hard work is all working towards one of several concerts throughout the year. As in years before, all the credit belongs to Mr. Alex Winsco.

CHORUS AND CONCERT CHOIR

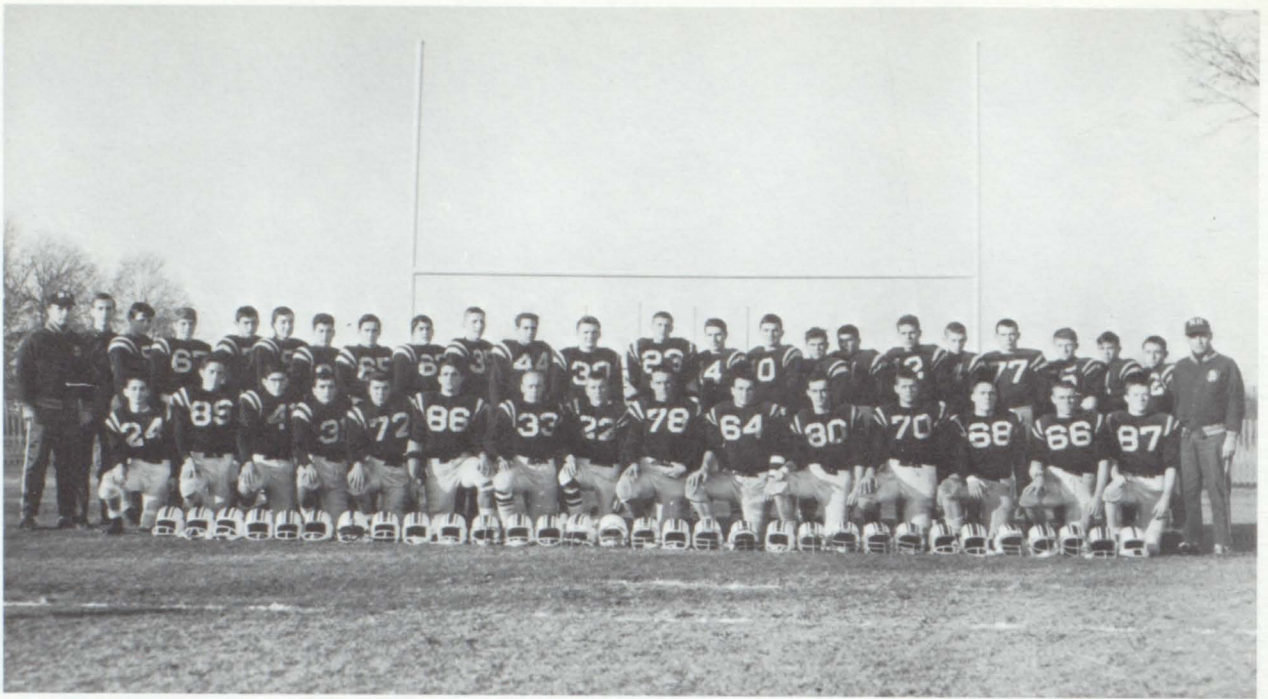

Our Chorus this year is eighty voices strong, twenty-five of those voices making up the Concert Choir. The two groups have worked hard and long to prepare for their many and varied performances. Among these performances are a Christmas program for the public as well as for a student assembly; a Spring Program; participation in the Horatio Parker Centennial performance in New Haven; the Youth Symphony Concert; the Darien Music Festival, and the 1963 All-Conn Music Festival at Storrs.

*And they stood there on the meadow,
With their weapons, and their war-gear,
Painted like the leaves of Autumn,
Painted like the sky of morning,
Wildly glaring at each other;
With their faces stern defiance,
In their hearts the feuds of ages,
The hereditary hatred
The ancestral thirst of vengeance.*

FOOTBALL 1963

This year's football team completing an undefeated season, won the Housatonic title outright for the first time in North Haven's history. The season opened with a big 44-12 victory over Cheshire. The biggest games of the year came against Branford and East Haven. Branford invaded D. C. Allen field only to go down in defeat 20-18. East Haven also undefeated at the time, came to North Haven four weeks later in the battle for the championship. After absorbing a 7-0 loss East Haven returned home relegated to second place in league standings.

As a result of his outstanding play against East Haven, John Lear was chosen the New Haven Register's Player of the Week. Post season awards went to Butch Barry and Bob Stopkowski, who were chosen to the All-Housatonic All-Star team, and to co-captains Tom Murphy and John Korzick who were chosen to the Continental Baking Company's Wonder 11 team. A good portion of this seasons credit must go to coaches Vanacore, Demayo and Gilbride for a job well done.

VARSITY BASKETBALL

As of January 20, the North Haven basketball team, co-captained by Rich Coyle and Harold Jackson, has been surprisingly strong. Due to the loss of four starters from last year's team, they were rated in pre-season polls at sixth place in the Housatonic League.

A drastic season was forecast by area newspapers. But they have lost only to Hamden and East Haven (5 points) and have defeated such strong squads as Shelton and Trumbull. Their record now stands at five wins and 3 losses.

"Being close to people in my work, I used to worry about perspiration."

"Darn mosquitoes!"

BASEBALL

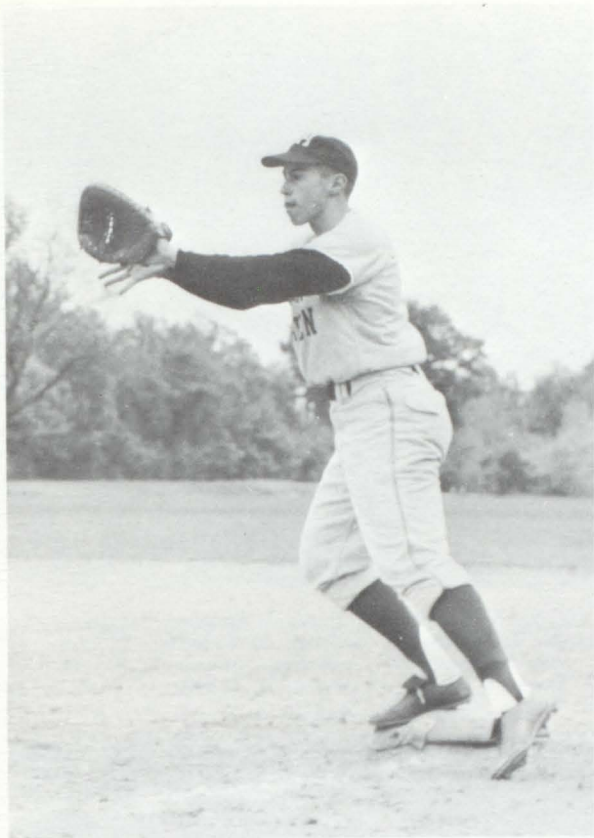

The 1963 Baseball season turned out to be one of the most successful for the team. Winning ten out twelve Class A games the team finished with a record of twenty-one wins and only three losses. With a record like this the team didn't find it too hard capturing the Housatonic League Championship. Two members of the team, Rich Coyle and Butch Barry were selected for All-Housatonic honors.

TRACK

Through the hard working efforts of this year's Track Team the cindermen turned out the most successful season in North Haven history. The Indians won a total of ten meets losing only two, while school records were broken in almost every meet. The Team again captured the Housatonic League Championship at Lyman Hall for the third consecutive year thus retaining the league trophy. This year's team also competed in the State Class "A" sectionals and three members took places.

To wind up a very successful season, North Haven finished fourth among nine in New Haven's first Junior Olympic Track Meet held at Bowen Field.

GIRLS' BASKETBALL

The N.H.H.S. Girls' Basketball team was under the able leadership of Miss Maddox and Mrs. Guarnieri this year. They worked hard and succeeded in turning out a well co-ordinated unit. At many times throughout the games it was hard to tell just what was going on because the girls played partly by boys' rules and partly by girls' rules, which created confusion among the spectators as well as the players.

"This, girls, is a percussive movement."

CROSS COUNTRY TEAM: Bob Pearsall, Jerry Carpenter, Ken Conforto, co-captain; Buddy Kelly, co-captain; Paul Sartini, Ken Gates. *Absent:* David Cashman.

CROSS COUNTRY TEAM

North Haven's Cross Country team coached by Mr. Meenaghan, didn't have much luck this year in winning any meets, but enjoyed the running anyway. Non-senior members are hopeful of a more successful season next year.

SWIMMING TEAM. *Kneeling:* B. Sinoway, P. Lendroth, R. Hatch, R. Muirhead, S. Muirhead. *On the board:* R. Stapleton, W. Fusco, T. Owens, D. Ginter, C. Meyers, J. Gordon, R. Macina, K. Mitchel. *Standing:* D. Cashman, B. Cashman, C. Liedke, J. Olson, Mr. Keough, coach; Mr. O'Hare, assistant coach.

GIRLS' COMPETITIVE SWIMMING. *Left to right:* A. Mitchel, S. Weber, S. Fowler, C. Endris, B. Roses, J. Platner. *On the board:* M. Pulleyn, E. Martino, C. Leonard.

GIRLS' WATER BALLET. *Seated:* E. Moore, B. Kennedy, D. Ham, J. Blomgren, C. Walters, B. Paulson. *Standing:* P. Setaro, C. Kopjanski, C. Withnell, D. Davidson, C. Long.

BOYS' SWIMMING

There is one group of boys at N.H.H.S. who don't mind being called "all wet". These are the boys of North Haven's Swimming Team who spent most of their time in the water. Although the team could not boast a victorious record, these Indians continued to improve their showings against such highly ranked teams as Hillhouse, Hamden, Naugatuck and Amity. Mr. Keough is in his second year as coach.

GIRLS' SWIMMING

The Girls' Swimming Team was under the direction of Miss Judy Bruce this year. The girls met after school and practiced at the Jewish Community Center. They received instruction in diving and competitive swimming. Although the team doesn't meet with other school teams they are planning a competitive match with N.H.H.S.'s boys' swimming team.

GIRLS' WATER BALLET

An interest among several members of the girls' swimming team prompted the organization of North Haven's first water ballet group. The present team, now about ten members, is instructed in precision ballet routines. These girls, coached by Miss Maddox, practice once a week at the YMCA in New Haven. The girls pay dues to the club and take part in various fund raising campaigns in order to finance the pool rental.

CHEERLEADERS: Sydell Marinoff, captain; Marsha Wiberg, Barbara Barske, Margie Ewer, JoAnne Spector, Jennifer Rackliff, Sharon Ostrander, Pat Matheson.

TWIRLERS: Karen Velusch; Betsy Morgan; Lynn Prisco; Lynn Manley, captain; Judy Bachinski; Margie Hexter, Barb Paulson.

TWIRLERS

On hand to make N.H.H.S.'s home football games more colorful and exciting were the twirlers. These girls chosen for proficiency with a baton and ability to march could be seen high-stepping across the field to the music of the marching band.

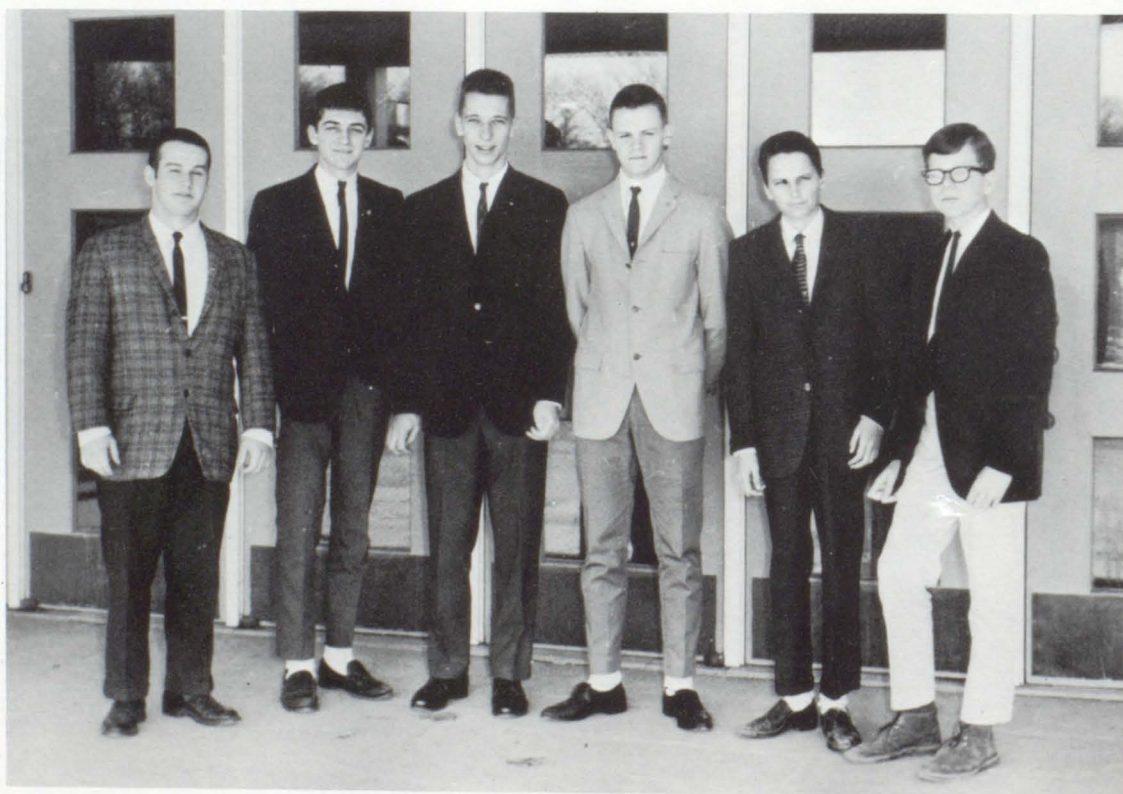

CHEERLEADERS

Much of the enthusiasm and excitement at all of the games this year seemed to center around the cheerleaders as well as the players themselves. At times when hope seemed low, these girls tried to back up the team with loud cries of support and did so successfully with the help of the vivacious crowd.

A capable captain, Sydell Marinoff led the cheerleaders through sock hops, our bonfire, games and pep rallies, for fun and enjoyment for all. We give these girls credit for their part in creating school interest and spirit without which the school and the players would surely suffer.

RIFLE TEAM. *Row 1:* V. Pallatto, S. Coulon, B. Heinig. *Row 2:* G. Lewis, J. Pelliccio, R. Zahornacky, B. Liptak, R. Throckmorton.

BOWLING TEAM: Steven Engstrum, John Cappetta, George Breuler, William Dobbins, David Glenn, Ronald Goulett. *Absent:* Phil Kossack.

BOWLING TEAM

At the present time, this year's bowling team, coached by Mr. Cannavaciolo is about even with a ten win eleven loss record. The team is now in sixth position in league standings.

RIFLE TEAM

One of the least known athletic teams in the school is the rifle team. This year's team, under the direction of Mr. Polanski, practices down in the basement of the school, in their specially designed rifle range. This year's team is expectant of a successful season.

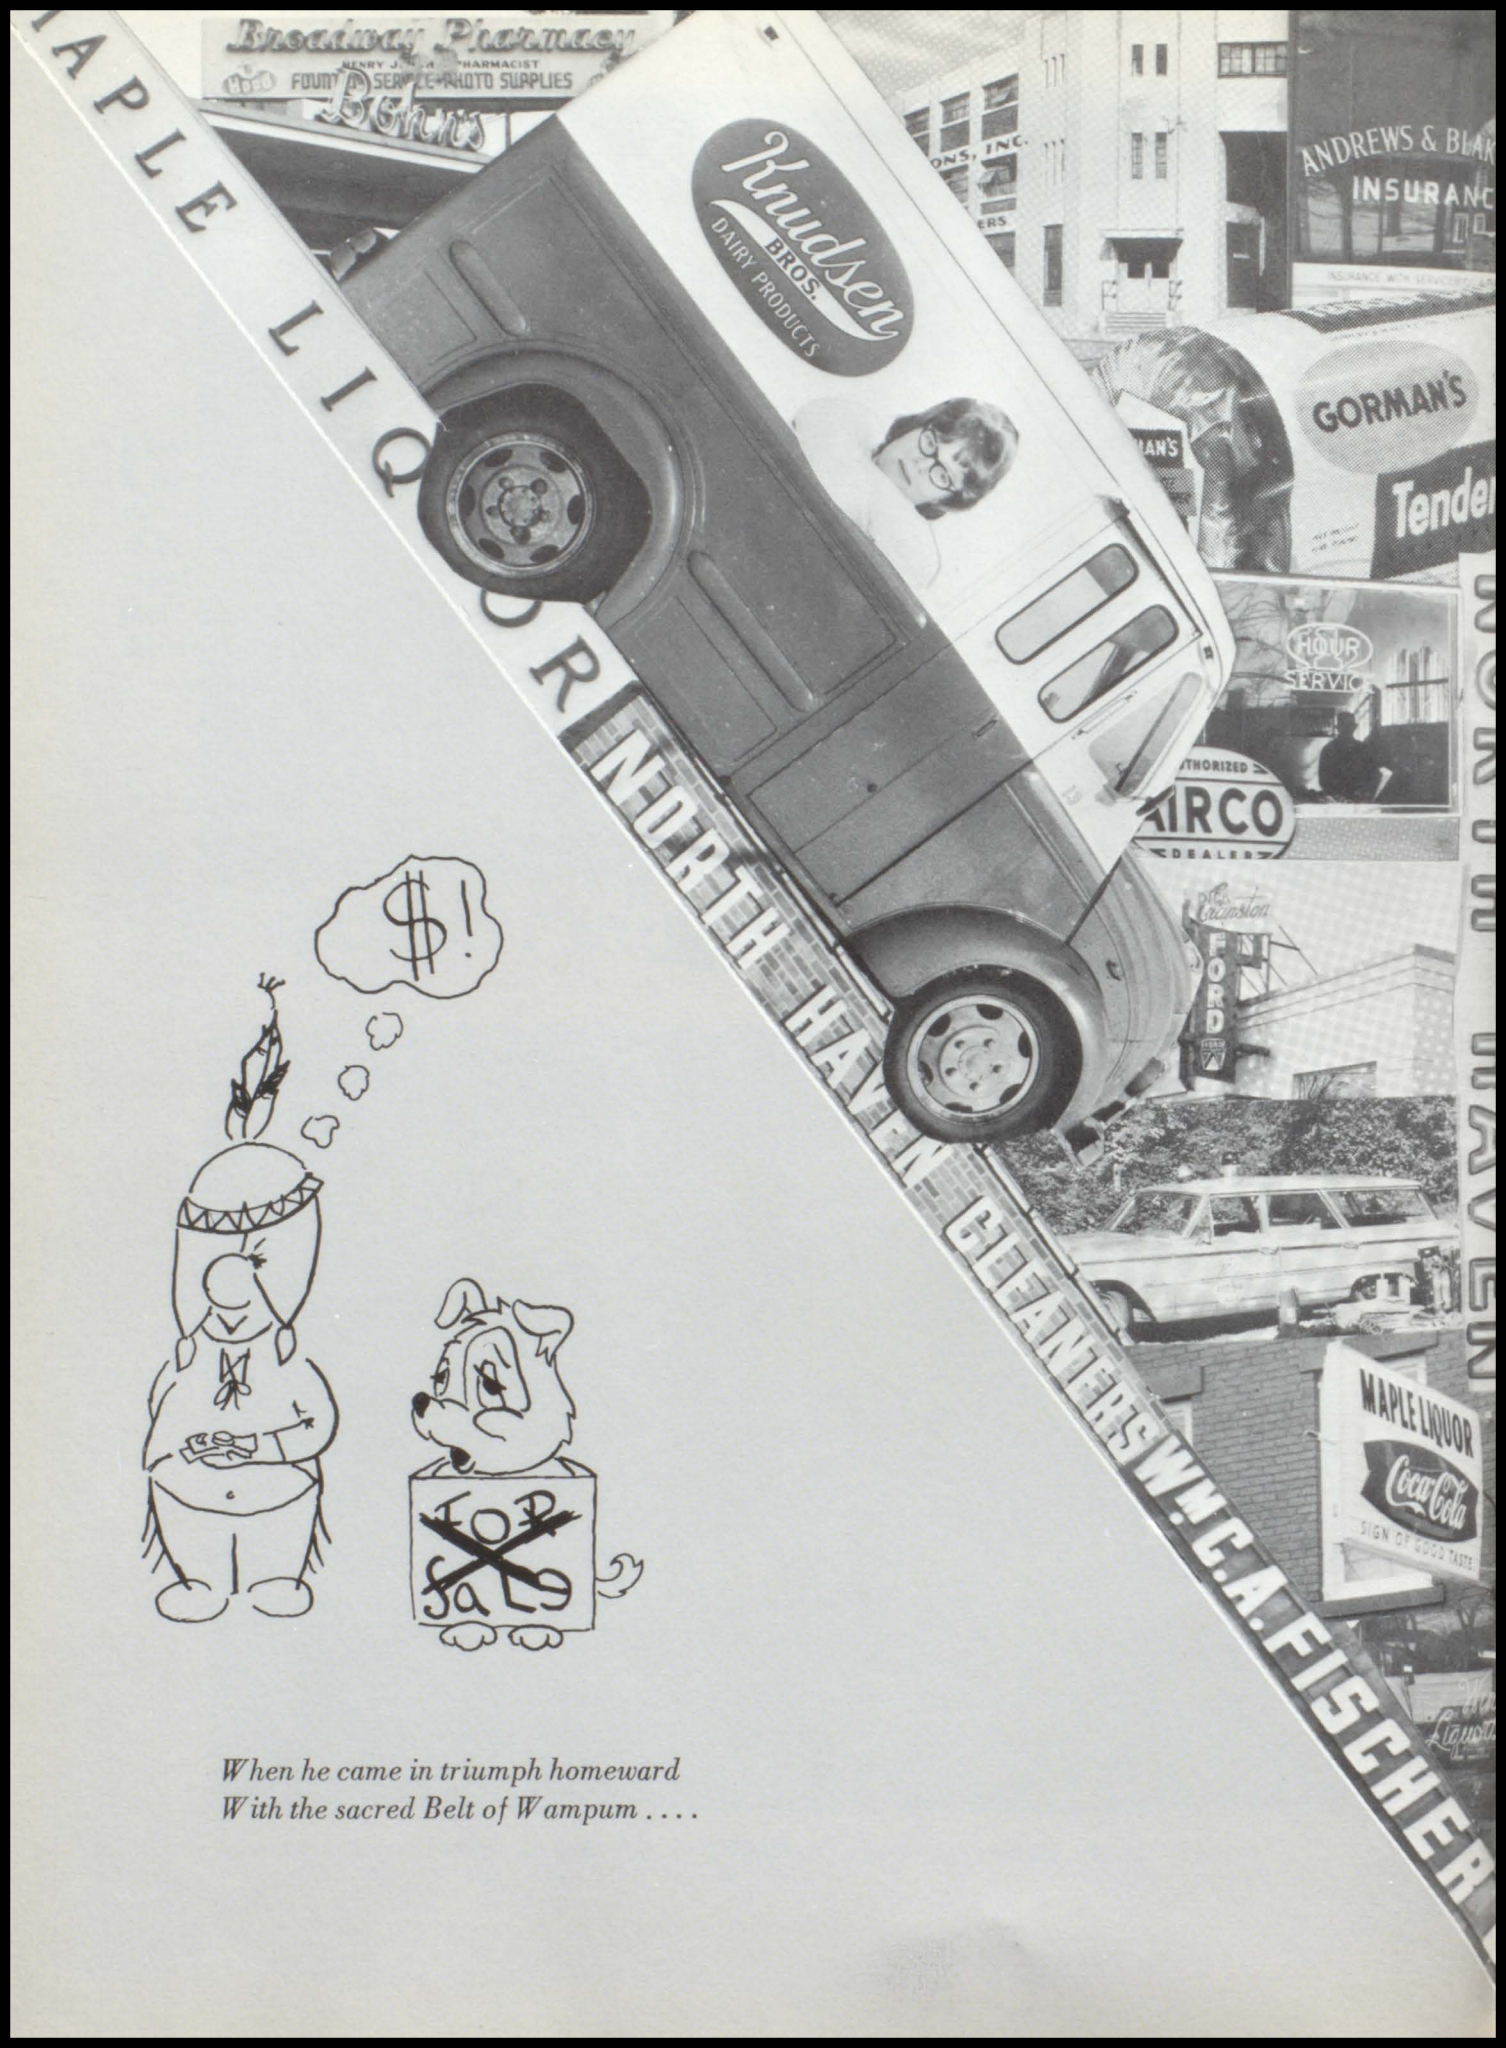

GOLF

Having completed a successful '63 season under the guidance of their coach, Mr. Perrone, this year's team is looking forward to an even more successful season. The team practiced and held matches at the Meadowbrook Country Club.

GOLF TEAM: P. Chapman, P. Jeddry, E. Nelbach, L. O'Connor, K. Fellows, captain; B. Sinoway, J. Gordon.

Ze end!

*Westward, westward Hiawatha
Sailed into the fiery sunset,
Sailed into the purple vapors,
Sailed into the dusk of evening.
. . . . And they said, "Farewell forever!"
Said, "Farewell, O Hiawatha!"*
