James Boster

In memory of Mr. Bill O'Brien, whose constant understanding, warm smile, and sound counsel supported so many of us at North Haven, we, the senior class of 1974 dedicate our yearbook.

Yesterday

a child came out
to wonder

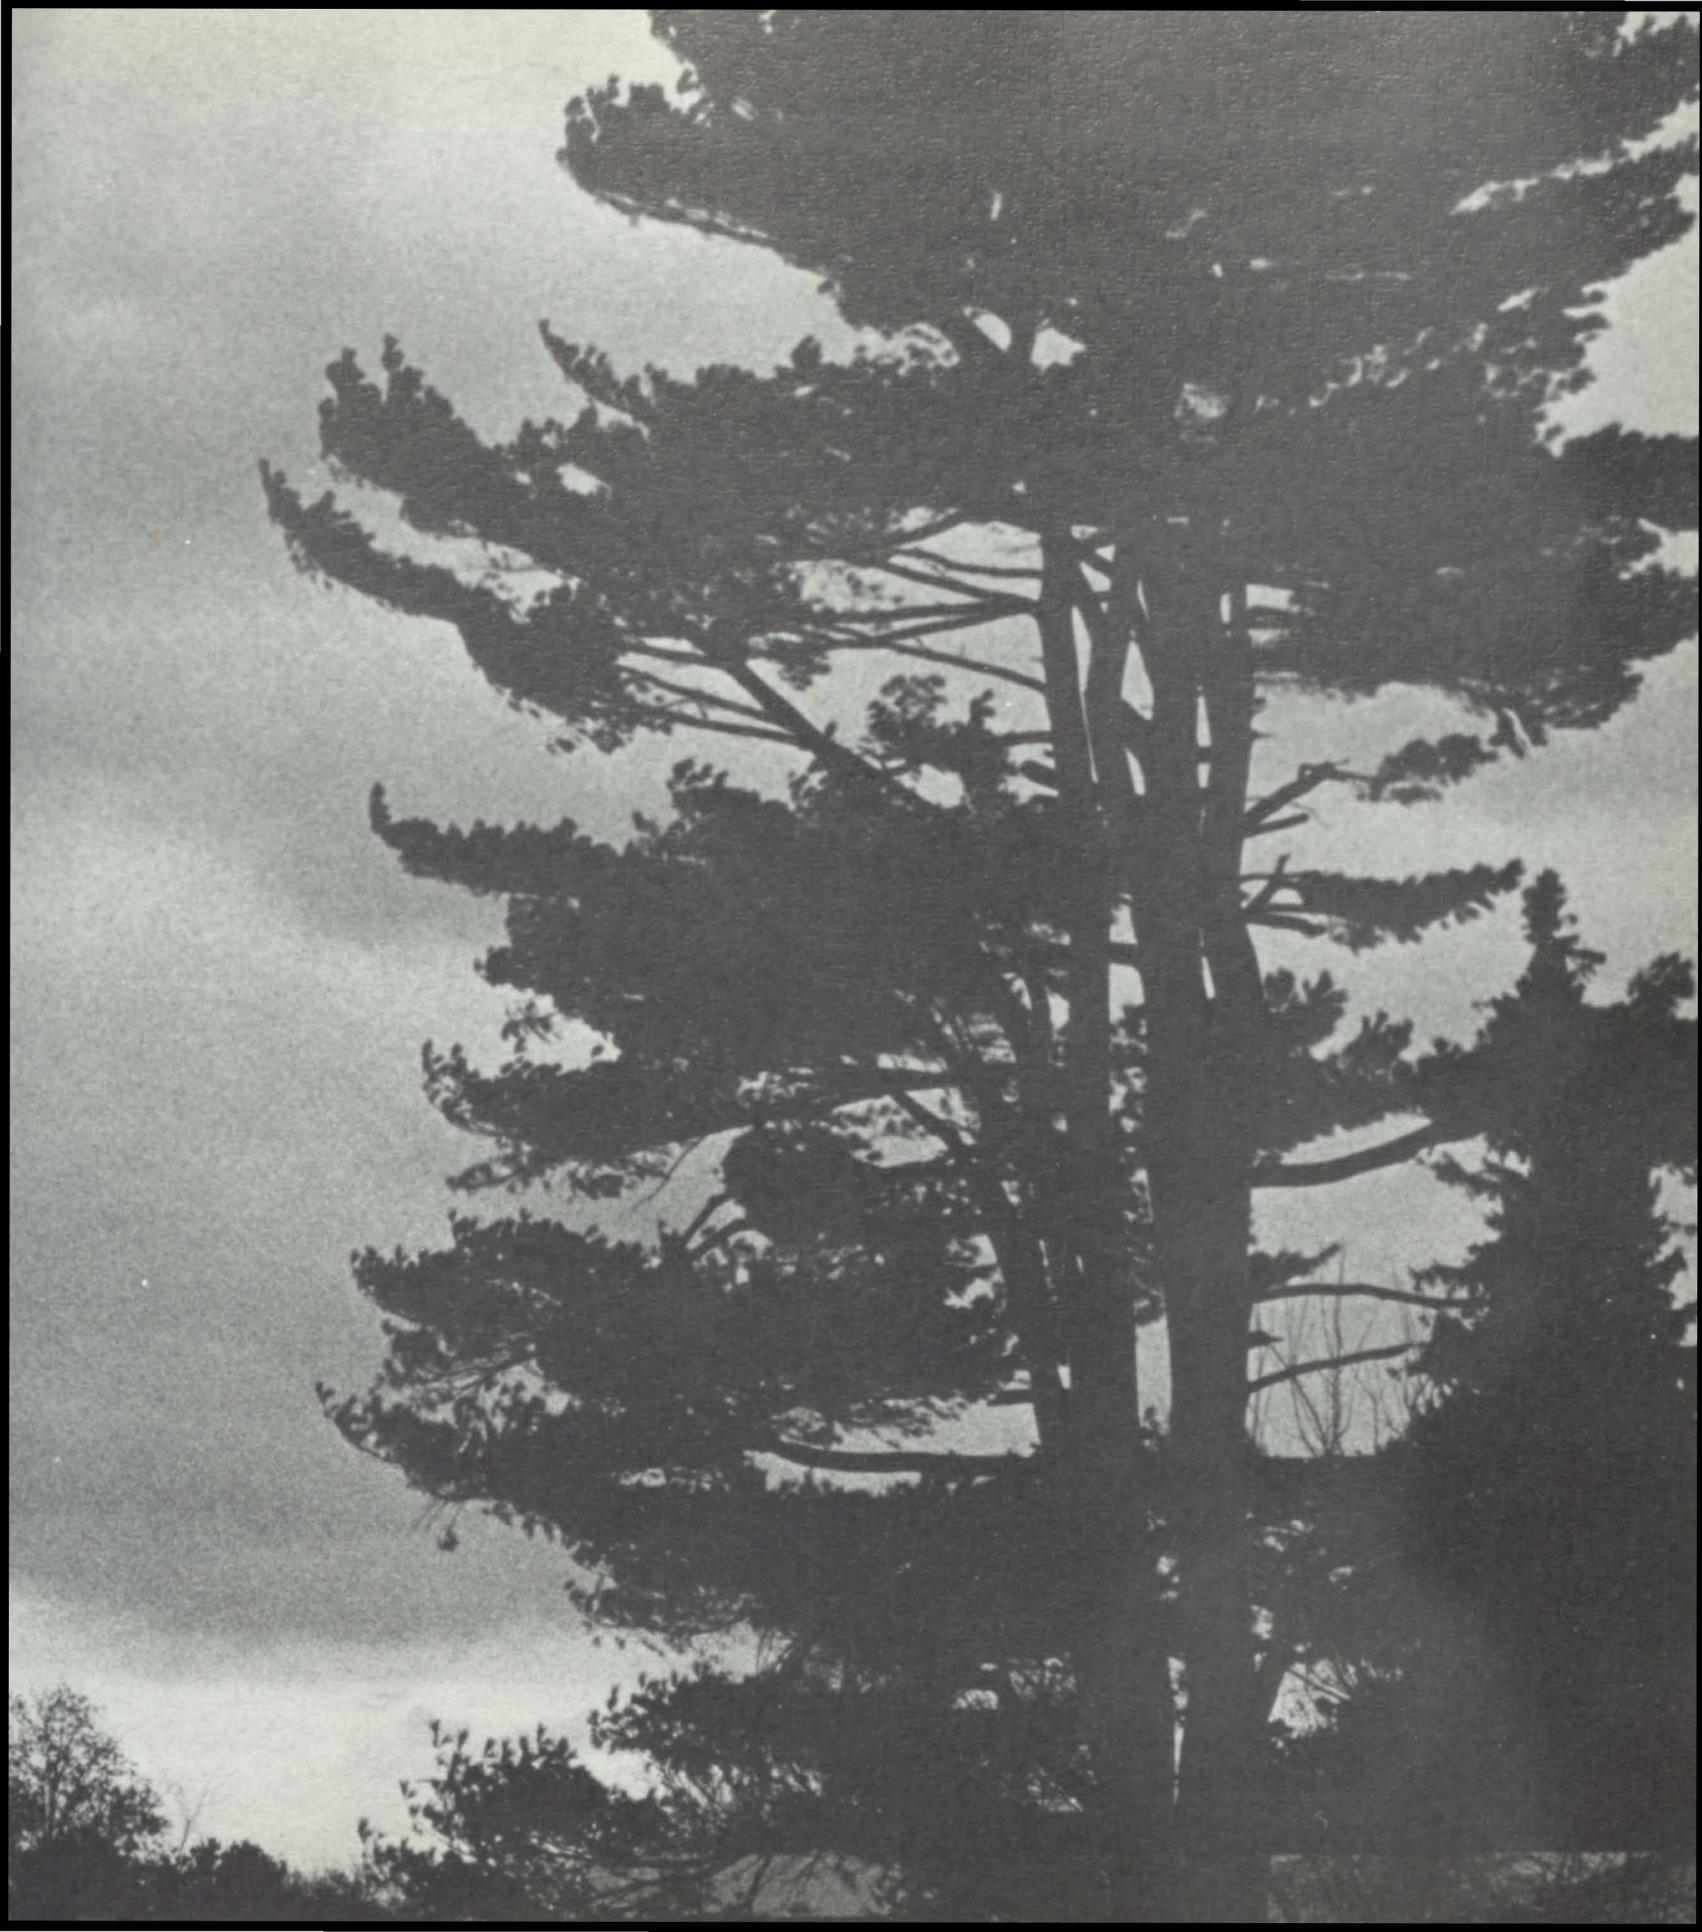

Thank you for
the hope to see
you at your next
see you probably
at the baseball game
the night of this summer
the look of his masterpiece
Have a nice summer. Good Luck
Love Always,
Kineil

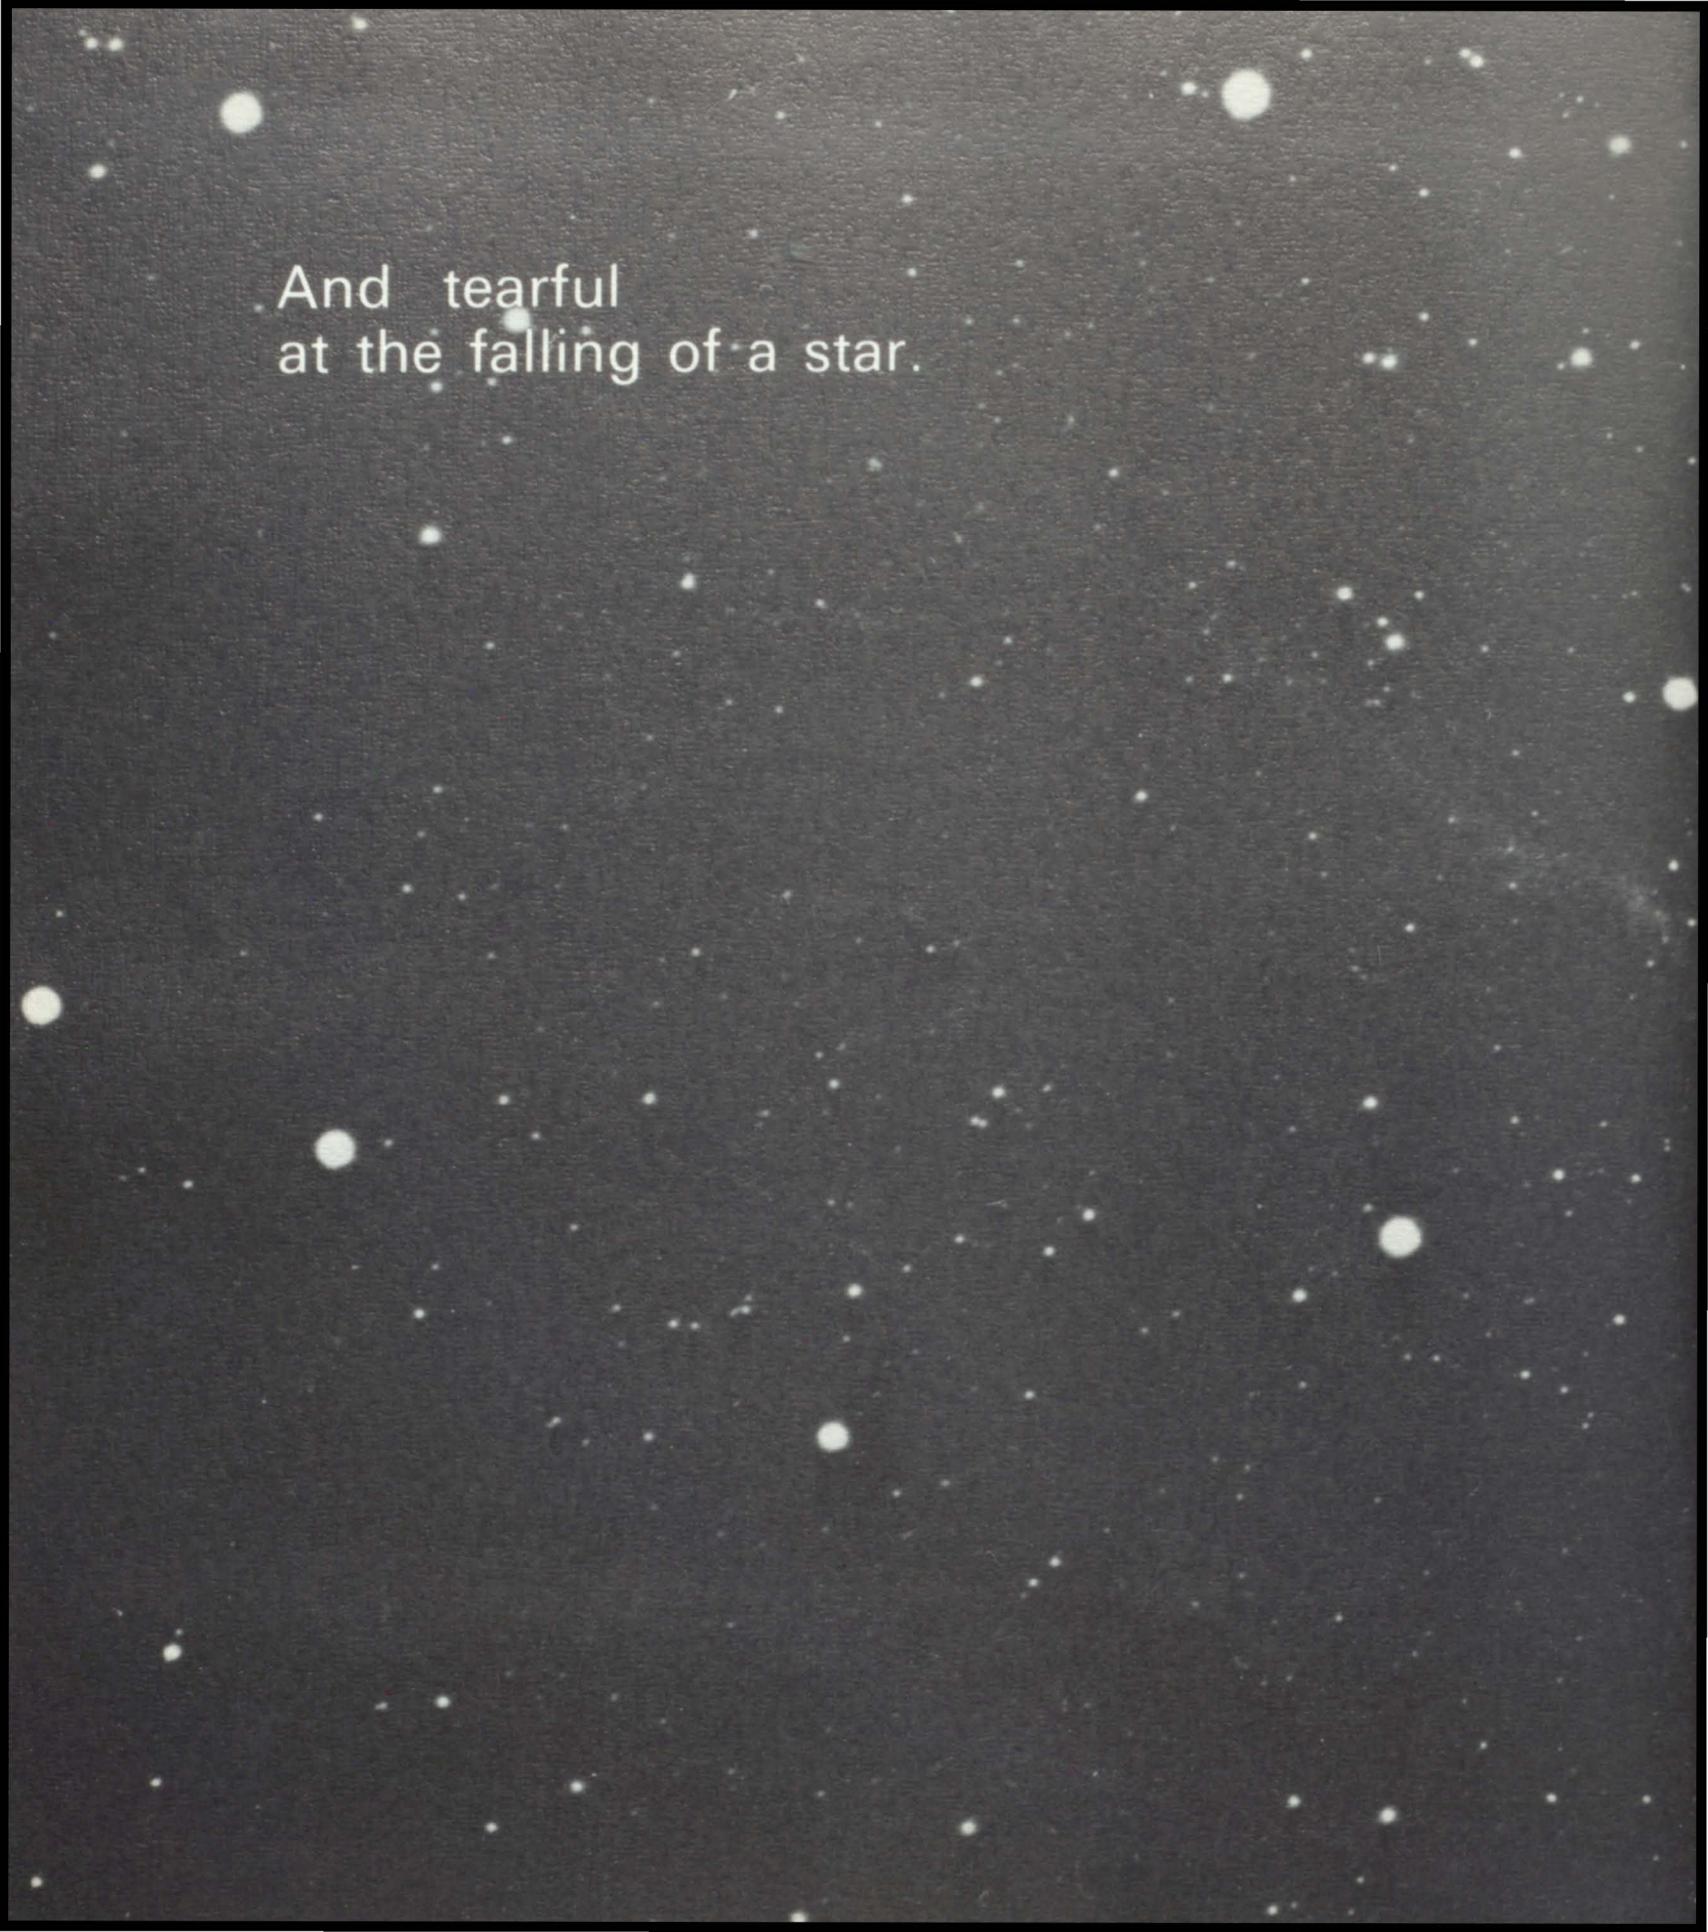

Caught a dragonfly
inside a jar

Emar
I'm only signing
this because your
as such a pain in the
to go and I have
you with another
you.
John Masella

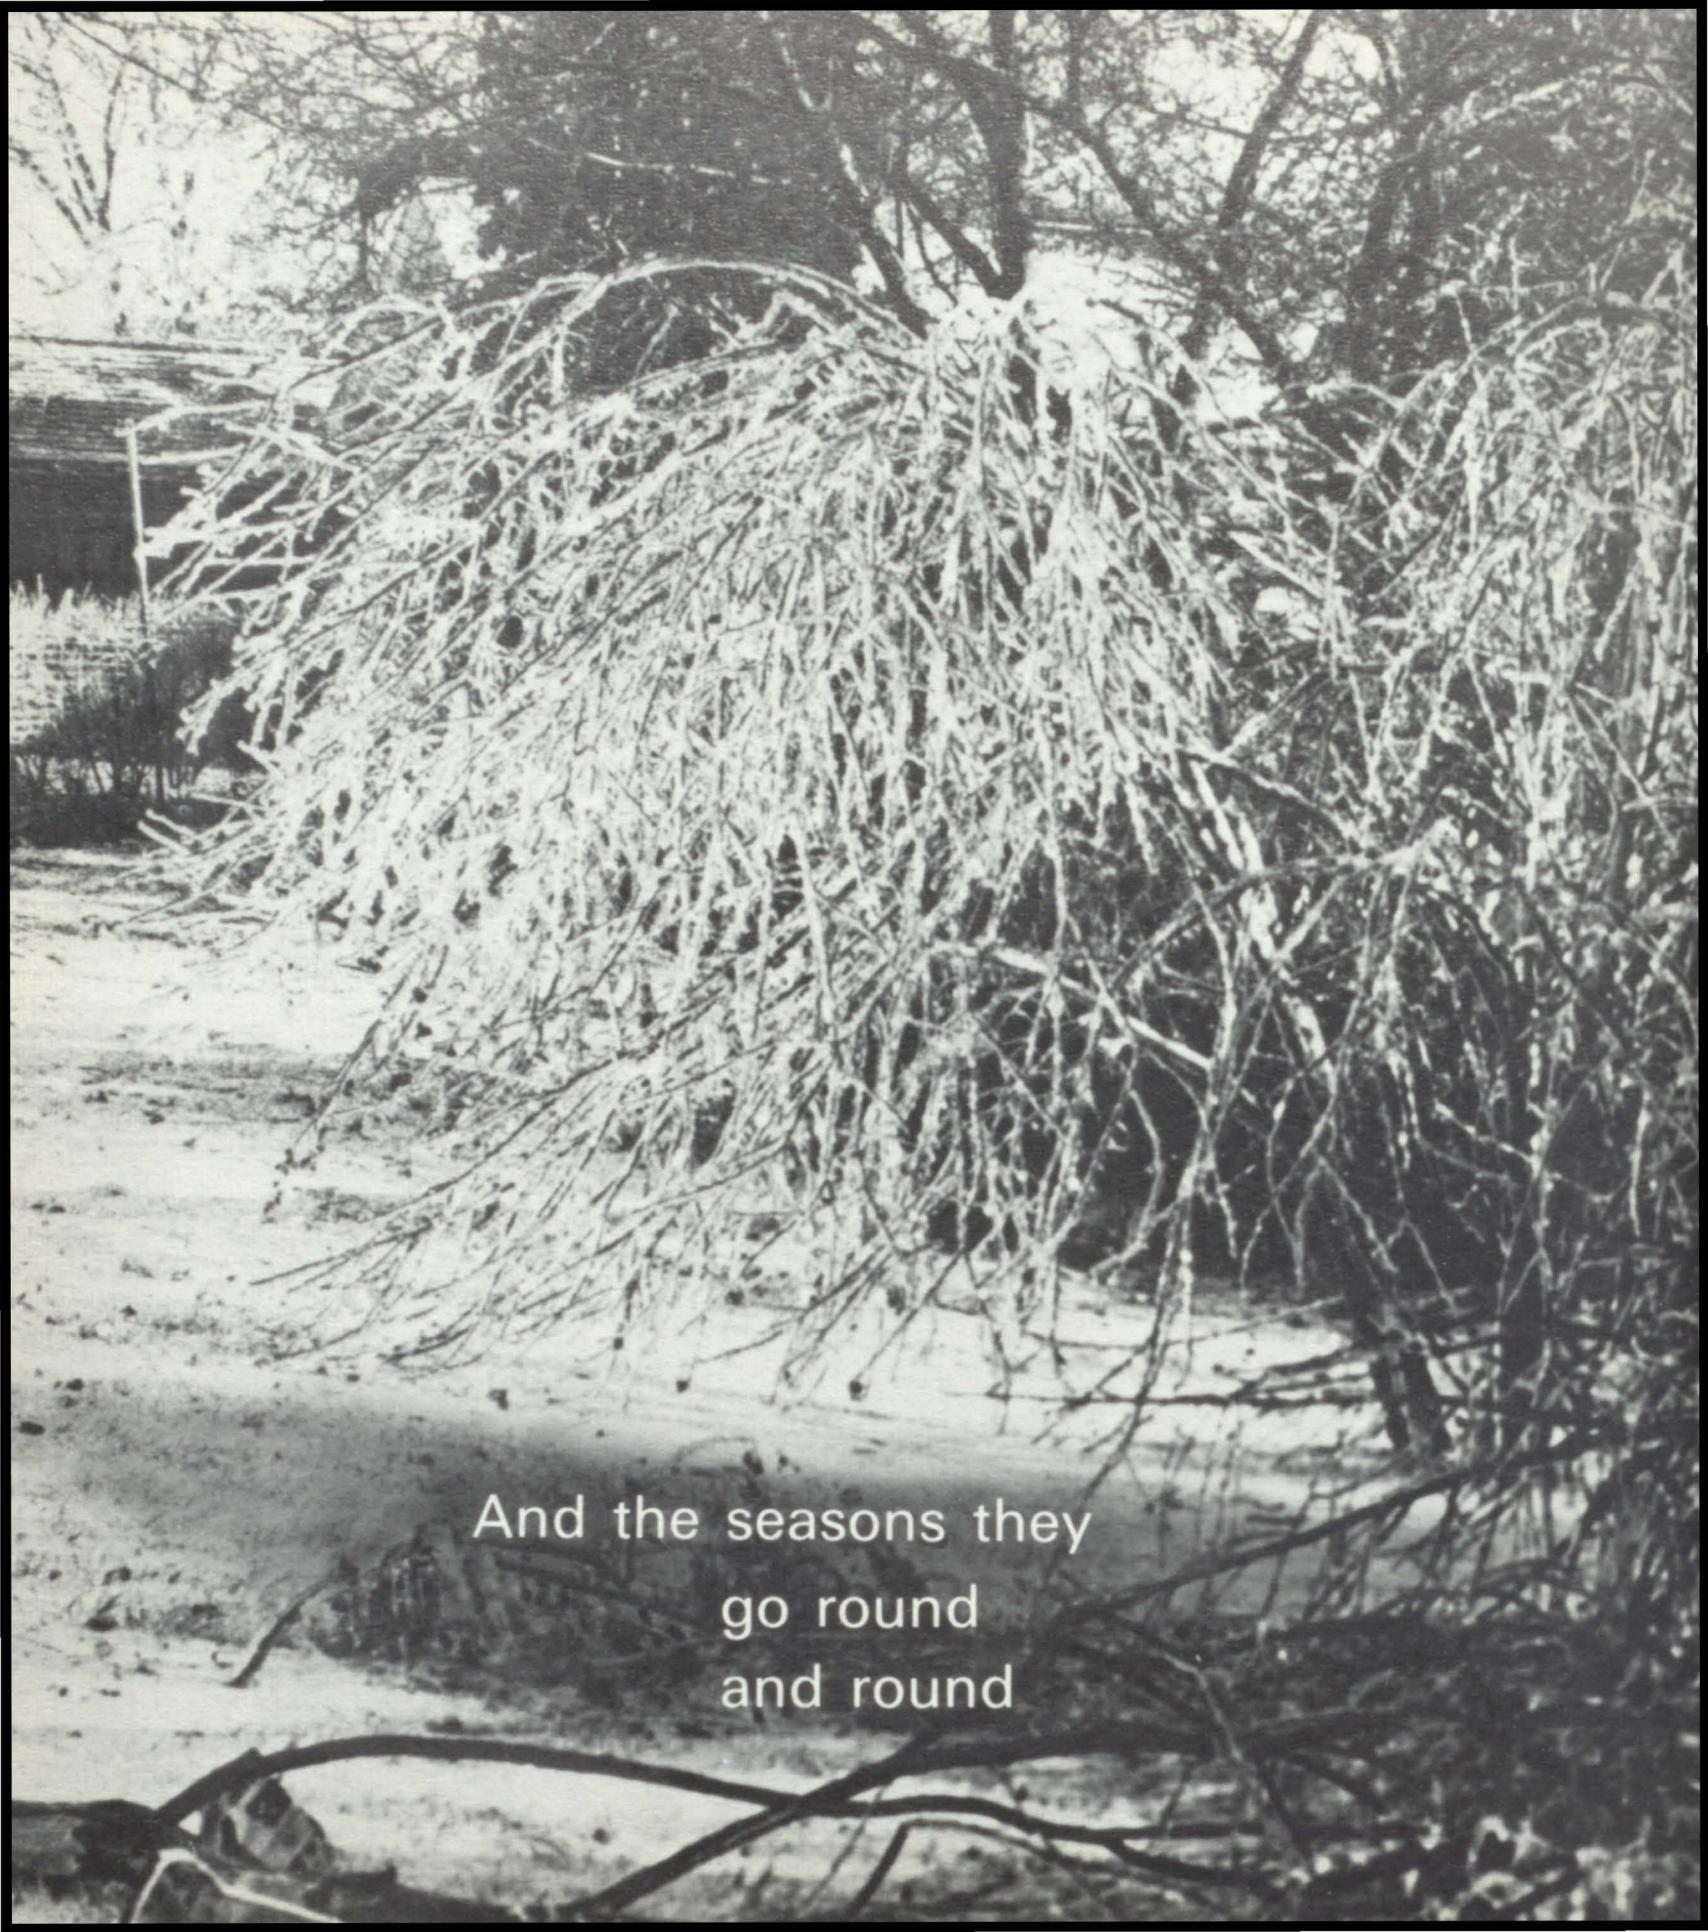

And tearful
at the falling of a star.

And the seasons they
go round
and round

And the painted ponies
go up
and down

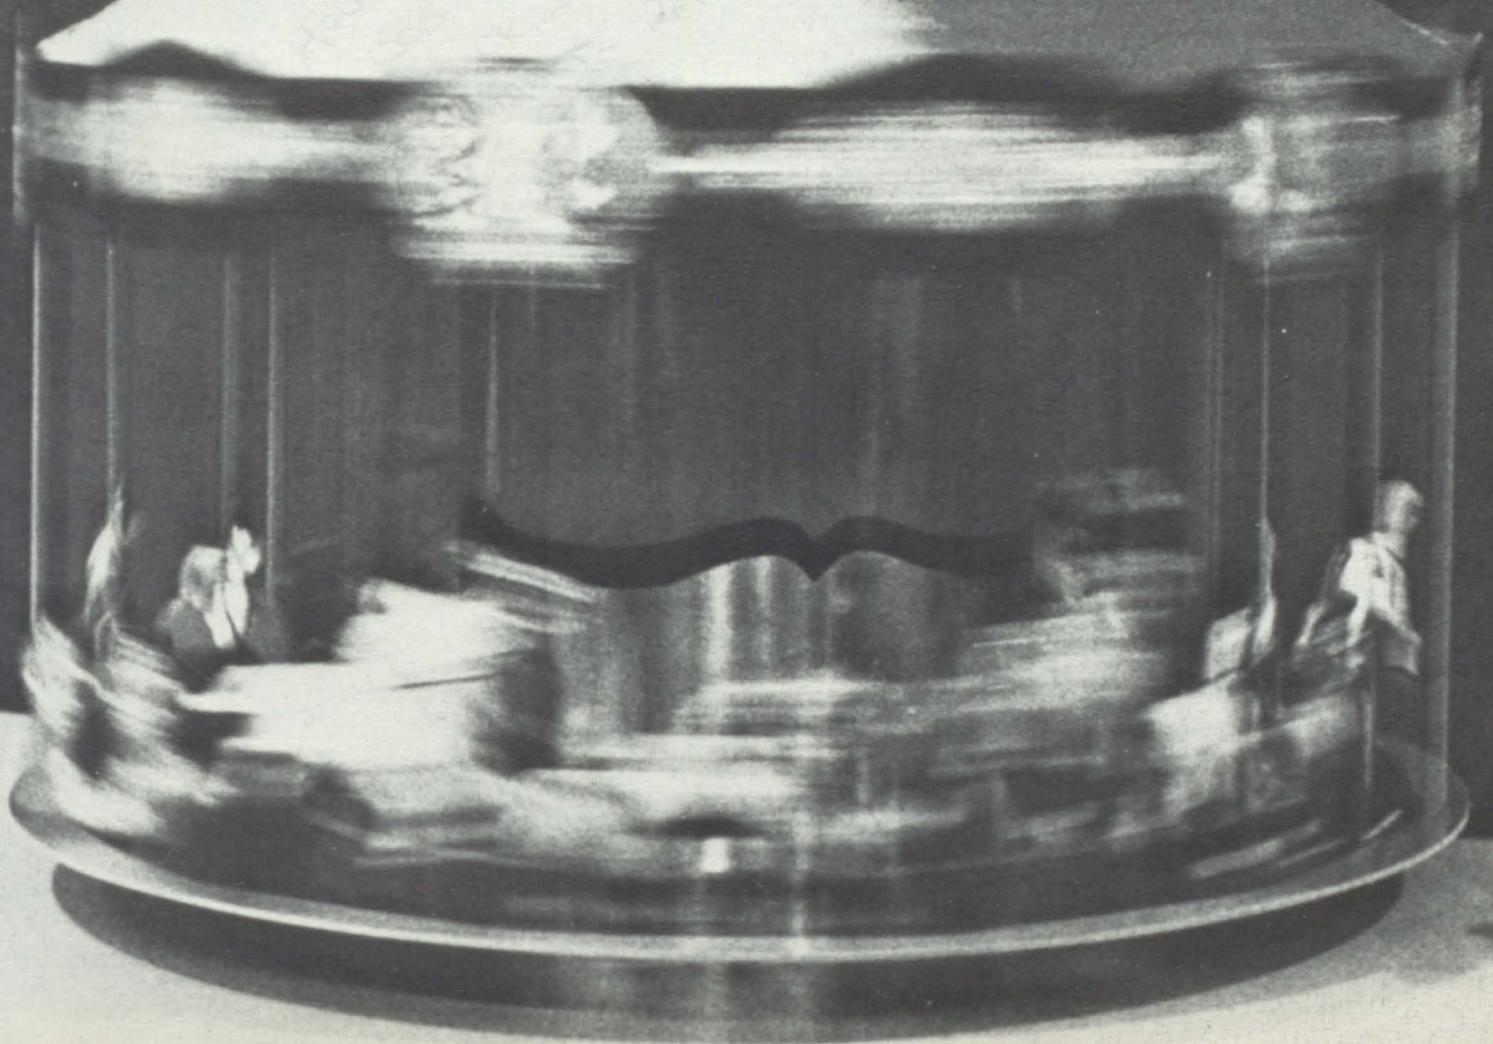

Your Eman, "74"
It was a really great
fun being in your
foods class. Love a fantastic
summer. Remember how to you?
Love,
Deb

We're captive
on the carousel of time

Eman,
what can
I say It
was great
being in the
same history
class. And remember
its your turn to bring
the cake. And remember
you're not yukey.

Betsy

We can't return
we can only look behind
From where we came
And go round and
round and
round
In the circle game.

"We've walked both sides of every street,
And through all kinds of windy weather.
But that was never our defeat,
As long as we could walk together.
So there's no need for turning back,
Because all roads lead to where we stand.
And I believe we'll walk them all,
No matter what we may have planned."

"There is a child to be born
He is an infinite sea that knows no bounds.
He is change renouncing falsehood and deception.
He is a warrior wrestling with our past.
He is a young man filled with peace and freedom and trust.
He is the bond linking the quiet of thought and its song.
He is hope stretching toward life.
He is pride from which knowledge and understanding will grow.
He is free man able to stand up without looking back.
There is a child to be born"

"A WORK OF ARTIFICE"

The Bonzai Tree
in the attractive pot
could have grown eighty feet tall
on the side of the mountain
till split by lightning.
But a gardener
carefully pruned it.
It is nine inches high.
Everyday as he whittles back the branches,
the gardener croons,
It is your nature
to be small and cozy,
domestic and weak,
how lucky, little tree,
to have a pot to grow in.
With living creatures
one must begin very early
to dwarf their growth:
the bound feet,
the crippled brain,
the hair in curlers,
the hands you
love to touch."

"My aunt Ino . . . once said to me, when I was
desperately lonely and blue, that our life is like a land
journey, too even and easy and dull over long distances
across the plains, too hard and painful up the steep grades;
but, on the summits of the mountain, you have a
magnificent view — and feel exalted — and your eyes are
full of happy tears — and you want to sing — and you wish
you had wings! And then — you can't stay there but must
continue your journey — you begin climbing down the
other side, so busy with your footholds that your summit
experience is forgotten."

FOOTBALL

Although Mr. Aceto's second season as head coach was a disappointing one after last year's 9-1 record, there were several stand-out individuals on the 1973 Football Team. Quarterback Bernie DePalma was voted "Most Valuable Player" and Mark Genovese was given the "Sportsmanship Award." Tony Volpe tied the school record for interceptions with 5 and Bill Avery caught 31 passes to break the record for pass receptions. John Maiocco will take over the leadership of the Football Team next year, the position John Artaiz, Bernie DePalma, and Pete Griffin shared this season.

SOCCKER

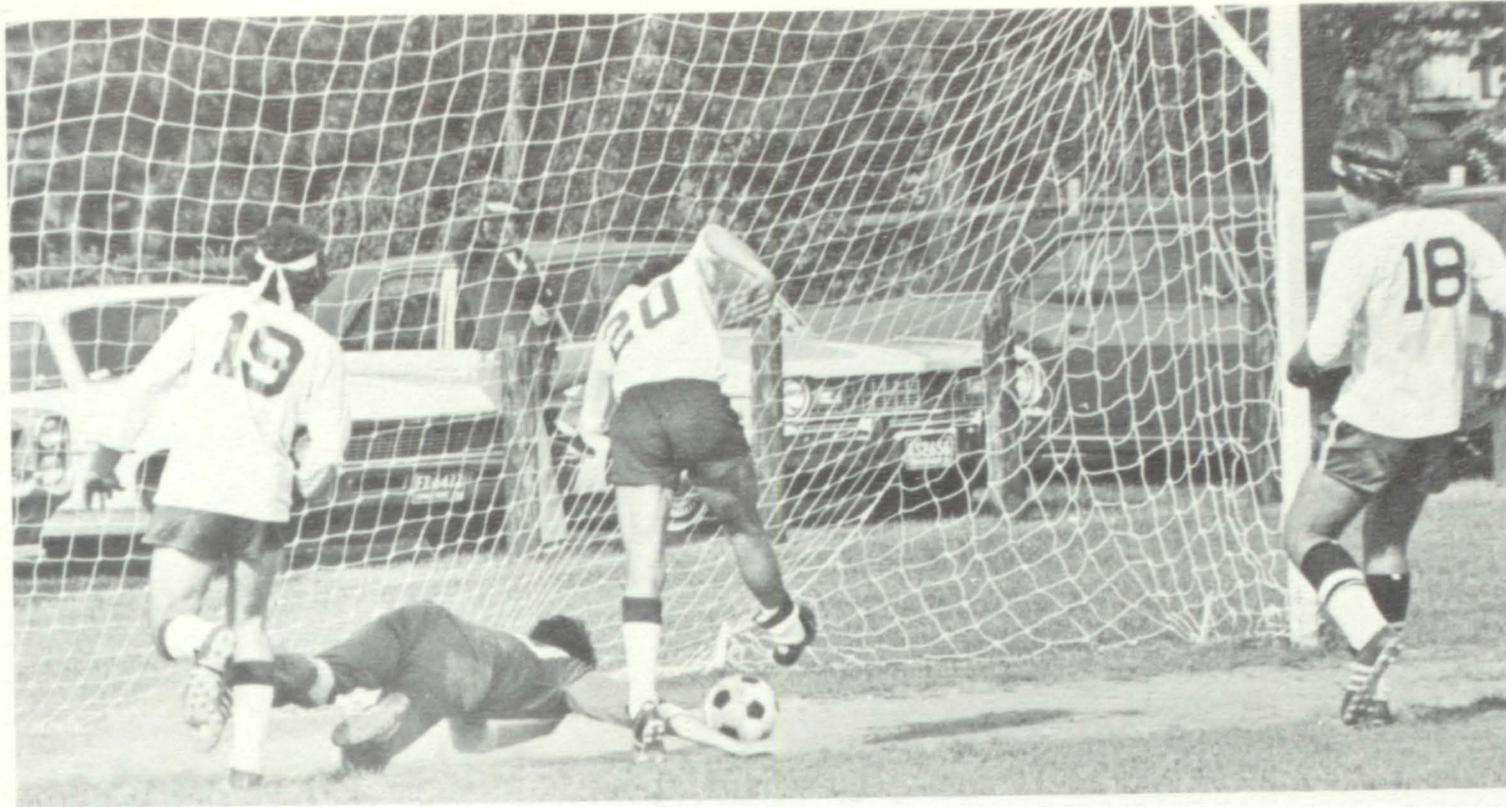

The 1973 Soccer Team was the most skilled in the history of North Haven and is to be congratulated on their outstanding efforts. John Crocco and Bob Derrico earned 40 points each for the Indians and were chosen for the All-State Team. All-Housatonic selections were John Crocco, Bob Derrico, Bob Lofberg, and goalie Gary Rice, first team; as well as Mike LeGates, second team. Coach Janush hopes that the team's future leadership will live up to the remarkable standard which was set by this year's captains, Bob Derrico who was chosen the team's "Most Valuable Player" and Jim Rotondo who earned the "Sportsmanship Award."

CROSS COUNTRY

Senior co-captains Ralph Chieffo and Tom Murray led the Cross Country Team to its first winning season ever, with a record of 11-2. The team, under coach Robert Tencza, finished 2nd in the New Haven County Meet and 4th in the Central Sectional Meet. Sophomore Pete Crowell was the team's top point-getter and he was voted "Most Valuable Runner" by his teammates. Another sophomore, Chris Oslin, led the team in its "first ever" participation in the State Large School Championships, where they finished 14th. This year's Cross Country Team boasts seven varsity award recipients: Ralph Chieffo, Tom Murray, Gary Popolizio, co-captains elect Ben Herrick and Dave Lapalombara, Pete Crowell, and Chris Oslin.

GIRLS' FIELD HOCKEY

The Girls' Field Hockey Team, coached by Betsy Gilmartin, finished its season with a 6-4-2 record, the most successful in the history of the sport. This year three of the girls were selected to the All-Houstonic League team: senior captain Jackie Cipollini, senior Mary Loveless, and junior Lisa Petrillo. Jackie Cipollini led the team in scoring with 8 goals and took over the school record for total goals scored with 31 in her four years on the team. Junior Judy Possidente scored 3 goals and sophomore Sally Erickson scored 2. The strong defense registered 5 shut-outs, with goalie Lisa Petrillo making 44 saves. This fine combination of offense and defense made it possible for the team to participate in the State Tournament.

I'm really glad
that we became closer
friends this year. I hope
to see you in the summer

GIRLS' VOLLEYBALL

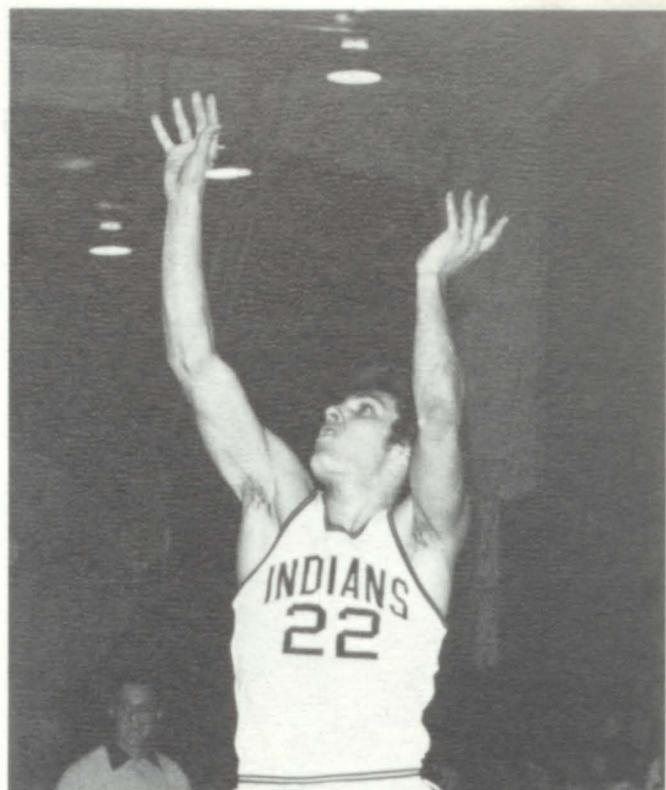

The Girls' Varsity Volleyball Team, under the direction of new coach Judy Schiffer, finished a superb season with an 11-1 record, capturing the Housatonic League Title. The highlight of the season came when the girls defeated Chesire High School, the team which had held the league title for three years. This year, four North Haven girls were chosen as members of the All-Housatonic League team: senior Caren Malley and junior Barbara Sallak, first team, and seniors Kim Carr and Cheryl Tate, second team. The J.V. Team also deserves congratulations for their record of 11-1, which placed them in a tie for first place.

HOCKEY

With only two seniors on the squad, center Pete Giatrelis and defenseman Rick DiGioia, Frank Fiore's Hockey Team placed its emphasis on youth. The team's high scorers were senior Pete Giatrelis, junior Mike Paradis, and sophomore Ken Ford, while stand-out defensemen were senior Rick DiGioia, junior Greg Kinsella, sophomore Dan Nugent, and freshman goalie Dave Tarducci. In this its third season of competition, the Hockey Team won more games than ever before.

SWIM TEAM

North Haven's Swim Team enjoyed one of its best seasons in 1974. It was also a year of firsts for the team. Under head coach, Mr. Keough, and co-captains Bob Lofberg and Fred Mayer, they established several new records. Junior Eric Lindblom, senior Bob Lofberg, freshman Bob Rosadina, and junior Dave Lapolombara swam the 200-yard medley relay in 1:53.9. The 400-yard freestyle relay team, made up of senior Joe Burns, junior Dave Lapolombara, senior Fred Mayer, and sophomore Steve Goldbloom swam their event in 3:44.6. Steve Goldbloom, too, bettered his school record by swimming the 100-yard freestyle in 53.5 seconds. Fred Mayer swam the 500-yard freestyle, a new event this year, in 5:39.1. In the 1-meter dive, junior Blair Gentry shattered his league record by over 25 points. Still another first for this team was the addition of girls to the squad. The Swim Team promises to be successful again next year with so many returning competitors.

This year's Girls' Basketball Team was coached by Lauren Anderson and captained by Jackie Cipollini. Lisa Altieri, Virginia Jones, and Jackie Cipollini were among the high scorers who all averaged about fourteen points per game as they led the team against many strong opponents. Debbie Stefanowski, Jackie Pepe, Jackie Roche, and Betsy Herlihy completed the solid varsity unit.

The Junior Varsity team was made up of thirteen very promising members who were led by sophomore captain Sally Erickson and high scorers: Patty Guadagno, Lisa Erbe, Sue Leary, Carol Tercyak, and Debbie Kruglik.

GYMNASTICS

For the third consecutive year, the Girls' Gymnastic Team went undefeated during the 1973 season. At the state meet in March, Ann McCafferty earned the individual honor of All-around Champion and Mary Jean Luppi placed third in that event, as they led the team to its fourth Connecticut State Championship title. Elected co-captains of the 1974 team, Ann and Mary Jean led their teammates to still more victories. Senior Denise Massini consistently contributed her points, particularly in vaulting, while sophomore Lisa McCafferty contributed points in all four events. The girls on the Gymnastic Team deserve praise for their continued dedication and success this year under their new coach, Arlene Burke.

BASEBALL

Last year, Mr. DeMayo's Varsity Baseball Team was ranked ninth in the State class LL Tournament and had a Housatonic League record of 13-5. Two of the team's members, Steve Kesses and Tom Chiari were selected for the All-Housatonic League's first team and Phil Sibiga made the second team. The 1974 team had four returning lettermen to follow in this winning tradition: Bob Derrico, Phil Sibiga, Jim McPherson and Tony Volpe, as well as five returning juniors: A. J. DeCusati, Tom Jermine, Frank LaMonica, Mike Paradis and Mike Proto.

TENNIS TEAM

Last year, the Boy's Varsity Tennis Team, coached by Al Pesticci, had its best season ever with an overall record of 9-7. Four of the team's members: Scott Fisher, Peter Benda, David Alpert, and John LaViolette, participated in the C.I.A.C. Tournament. They set new standards in tennis at North Haven which future teams promise to continue.

BOY'S TRACK AND FIELD

Mr. Meenaghan coached his Track and Field Team to a 7-5 record in the 1973 season. They earned notable victories against such tough opponents as Maloney, 75-70, and against Housatonic League foe East Haven, 112-34. Ralph Chieffo, George Lynch, and Tom Murray were elected as captains for the 1974 squad who added their marks to North Haven's record books.

GIRL'S TRACK AND FIELD

For the past two years, the North Haven Girls's Track Team has held the State Championship Title. The combination of coach Lauren Andersen, who was twice selected "Coach of the Year", and such talented team members as Jackie Cipollini, Pam Kinsella, Mary Jean Luppi, and Denise Massini has made the school's largest girl's interscholastic squad so very successful. It is the team's spirit and hard work which has made each member a State Champion.

"I asked God for strength, That I might achieve
I was made weak, That I might humbly obey.
I asked for health, That I might do greater things
I was given infirmity, That I might do better things.
I asked for riches, That I might be happy
I was given poverty, That I might be wise.
I asked for power, That I might have the praise of men
I was given weakness, That I might feel the need of God.
I asked for all things, That I might enjoy life
I was given life, That I might enjoy all things.
I got nothing I asked for, but everything I had hoped for.
Almost despite myself, my unspoken prayers were answered
I am among all men Most richly blessed."

This year, the Ski Club had little luck with the ski conditions, but was financially prepared to take several all-day trips to Massachusetts, New Hampshire and Vermont. They started the year by selling candy, and also by holding a highly successful car wash. The money raised each year by such activities is used to reduce the cost of transportation and lift tickets for all members of the club. In addition to lowering the cost of skiing, the club's purpose is to give its members access to a wide variety of ski areas.

The Ski Racing Team was initiated this year in an attempt to exploit some of North Haven's skiing talent and widen the school's sports spectrum. It may presently be one of the most talented teams in the school. Each skier has racing experience, some in such places as Chamonix, France, Kitzenbuhl, Austria, Snow Bird, Utah, and local places such as Loon Mt., New Hampshire. It is our expressed hope that underclassmen will attempt to keep this team going in future years.

All the members of the Varsity Club are varsity letter winners. The officers of the Varsity Club are: Peter Griffin (president), Michael Matarese (vice president), Ralph Chieffo (treasurer), Bill Webster (secretary), John Artai (sergeant at arms).

The Badminton Team is an outgrowth of P.E. classes and the best of the team's members participate in a state tournament. This year North Haven was host to three schools, Hamden, West Haven, and Middletown in the regional CIAC tournament. Barbara Notaro won the championship in that tournament and went on to participate in the CIAC Badminton Tournament which was held in Bristol, Conn.

The Girls' Swim Club offers two different programs. The first, synchronized swimming, is offered once a week for several weeks. This program teaches the girls various styles of swimming used in water ballet, as well as different stunts such as the dolphin, barracuda, and heron. The second program is a Red Cross life saving course. Upon the successful completion of this course, the swimmers are certified by the American Red Cross as either Senior Life Savers or Junior Life Savers.

Modern dance is a challenging and satisfying experience. Through its study, students can enhance their appreciation of all the arts and become particularly aware of the communicative potential of the instrument of dance: the body. The Modern Dance Club assists students in discovering movement as a medium for the expression and development of ideas. Each dancer evolves her own ways of moving, extends her perceptions of space, rhythm, design, quality and style, learns to think, feel and move freely, develops integrity and sincerity, and grows to appreciate genuine artistic endeavor.

The Majorettes twirl at all home football games and home basketball games. Under the supervision of Mrs. Diver, they practice diligently throughout the summer and school year, with practices two or three times a week. During the football season the girls perform to the music of the marching band and then display their versatility by twirling to more modern songs during the basketball season. At the end of each basketball season, clinics are held to prepare the future squad for the rigorous schedule which culminates each spring at the Memorial Day parade.

In recent years several talented North Haven students have attended the Educational Center for the Arts in New Haven. These individuals study to develop their knowledge in a particular artistic field. Peter Benda (theatre), Connie Geanakoplos (music), Miriam Goodman (dance), William R. Haseltine (theatre), Carol Johnson (visual arts), Marianne Papa (music), Carol Tiedemann (visual arts), and Felicia Urbanski (music) all studied in the E.C.A. program this year.

This year's Drama Club opened up with a smash hit production. For three nights packed audiences viewed the best, most professional show ever to come to North Haven High School. The audience acknowledged this with standing ovations at each performance. The play was Arthur Miller's classic, "The Crucible". The Drama Club continued in its success with still more hard work and fine results.

The Latin Club is a unique organization in that it is totally co-curricular. Every Latin student in the school is a member and all activities are related to the study and appreciation of the Roman and Greek civilizations. In the past few years, activities have included a trip to Rome, museum excursions to Boston and New York, gravestone rubbing, celebration of the Saturnalia, as well as Roman and Greek dinners and banquets.

The officers of the Italian Club are: Michele Schomburg, Patty Stellavato, Gail Vendetto, and Louis Piccirillo. The remaining club members are all students in the Italian classes at the East and West campuses.

Ciao, Italian was one of the new languages to enter North Haven High School this year. The Italian Club decided to experiment with the intricacies of the Italian language, culture, and people through field trips to New York and Boston where Italian painting, sculpture and mosaics are displayed, and through spaghetti dinners, where they tasted typically Italian food, and meetings with various Italian people. The ultimate goal of the club is to visit the land and the peoples they have studied.

F.I.D.L.E. (pronounced fiddle) is the fledgling foreign language newspaper started just this year by a group of interested language students. It includes articles, word puzzles, comic strips, recipes and class news, all written in the five languages taught in the school. These Languages: French, Italian, German (Deutsch), Latin, and Spanish (Español) give the paper its name. The faculty advisor is Mrs. Diamond, and the help of the other language teachers is enlisted when necessary. Although F.I.D.L.E. is new this year, it is already doing a great deal to promote the idea that foreign languages are not simply for classroom use, but also to be enjoyed.

Ikon Press is the school's underground newspaper. It is the work of a handful of students whose primary goal is to bring forward ideas other than those presented in the more widely distributed Torch. Although there is no formal editorship, Jim Biondi and Lori Croop have worked hard to organize the paper this year.

I lived in Coronda, a small town in the province of Santa Fe, approximately 300 miles northwest of Buenos Aires. My host family consisted of four people; my parents and two sisters, Maria Amalia, 16, and Maria Inés, 18. Due to the reverse seasons, I arrived in mid-winter and was attending the eleventh grade with Amalia and carrying the normal seventeen course load. I also attended such classes as French, folk dancing, and I taught English classes at a university branch.

Living in the heart of the pampas provided an interesting contrast between city and country life in Argentina. I learned to appreciate all the gauchesque folklore and to witness the simplicity and contentment of the people there. No matter where you go in Argentina, you can't help but love the people for their friendliness, vivacity, and pride. They're proud to be Argentines and are very demonstrative and willing to share their numerous folk songs and dances with anyone who shows an interest.

Being involved in this program, proved to be the most valuable experience of my life. I learned to understand and communicate in a foreign language and culture, and more important, I formed invaluable relationships within my family and among friends. I am very grateful to A.F.S. for affording me this opportunity.

I'm Lucas Joseph Samomai from Micronesia. I feel that living here in America, especially in this wonderful part, is really great. It is a busy life, but I think I can manage it somehow. The ways of living here are a lot different than the ones I have left at home.

This year everyone has been nice to me which I'd say is really very kind of you all. I've made friends with a lot of students at North Haven High. The way I did this is by entering and getting involved in school activities. I'm in A.F.S. Club, Library Club, and on the North Haven Varsity Swim Team. I enjoyed being in the three of them very much.

The American Field Service Club works to achieve two goals; to have its members attain an awareness and appreciation of other cultures and to develop understanding and friendship within the group. The group has grown considerably in size and consequently in active participation.

One of our projects is earning money to send students abroad and therefore, we've had various fund-raising activities. These include dances, bake sales, and the taking of the town census. We've also had an international dinner and Halloween and Valentine's Day parties, which were attended by members, their guests, and foreign students in the area.

In recent years we have had several new involvements. We have developed a domestic exchange program where members in our group host another A.F.S. group. This year we had an exchange with Lancaster, Pennsylvania. We have also sponsored speakers; including a Yale student who is an expert in flamenco.

Involvement in this group has proven rewarding for each member and has helped to make the year a success.

The Model U.N. Club was newly formed this year. It was originated in order that North Haven might be represented at the Harvard Model United Nations held in Boston during December. This was a mock United Nations conference made up of delegations from schools all over the country, each representing a separate nation. The goal of the conference was not to try to solve world problems, but rather to encourage students to think in terms of these problems and thus, to increase their awareness of the world situation.

Model Congress is an educational experience which has become an annual event at North Haven. Students from many schools in our state simulate the procedures of the United States Congress at a weekend conference. This year, the highlight of the weekend was a visit from Senator Abraham Ribicoff.

IGNITE was formed in an attempt to revive the North Haven debate team. The goals of that team were the same as those of IGNITE: to improve every aspect of argument. IGNITE is not affiliated with the National Forensic League, but follows its procedures and adheres to the nationally chosen subjects.

The Distributive Education Club is the local chapter of the Distributive Education Clubs of America (D.E.C.A.). The club is involved with the operation of the Campus Store, as a source of profit and business experience. The profits are not only used to purchase more supplies, but to send Area Conference competitive activity winners of our chapter to the state competition and to the national competition if the student(s) win at the state level. The competitive events which the Distributive Education Club students participate in are: 1. Sales Demonstration, 2. Advertising Layout, 3. Job Interview, 4. Public Speaking, 5. Display, and 6. Shadow Box. Distributive Education develops future leaders for marketing, merchandising, and management.

The Library Club is actively engaged in the daily operation of the library and provides a great service to the school. While working in the library, the club members increase their knowledge of the workings of a library and the world of information handling. The library club has had an active schedule this year. In addition to its daily activities, the club sponsored a book fair in the winter and several field trips to public, college, and university libraries in the area.

The production of the yearbook seemed a rather large task when we first considered it, and within a short time we were overwhelmed by what appeared an impossible responsibility. Our one consolation was the advice and encouragement which we received from Mr. Dean and Mr. Fiore. Together, they represented one of the single most important factors in making the 1974 SACHEM a reality.

"Tell me why you're crying, my son,
I know you're frightened, like everyone,
Is it the thunder in the distance you fear,
Will it help if I stay very near:

I am here.

Do you ask why I'm sighing, my son,
You shall inherit what mankind has done,
In a world filled with sorrow and woe,
If you ask me why this is so,
I really don't know.

Tell me why you're smiling, my son,
Is there a secret you can tell everyone,
Do you know more than men that are wise,
Can you see what we all must disguise,
Through your loving eyes.

I come from far. I left my home over thousands and thousands of miles away. I came to a strange land, where I was convinced to forget my custom behaviour. I am changed, I am totally changed. I have forgotten to twist my hair the way my mother used to do it. I have grown into a foreign language called English which is strange to my mother. I have forgotten my mother tongue. I am copying everything from this land. Ge! I am lost.

I am black, not beautiful, not clever, but an intelligent African girl. I come from a small, poor country named KENYA. It is not as big as U.S.A., but it is by far more beautiful and we are very proud of it. Je! Waona je? HAKILI MOIYE MALI.

Against the thick current I was born to find,
That among a school of many
There's only one of my kind.

You're soaked in a smile while I'm flushed with fright,
Riding the same wave,
Though we differ in wrong and right.

Onward I flow through the sea of confusion,
Following what I feel,
For what I see is an illusion.

To possess the Pearl I must try,
For the swim is short
And my life must die.

"I would not exchange the laughter of my heart for the fortunes of the multitudes: nor would I be content with converting my tears, invited by my agonized self, into calm. It is my fervent hope that my whole life on this earth will ever be tears and laughter. Tears that purify my heart and reveal to me the secret of Life and its mystery; Laughter that brings me closer to my fellow men; Tears with which I join the broken-hearted: Laughter that symbolizes joy over my very existence." Eman,
 I've got to know
 you so much better this
 year, although towards the begin-
 ning of the year it wasn't as best
 at each other in the hall, and smiling and
 saying "hi" at that time it was hard to say
 hello, but now I realize what you must have felt like,
 and for me Eman, I'm sorry. At least now we can say
 hi and we don't get mad at each other. I really
 glad I got to know you better this year. You're a great kid
 Eman, and have a beautiful personality. Sorry about everything.
 Love,
 Judy,

THE CIRCLE GAME – Joni Mitchell

Yesterday a child came out to wonder
Caught a dragon fly inside a jar
Fearful when the sky was full of thunder
And tearful at the falling of a star.

And the seasons they go round and round
And the painted ponies go up and down
We're captive on the carousel of time
We can't return we can only look behind
From where we came
And go round and round and round
In the circle game.

When the child moved ten times round the seasons
Skated over ten clear frozen streams
Words like, when you're older, must appease him
And promises of someday make his dreams.

Sixteen springs and sixteen summers gone now
Cartwheels turn to carwheels thru the town
And they tell him, take your time it won't be long now,
Till you drag your feet to slow the circles down.

So the years spin by and now the boy is twenty
Though his dreams have lost some grandeur coming true
There'll be new dreams, maybe better dreams, and plenty
Before the last revolving year is through.
