CAPTURING THE MOMENT

THE CLASS

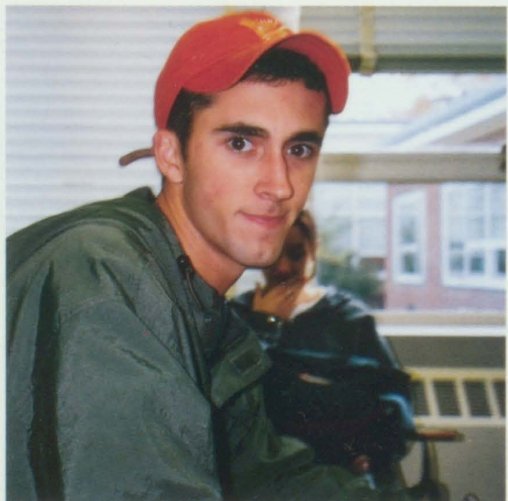

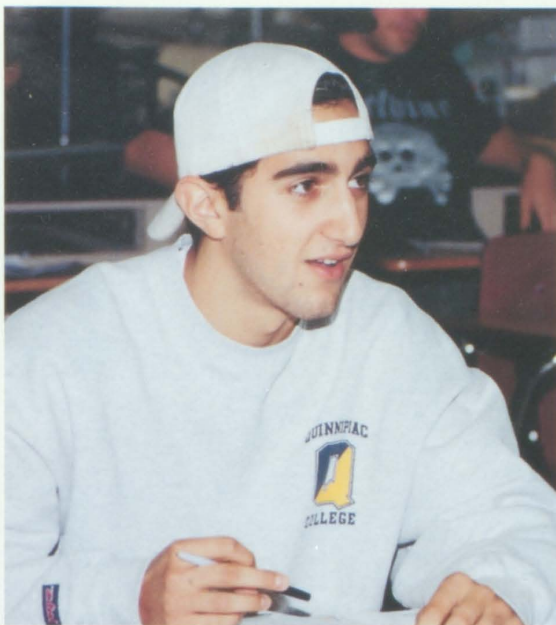

OF 1999

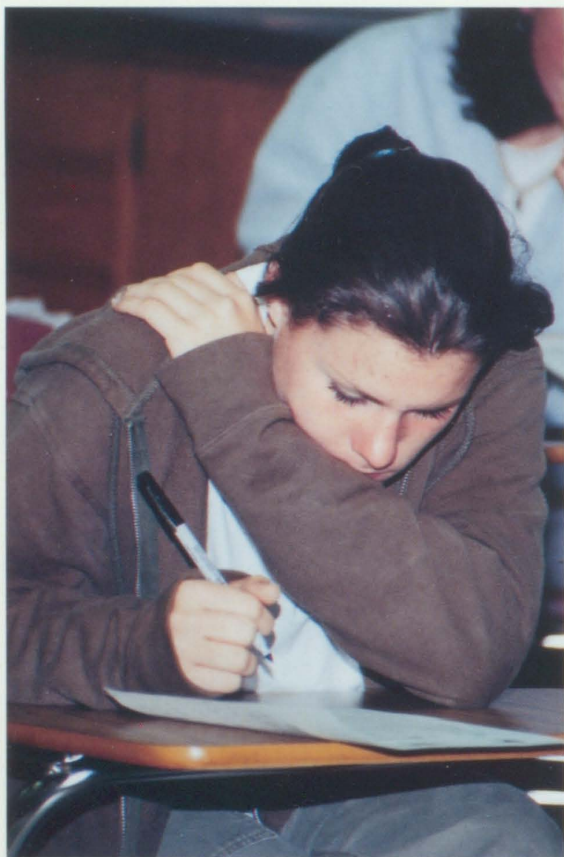

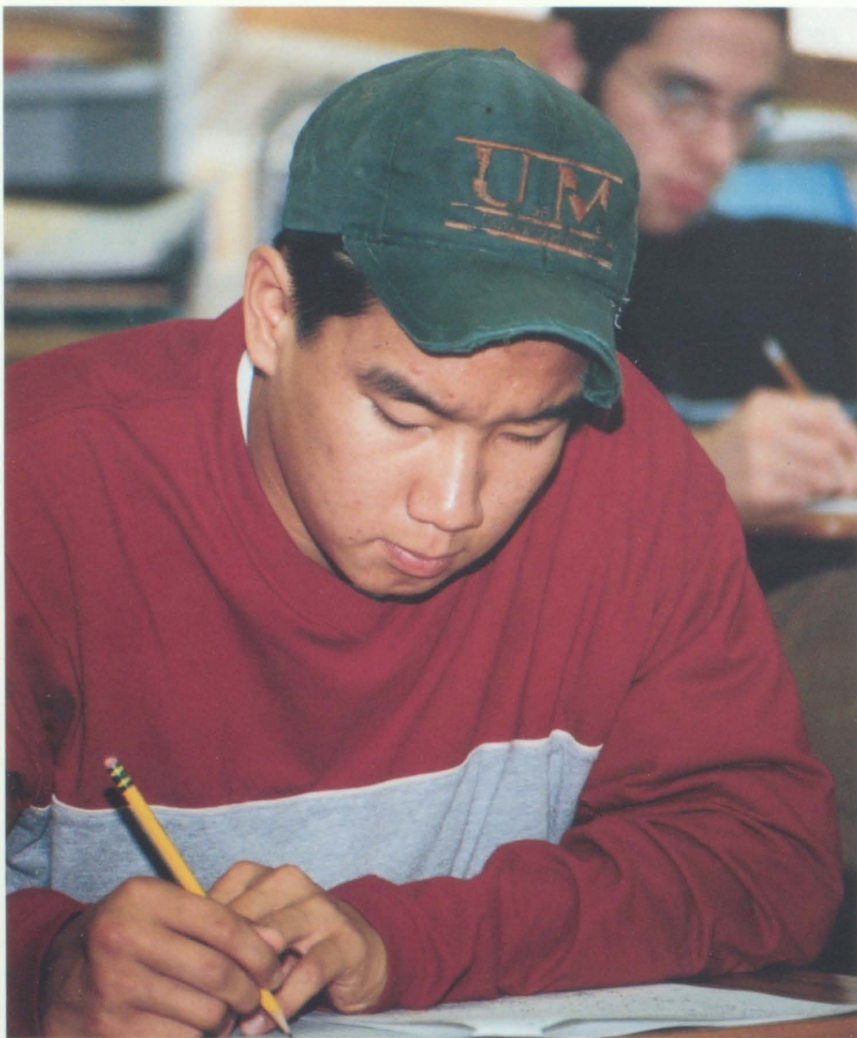

CAPTURING...

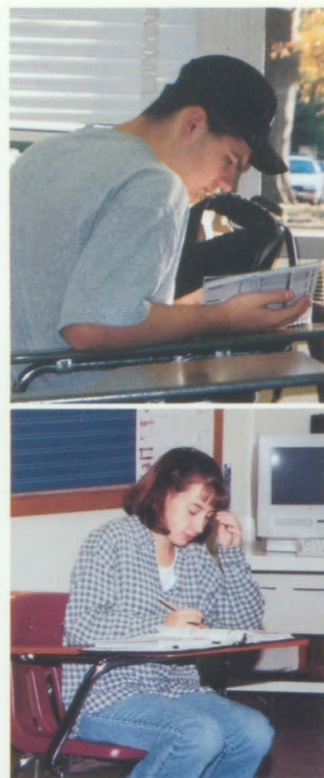

*Find your seat,
take out your book.
Give your homework
a second look.
In the classroom,
pay attention.
Or you'll end up
in Saturday detention.
Study your notes
and try your best.
You want to do well
on your next test!*

... *KNOWLEDGE*

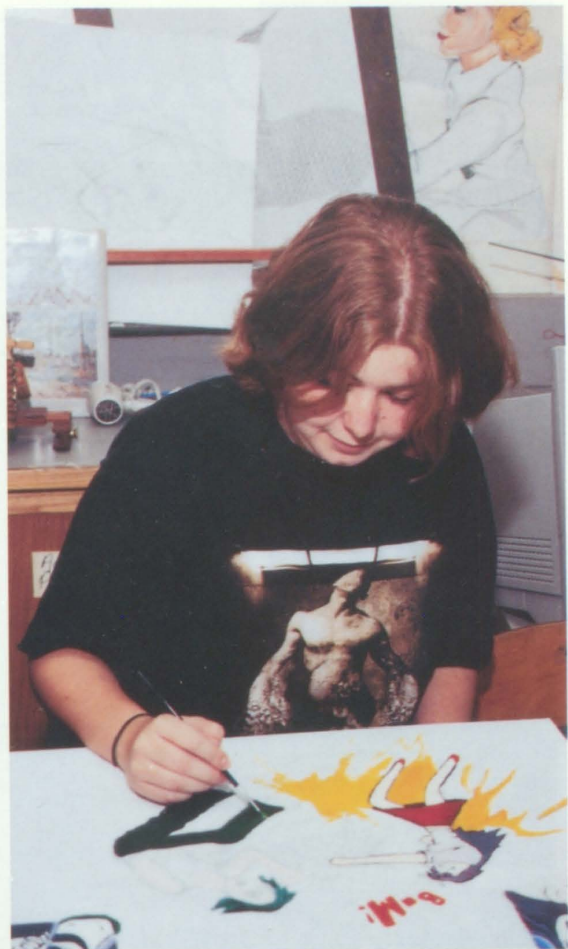

CAPTURING...

*Free your mind
as you walk in.
The creativity is
about to begin.
Get your pencils,
get your brush.
Work efficiently,
but do not rush.
Creating a masterpiece
takes some time.
Relax and let your
imagination shine.*

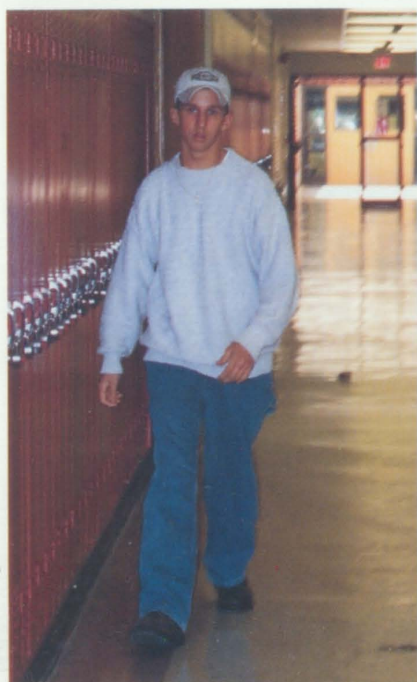

...CREATIVITY

CAPTURING...

*At the "tone"
race out of class.
But don't get
caught without a pass.
In the hall,
there's no time to spare.
You're always running
from here to there.
Go to your locker,
have a quick chat.
And race back to class
in five minutes flat.*

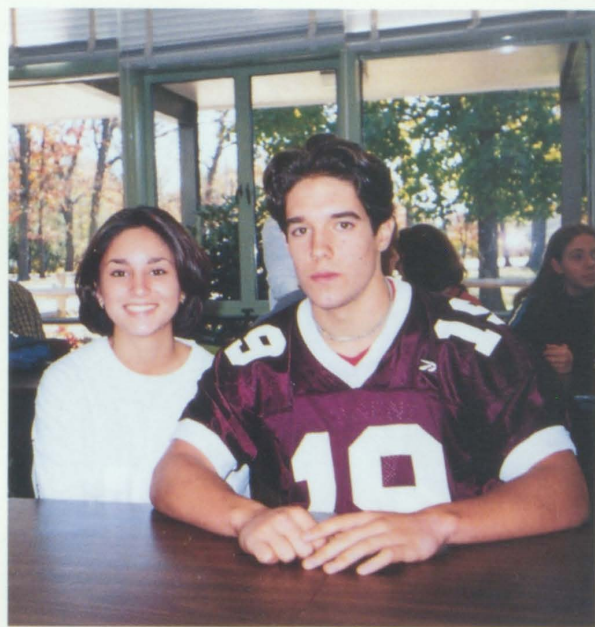

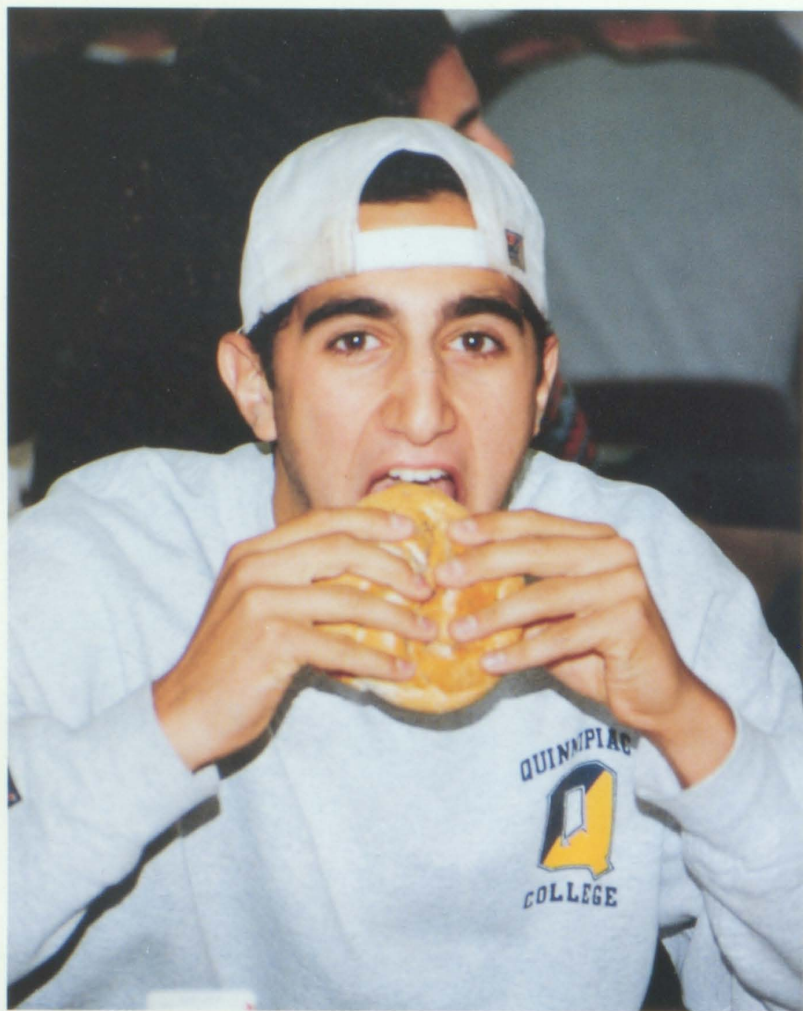

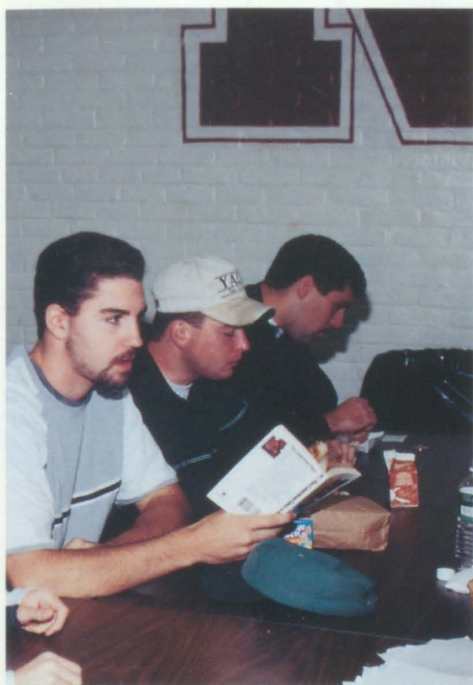

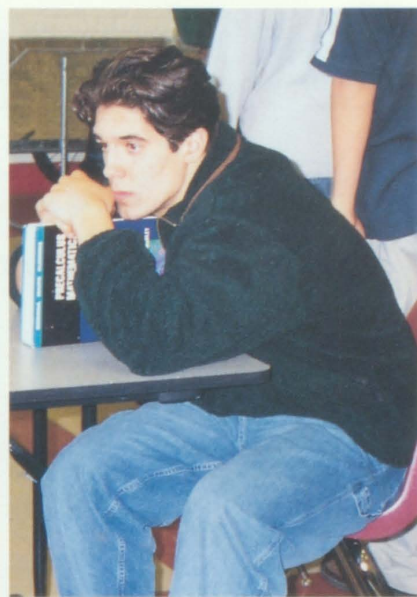

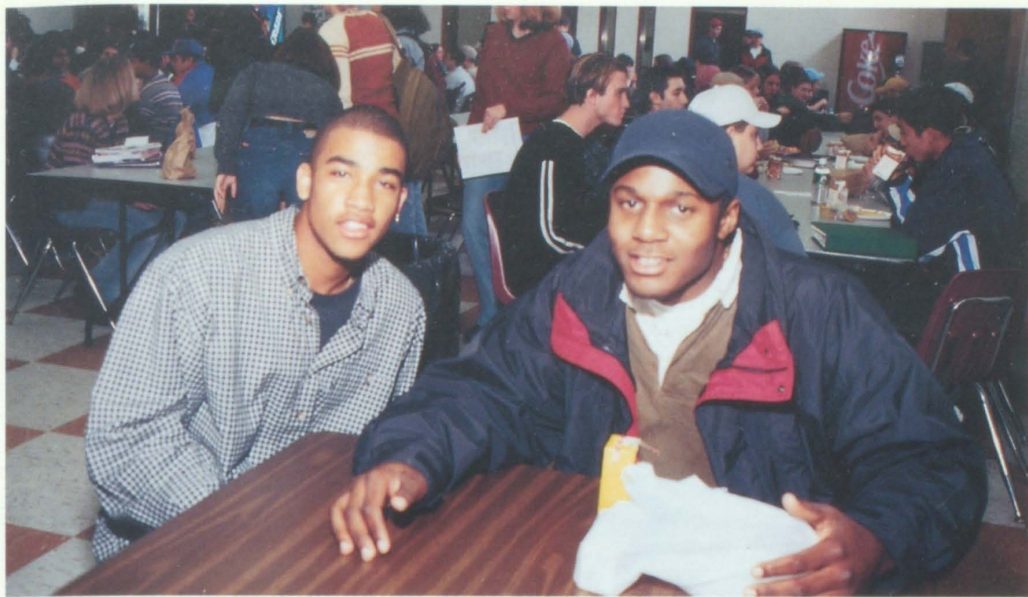

... FOOTSTEPS

CAPTURING...

Welcome to the "food zone"! In here you'll never eat alone. When you enter don't despair- eventually you'll find a chair. So have a seat, take a rest 'cause time in the cafe is always the best!

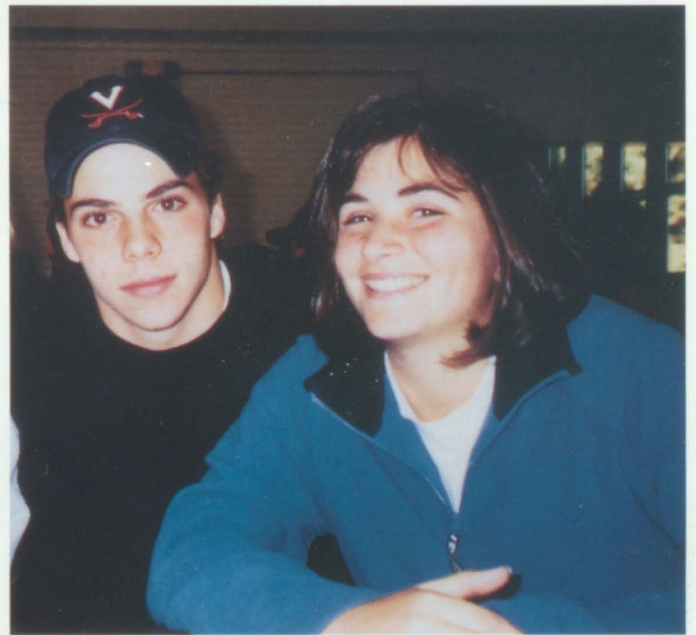

...CUISINE

CAPTURING...

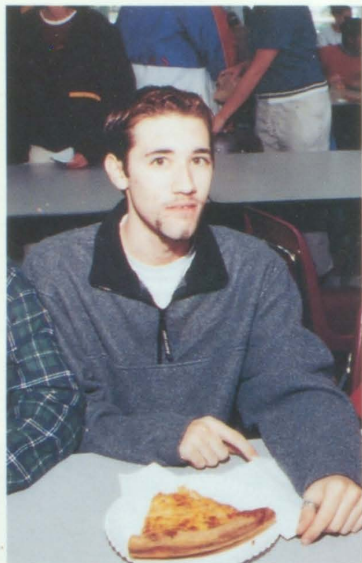

*In these four years,
our bonds have
grown strong.
Friendship is something
that never goes wrong.
We've seen the bad,
we've seen the good
and through it all
together we've stood.
The close ties you make
should never be severed
and friendships you gain
will last you forever.*

...FRIENDSHIPS

CAPTURING...

*These four years have gone by fast,
With laughs, smiles, frowns and tears.
Our memories will be sure to last,
And thought of fondly through the years.
And all these moments that never fade,
Are the ties that together bind.
So even as we drift away,
We are forever intertwined.*

A Best Friend:
Someone who you can talk to for hours on end and never get bored with.
A Best Friend:
Someone who always has words of encouragement for you.
A Best Friend:
Someone who is there for you even if they're not here in body.
A Best Friend:
Someone whose family is as close as your own.
A Best Friend:
Someone who lets you win sometimes.
A Best Friend:
Someone who always lets you go over their house instead of going to yours because they know you think it's nice.
A Best Friend:
Someone who sends you postcards from their vacation.
A Best Friend:
Giancarlo.

Greg Judd

A True Friend
Although your time on earth was brief,
the impact you have left on us all will last a lifetime.
You were a friend, a brother and a son,
And you will never be forgotten.
You taught those around you how to love,
have compassion and always keep hope for the future.
You are our star in the night,
burning brightly for all to see.
Our guardian angel, watching
from above, to ensure our safety.

"And I know you're shining down on
me from heaven. Like some friends we've lost
along the way. And I know eventually we'll be
together, one sweet day. - M. Carey

Jaime Buley

As we walk down the path of our senior year, we will
never forget the friend that never had the chance
to share with us here.

A friend like Giancarlo could never again be,
there could never be anyone that was as special as he.
He was there to laugh, there to cry, but on the day
he was called to die, it made us heartbroken inside.
As we graduate in '99, we will never forget the
friend that he was and the friend that he will
always be to you and to me.

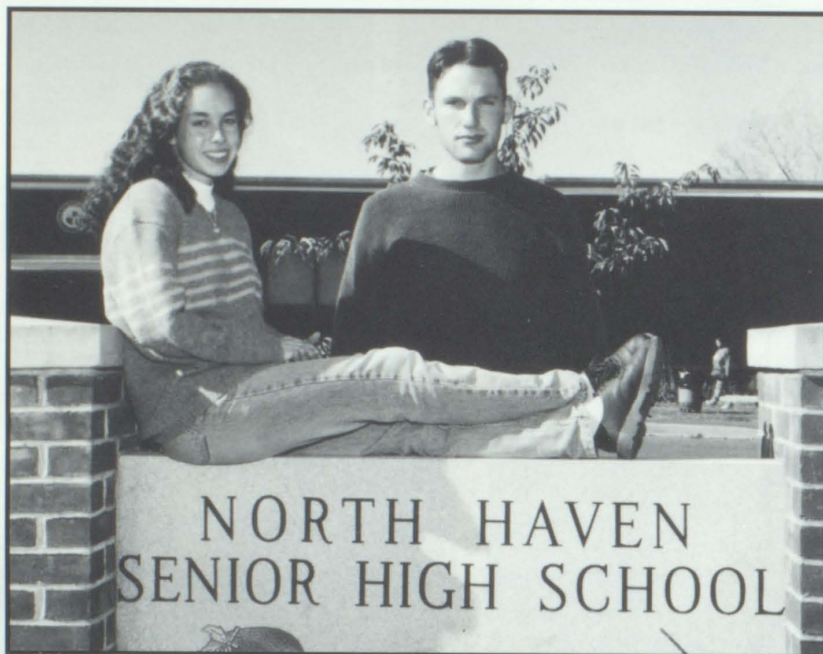

You will be forever in our hearts.

OUR HISTORY

WOW, we're seniors already! It seems like just yesterday that we were freshmen. We stumbled through the halls as fast as we could, so we wouldn't be late to class. And, just like all freshmen we were not amused when upperclassmen gave us the wrong directions. We fell prey to jokes that we ourselves now play on freshmen. All of us believed that there really was a bowling alley under the school and that 600 hall existed. But even then, when we were inexperienced and awkward, there was something about us that made us stand out - that distinguished us as the class of 1999.

Before we knew it, we were sophomores. A little wiser, but still foolish, we no longer rushed to class at the sound of the 7:28 warning bell. Although we couldn't meander as nonchalantly as the upperclassmen, we had a better idea of how long five minutes really was. We took our first lab science course and most of us learned the joys of the Bunsen burner that they didn't teach us in middle school. Buying class rings and fundraisers really started to unite us as a class. Many of us got our first taste of varsity sports and we began to take a more prominent role in clubs and activities. We were finally an integral part of the high school.

Just as we were getting used to being sophomores, we became juniors. Block scheduling exploded onto the scene and threw some of us for a loop. At first, we had no trouble getting from class to class for we finally knew exactly how long five minutes was. Then it all changed and we were given more passing time. Slightly confused but quick to pick up the slack, we soon learned how slowly we could meander from 100 to 700 hall in eight minutes. We really became a force to be reckoned with as many of us began taking on leadership positions in sports and activities. Soon we realized that those who were only a year older than us were seniors. We watched them go through college applications and the stress of the beginning of senior year thinking, "that'll never be us." As we watched our friends graduate and go off to college, it finally began to sink in, we were about to become seniors.

So, here we are in our last year at North Haven High School. There will never be another class quite like us. Ours is the last class to graduate with the number 19 at the beginning of our graduation year. Though we're not technically the end of the century or the millennium, we are certainly the end of an era. We brought a spirit to this school that will never be duplicated. Many of us applied to college and dealt with the stress as best we could, just as our friends did last year. The senior class play brought us together as friends on stage. Our senior prom was the most exciting ever, the best night of our lives. Memories of maroon and white will follow us through the rest of our days and, no matter where we go, we will all be back together at reunions to say hi and reminisce about all that we have shared.

A Message From the Principal...

To the class of 1999:

"Capturing the moment . . ."

A bump in the road is either an obstacle to be fought or an opportunity to be enjoyed . . . it is all up to you.

My hope is that you take from **NHHS** a sound education, the ability to work with people, and a respect for others.

Your contributions to North Haven High School will be remembered and our school will be a better place because of you. I know you will take the opportunity to *"capture the moment"* in all that you do.

I wish you good times, good health, and success in all you choose. Be happy in all you do.

A Letter from the Editor

First, I would like to extend my thanks to Marissa Adinolfi, Katie Gradoville, Kristin Kearns, Lauren Skinner, Nancy Wang, and Rachel Zavarella for always showing up at yearbook meetings. These people were always there when I needed them and I truly appreciate their efforts.

Furthermore, thank you to Winnie Cheung, Dave Hsu, Wendy Kaczmarczyk, Larry Kissel, Michele Mancini, Emily Melone and Kim Pielech for their help in typing.

I also appreciate the help of Jen Szynalski and Dan Campion for providing the sports write-ups and other information for the sports section.

Also, Marissa Adinolfi, Michele and Laura Mancini, and Liz Vestal deserve recognition for selling numerous ads.

Finally and most importantly, I would like to express my gratitude toward Mrs. Leach who spends a tremendous amount of time and effort to complete the yearbook. I could never have done it without her.

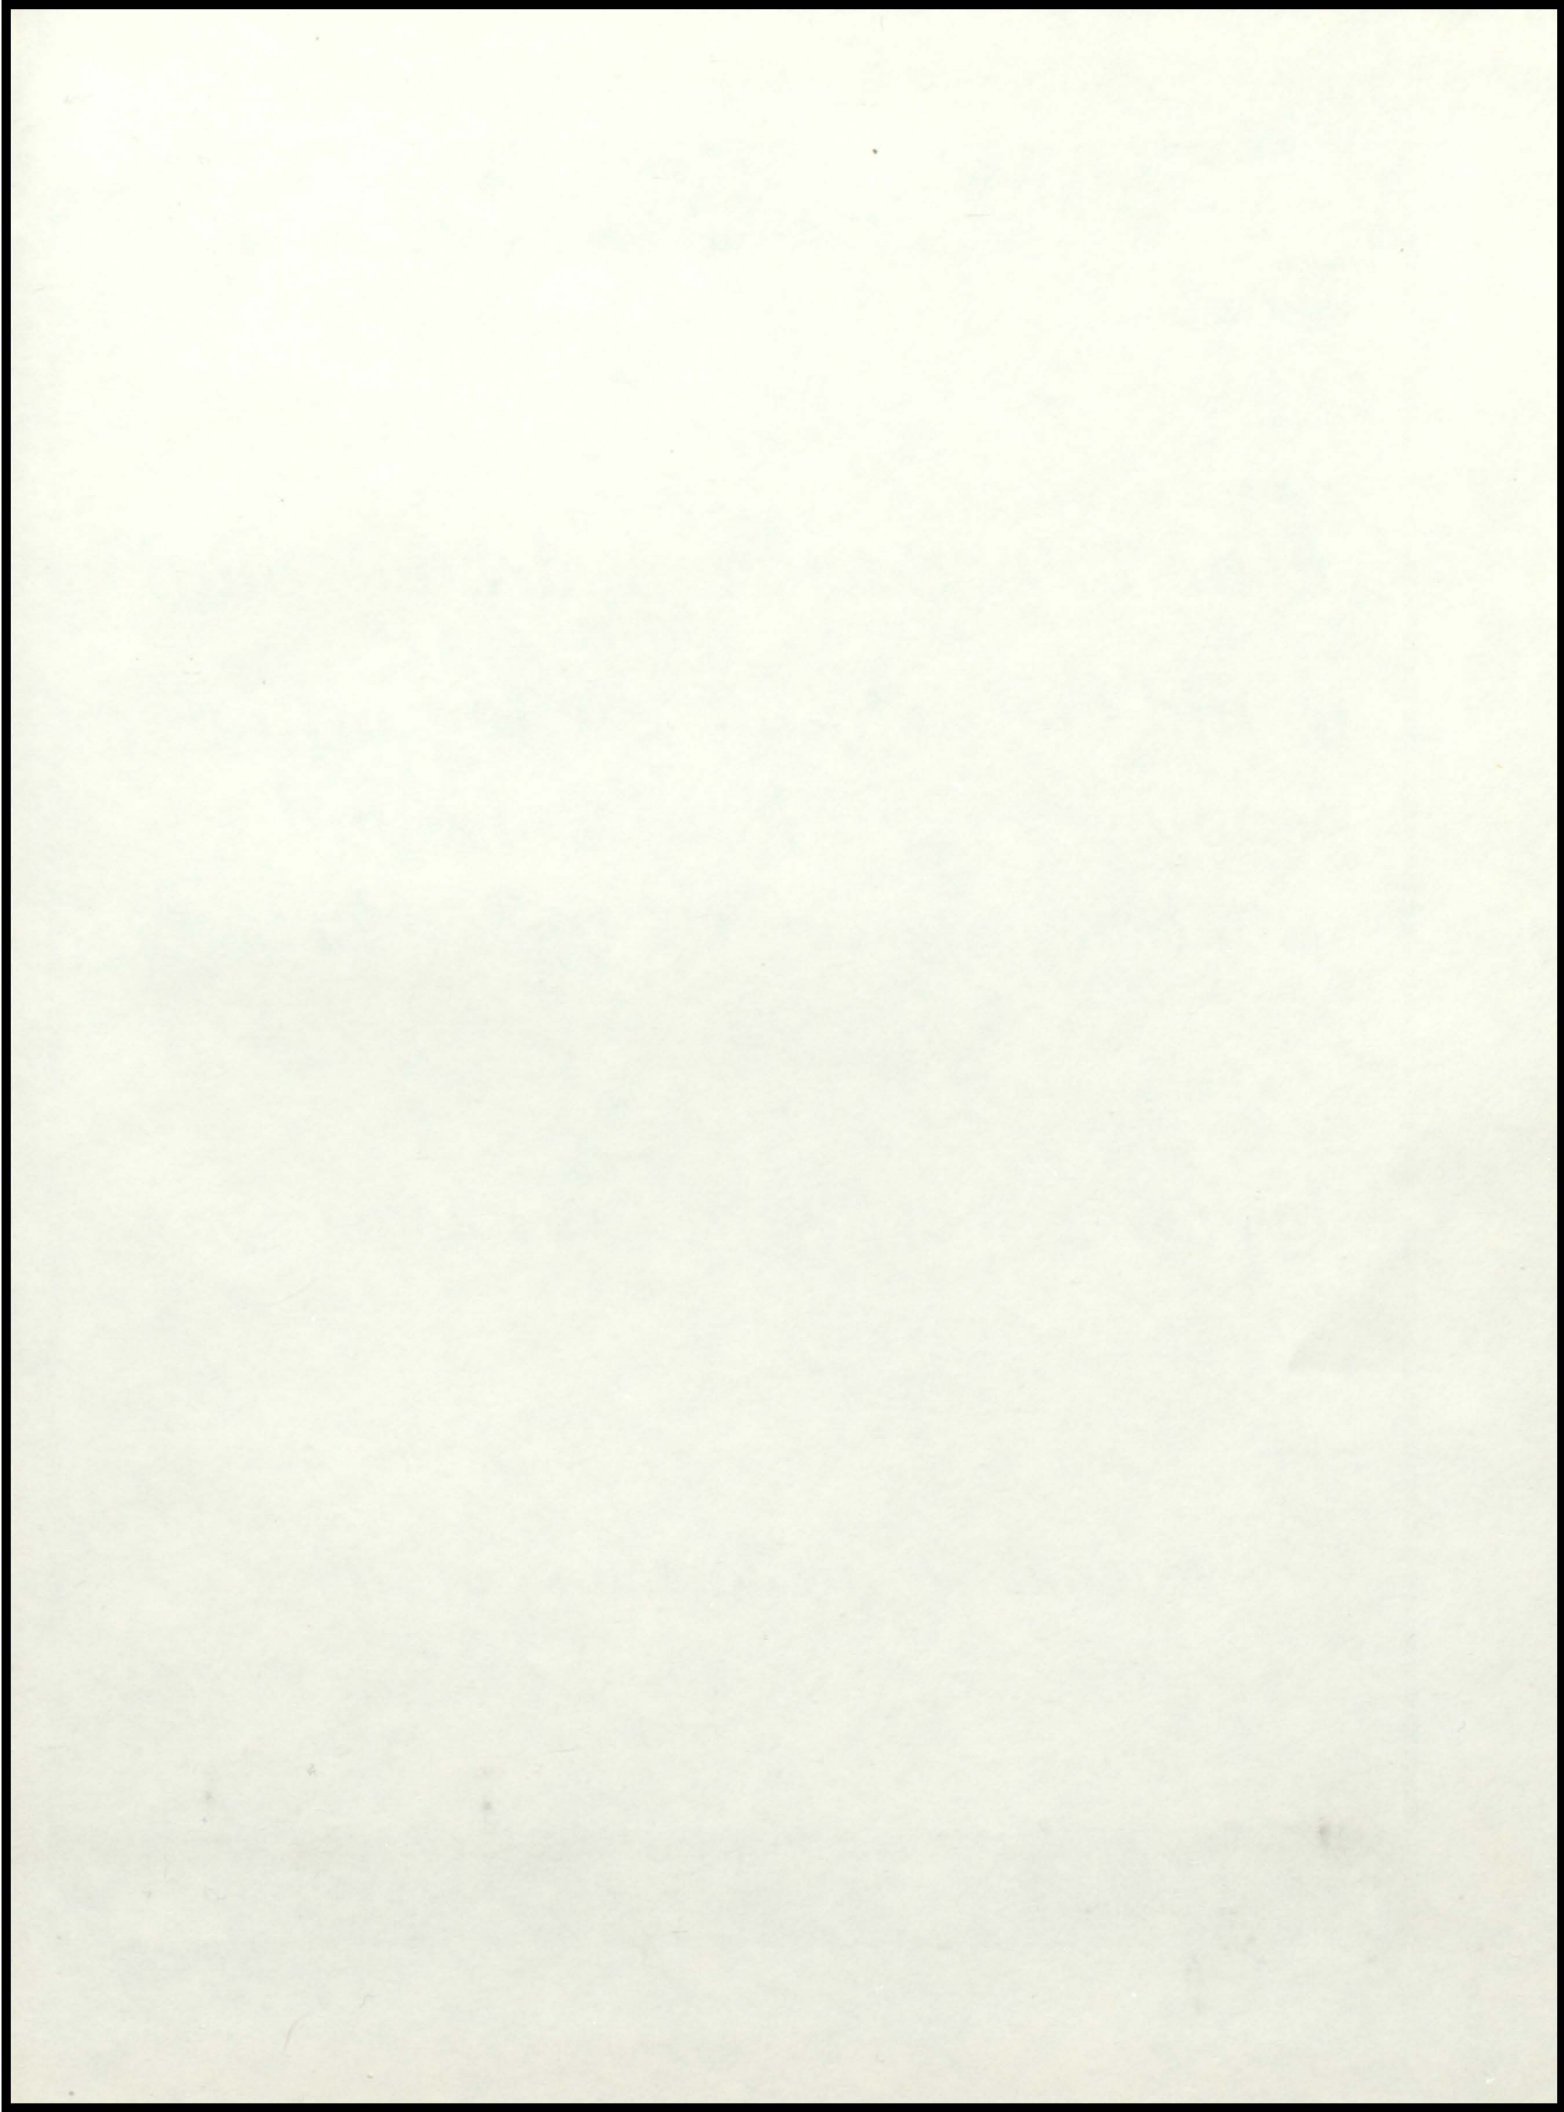

To the Class of 1999, I hope that you enjoy your yearbook and capture many more moments in the years to come.

Sincerely,

Pamela J. Cormier
