North Haven, CT

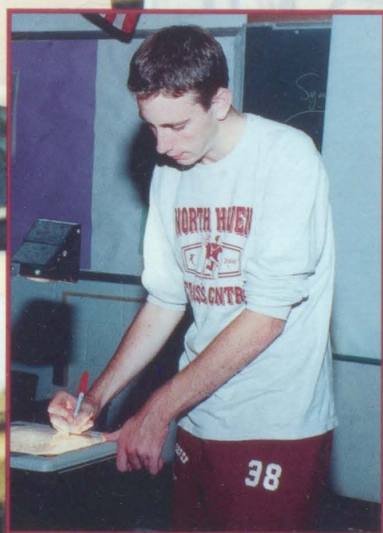

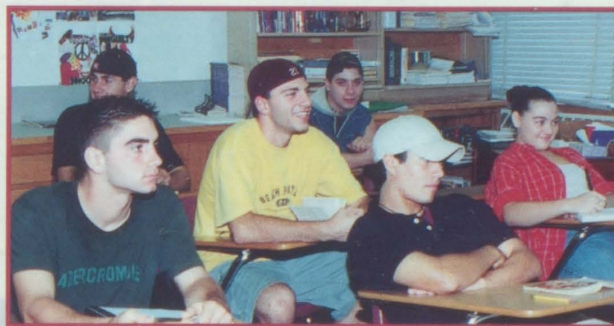

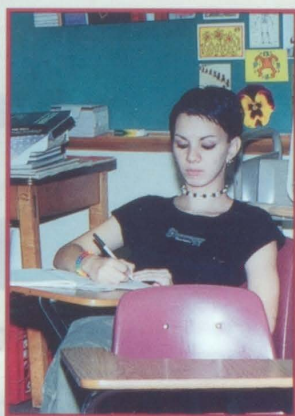

Looking Forward to Learning....

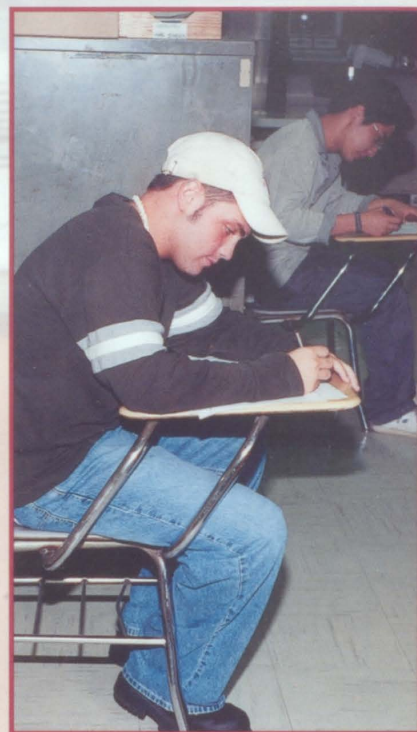

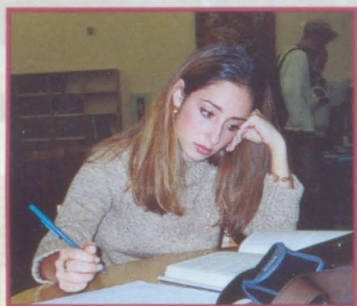

*“Education is what survives
when what has been learned
has been forgotten.”*

-B. F. Skinner

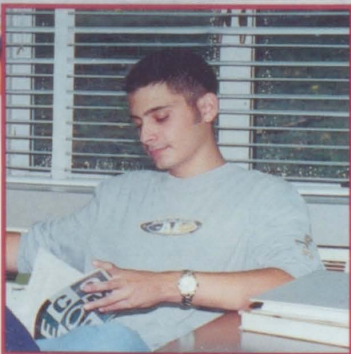

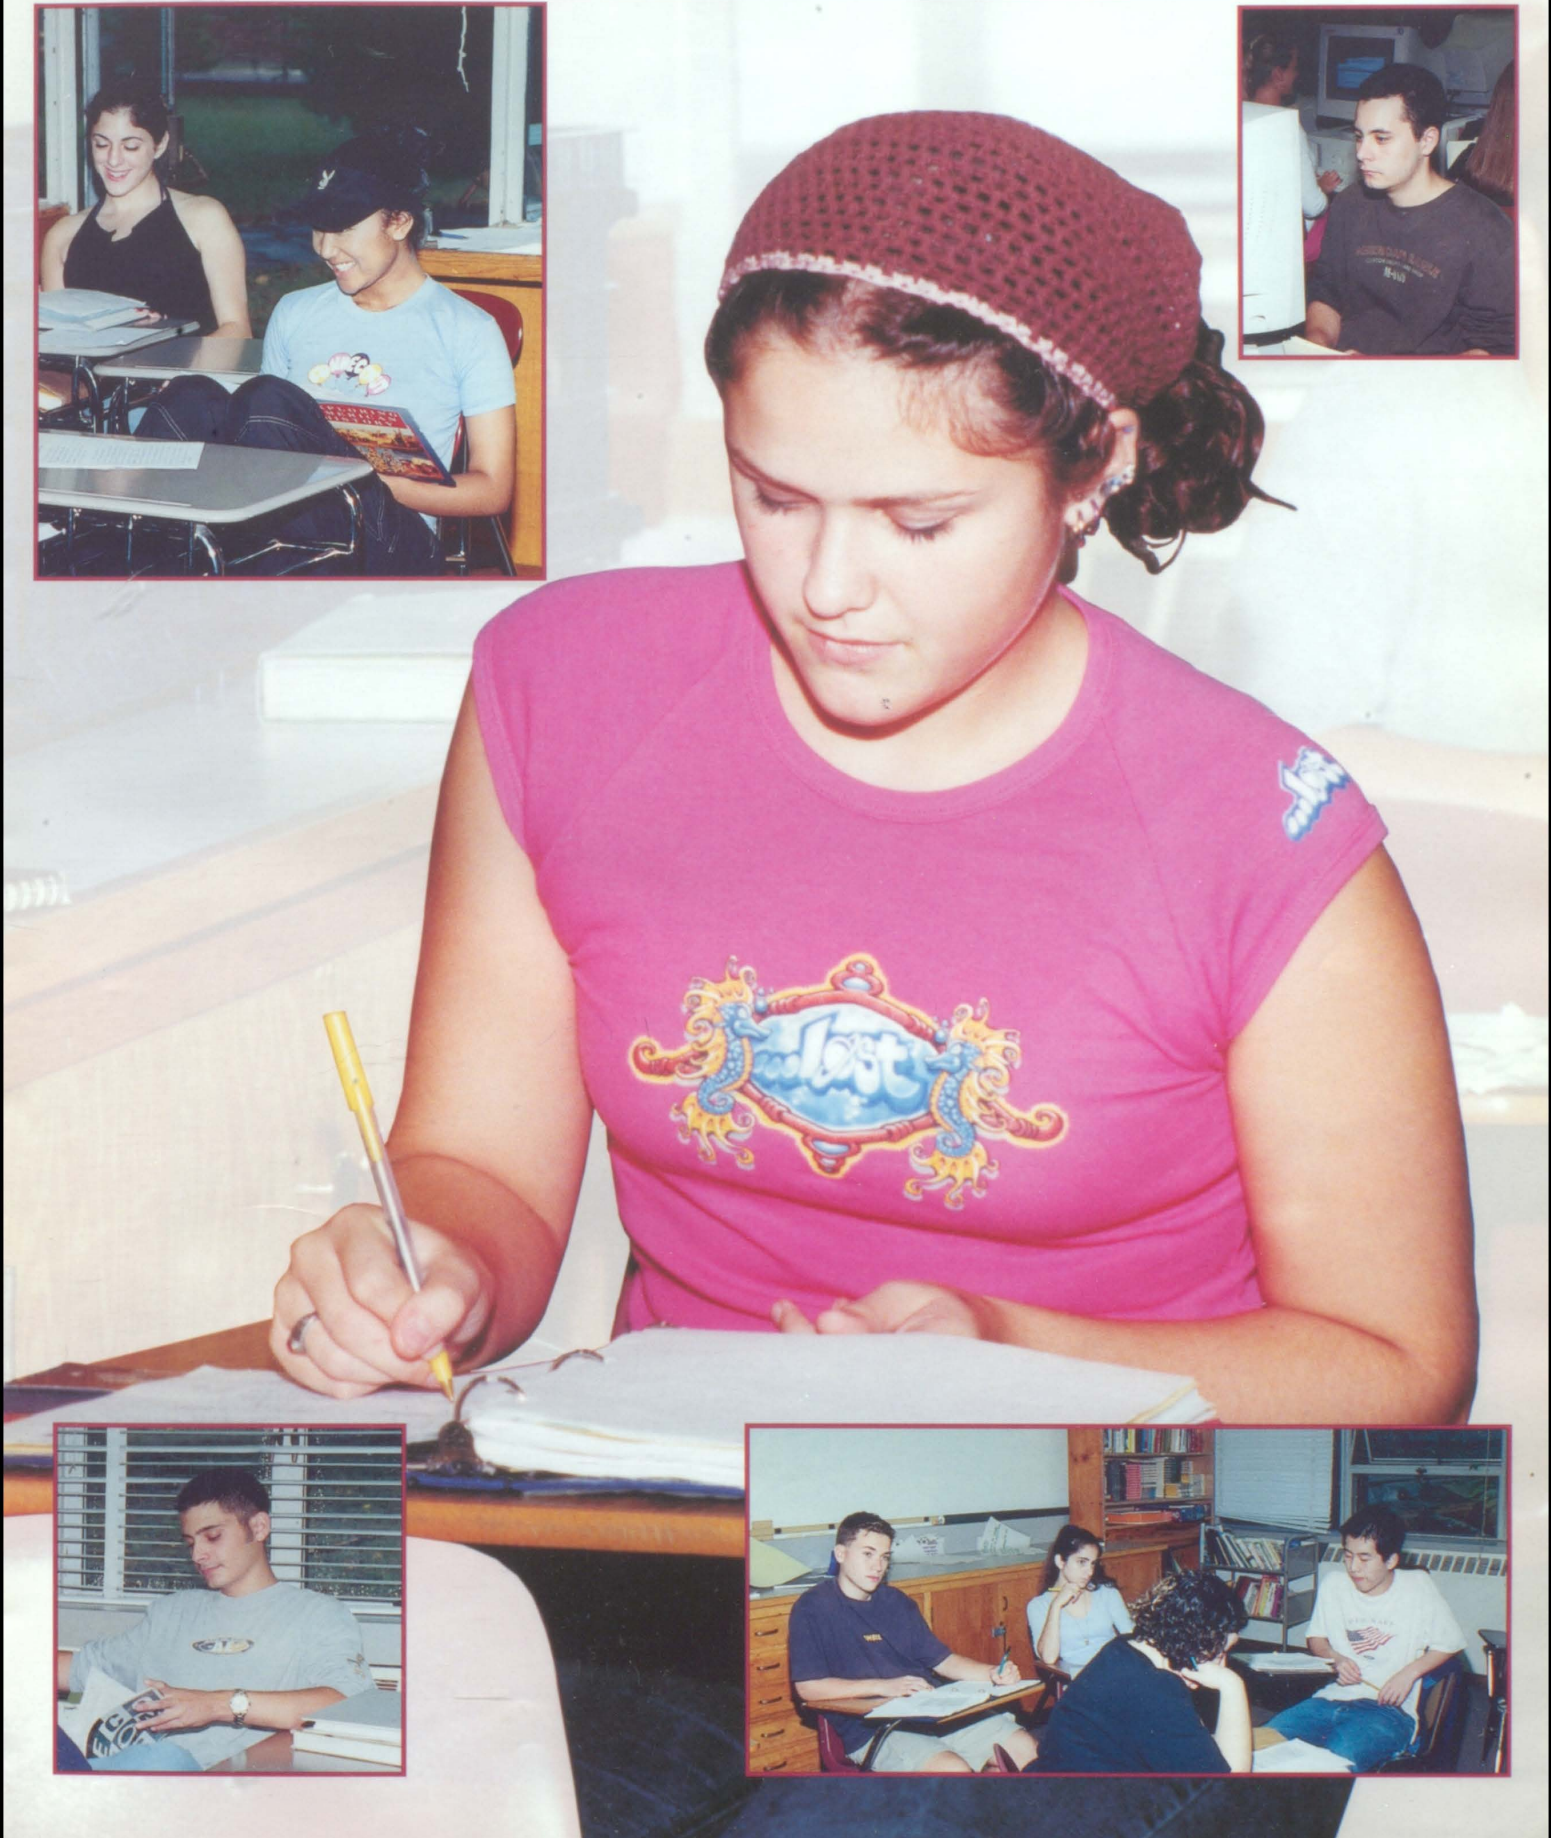

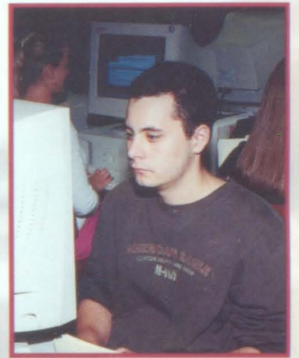

“Training is everything. The peach was once a bitter almond; cauliflower is nothing but cabbage with a college education.”

- Mark Twain

“Education is the ability to listen to almost anything without losing your temper or your self-confidence.”

- Robert Frost

Looking Back on the Friendships...

"Friendship is the hardest thing in the world to explain. It's not something you learn in school. But if you haven't learned the meaning of friendship, you really haven't learned anything." - Muhammad Ali

Looking Forward to Fame....

sign in here

"The future belongs to those who believe in the beauty of their dreams."

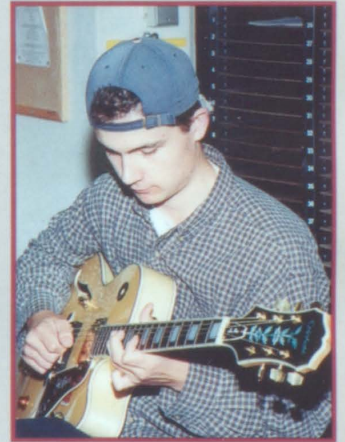

-Eleanor Roosevelt

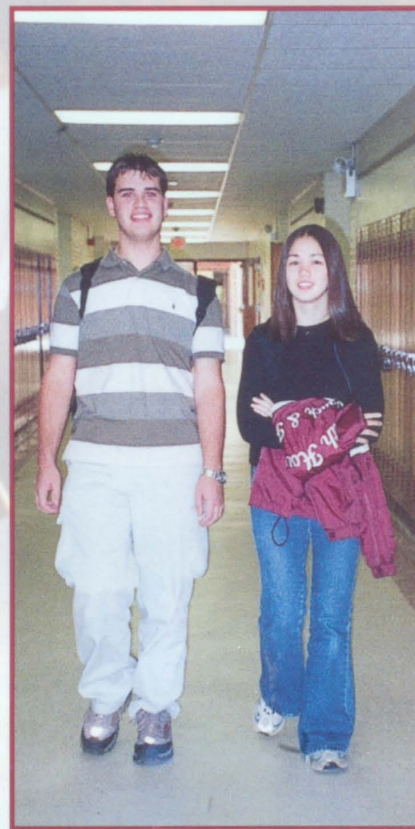

*"In the future, everyone will be famous for fifteen minutes."
- Andy Warhol*

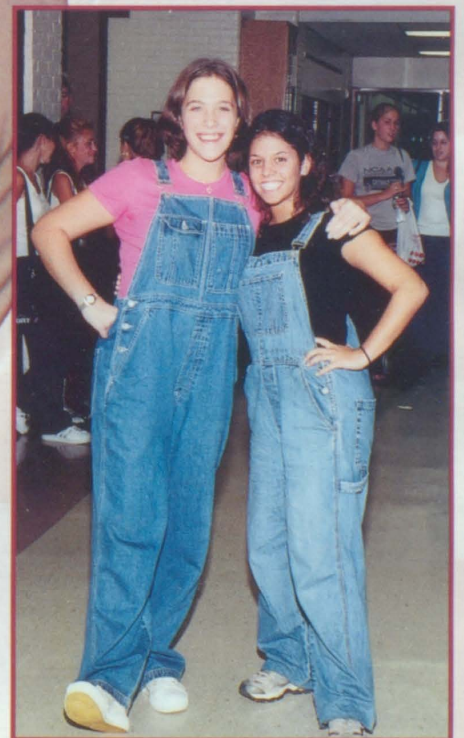

*"Hold fast to dreams, for if dreams die, life is a broken winged bird that cannot fly."
-Langston Hughes*

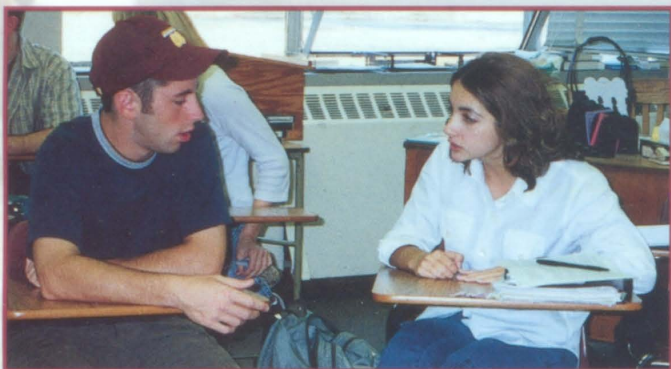

"We do not know the true value of our moments until they have undergone the test of memory." -Georges Duhamel

Looking Back on the Memories...

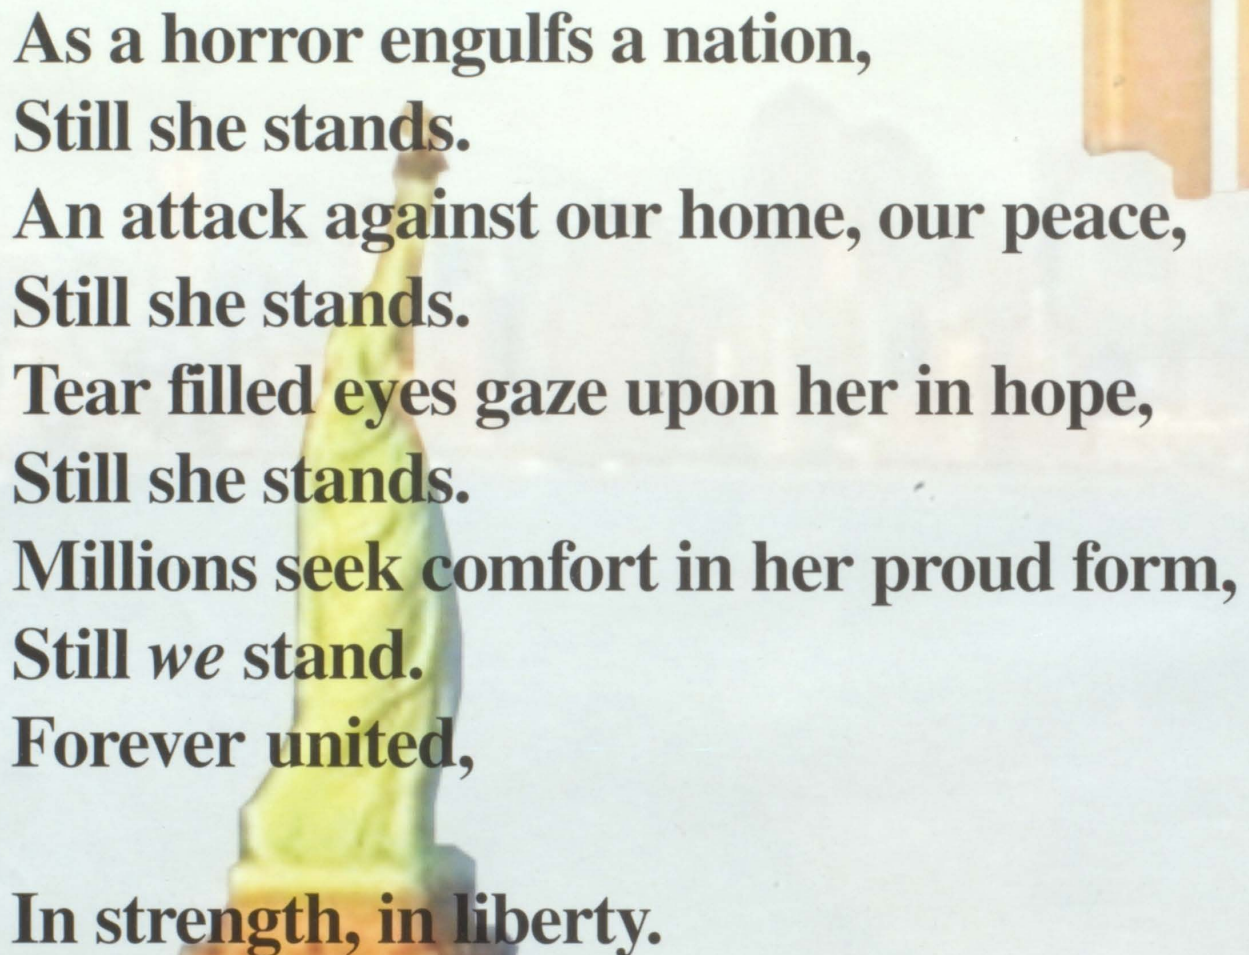

Looking Forward to the Future....

"Learn from yesterday, live for today, hope for tomorrow."
-Anon

Looking Back on Tragedy...

As a horror engulfs a nation,
Still she stands.
An attack against our home, our peace,
Still she stands.
Tear filled eyes gaze upon her in hope,
Still she stands.
Millions seek comfort in her proud form,
Still *we* stand.
Forever united,

In strength, in liberty.

-Peter Solomon

I, Jamie Savo, leave my most cherished high school memories to Dom, and my memorable cheerleading times to the cheerleaders.

I, Ken Sauerbrunn, leave my '86 Subaru to my brother Dave and my empty locker of good memories to my sister Rosie.

I, Shelly Scasino, leave all my basketball memories to Nicole S. and all my baseball memories to Tim, Jeff, Bill, Rob and Bob G.

I, Colleen Schoen, leave all of my memorable high school moments to my cousin Megan Loewenbaum. I Love You!

I, Chris Scott, leave my good times and the lockers I have used these four years, and the key, to Doug, Doug, Prefontaine, and Ralph.

I, Cam Siciliano, leave my PA skills to Shanker, my spot on the 4x400 to the next "lucky" guy, and all the good times to Brett T.

I, Christina Sites, leave Kim, Dave, Jen our great crafts class, Sara and Shane our long talks in Photo 2.

I, Emily Smith, leave my sister, Carrie, good memories of friends and fun, Jojo "scrubs" discussions, doritos, and FPS classes, William IST talks, and Becca "Sheik of my dreams."

I, Hillary Smith, leave my wonderful memories from high school to every student that walks through the front door for their freshman year at North Haven High.

I, Kimberly Smith, leave the everlasting joy of working on Sachem to Katie, hurdles and the Nutcracker Suite to JoJo, and all of my memories and successes to my brother Drake.

I, Peter Solomon, leave the Go Down Gamblin' solo to Dave and Mets Pride to the few Mets fans. You gotta believe.

I, Michael Sortito, give my power of hilarity to a fresh supple student willing to wield it and use for the good of the republic!

I, Tara Stevens, long distance swims to Carly, Benhaven to Colin, PA to the juniors, Italian to Sharon, and everything else to John.

I, Kathryn Stopper, leave all my high school memories to Colin, swim workouts to Carolyn, Carley, Erica, and Megan, and my PA adventures to all my junior guys.

I, Frank Suppa, leave my good grades to Rocco's Sister, and my basketball skills and good times to Mike (Muff) Piscitli

I, Steve Szeman, leave my parking space Katie, even though there are no assigned spots and she can just park anywhere.

I, Pete Talarczyk, leave my giants tape to my brother Matt.

I, Maria Vaspasiano, leave the good times and hard times to Nicole, Audra, Alayna, Heather, Erica, and all the times I don't remember to Janaye.

I, Rich Vaughan, leave the past to the future.

I, Jeremy Welsh, leave my hopes for a good next year to Stefanie B., and I hope that her sister, Kryssi, doesn't bother her too much.

I, Tiffany Weimer, leave the most impressive soccer stats in the history of North Haven High to Danielle and Bobby.

I, Christine Wells, leave the memories of the past 4 years and the late nighters to Nicole, Robby Errato, Douggy, Buck, and Tony D.

I, Joe Yaccarino, leave the memories of the shenanigans Mike and I had to the newest, confused freshman.

I, Kathleen Dugan Yantosca, leave my brother Kelsey, the laughter, late nights, and memories made in the past four years and the cheerleaders "Baby shark" and SBTB trivia games.

We, Sara Melone and Shanna Palmieri, leave all our long conversations and "sketchiness" to Nicole Simonson.

We, Diana Piersanti and Melinda Pullano, leave all the crazy memories to Mark Piersanti and Kenny Case, and out Nikh numbers, 17 and 20, to Amanda and Michelle.

We, the Class of 2002, leave our sincere thanks and appreciation to everyone who has made our past four years at North Haven High School a happy and memorable time, and to all future classes of North Haven High School, we leave our best wishes for a successful and unforgettable high school experience.

**IN WITNESS HEREOF, we have hereunto set our hand and seal at
North Haven High School, to this will and testament.**

Freshman Year (1998 - 1999)

In the fall of 1998, we, the class of 2002, eagerly entered North Haven High School. The first few weeks of school, we walked the halls timidly. We all rushed from class to class making sure we got to class on time and tried not to get lost. We enjoyed the new freedom the high school had to offer but were still careful in our new environment. In the spring, the school shooting at Columbine scared us all, and school security was strengthened. In the same year, our president Bill Clinton was impeached for perjury. One brave freshman participated in the biannual Mr. North Haven Pageant, and many of us attended to watch. Overall, our freshman year was frightening but successful.

Sophomore Year (1999 - 2000)

Before we knew it, freshman year was over and we were finally the big sophomores. No longer did everyone look down upon us, but now we were able to say how annoying the freshmen were. We knew our way around the school, and we became better acquainted with students in all the grades, including the upperclassmen. Sports and activities began to take on a more active role in our lives as we could now make the JV and Varsity sports teams. We ordered our class rings and organized the Spring Fling dance in which the rings were distributed.

Junior Year (2000 - 2001)

Our junior year was probably the most challenging of all. We were finally upperclassmen but we also had the hardest work load. The election for the 43rd President was held in November of 2000 but a decision was not made until well into 2001. The indecision in Florida led to countless numbers of recounts, talks of butterfly ballots, and the many varieties of "chads". We participated, along with the sophomores, in Diversity Day, a day devoted to promoting tolerance of differences in our school and community. The budget problems in the spring led to threats of cutting such sports as Volleyball and Boys' Swimming, along with the Creative Learning Programs in North Haven. However, at a town meeting that filled the high school auditorium, a decision was made to keep all of the sports and programs. In the spring we also enjoyed our second Mr. North Haven Pageant and junior picnic. At last, we were ready to "rule the school" as seniors.

Senior Year (2001 - 2002)

As our senior year opened most of our minds were on college. It was our last year at North Haven High School and the end was near. The fall was a busy time. Not only did we have those applications to worry about, but there was also the Nikh Victory Bowl, our last homecoming, and auditions for the play. Also, many of our lives were forever changed by the tragic events of September 11th. It seemed like a bad way to start our Senior year, but the resulting national unity gave our class a new spirit. All the fall sports teams did well and we entered winter break happy, even if we were a little stressed. Then, finally January came and applications were done. Play rehearsal started and the countless hours paid off. The play was not only a huge success, but also lots of fun. Before we knew it, both Prom and the Senior Class Picnic were over, and at last, it was time to graduate. Although we will no longer be students at NHHS, the memories we have made will stay with us throughout our lives.

Looking Back on . . .

Having Fun!

Homecoming

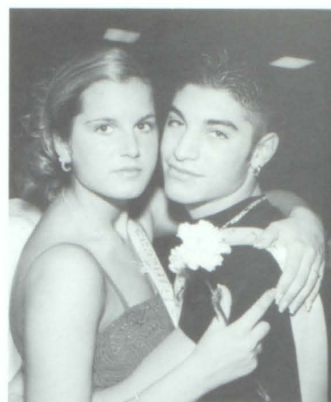

November 16, 2001

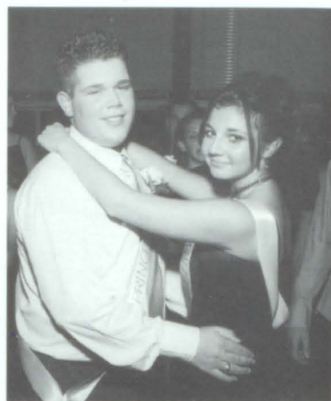

After weeks of anticipation, Homecoming 2001 finally arrived. The girls wore beautiful gowns and modeled extravagant hairdos while the guys arrived cool and collected, ready to have a good time. Everyone enjoyed themselves by dancing to the music provided by DJ RE. The Court nominees were: Emily Dauenhauer and Paul Calamita, Alyssa Granata and Frank DellaCamera, Kara Prete and Jesse Freeburg, and Jessica Reynolds and Mike Ricciardelli. Jamie Savo and Mike Sortito were the King and Queen for the night. It was a fun-filled night that we will all remember for years to come.

Amity 14

Three weeks of grueling practice paid off when our senior girls met Amity on our home field for a game that will not be forgotten. We had high expectations of the Indians, for our Nikh Victory Bowl players have been victorious for the past three years. The captains, Margo Angelopoulos, Lera Danley, and Shelley Scasino, led the team on with a lot of spirit. The top scorers for the night were Tiffany Weimer, Rachele Sherman, and Meredith O'Connell, while Lera Danley and Tara Stevens executed key defensive plays. The Indians won the game by the largest margin of victory in the history of our annual game.

Thanksgiving Day Game

November 22, 2001

North Haven 27

Amity 27

The annual Thanksgiving Day Game was held at Amity High School this year. The Indians struck first scoring on their first possession, but the Spartans answered right back with a score of their own. Both teams scored once more before an Amity Drive was stopped by an Indians interception right before the half. The Indians broke out with two touchdowns in the 3rd quarter after a blocked punt. The Spartans came back to score twice in the fourth quarter to tie the game up. A few defensive stops by the Indians held the Spartans as the game ended in a 27-27 tie. The Indians closed out the year with a winning record to add to their Hammonasset Division Championship.

An adaptation of the very popular Christmas movie, "A Christmas Story" was the High School Drama Club's first production of the 2001-2002 school year. The Drama Club "wowed" audiences with an energetic and comical portrayal of Ralphie and his yuletide adventures. Benham Jones starred as Ralph, the narrator, and Scott Bonito played the main character of the story, Ralphie. Other cast members include: Joe Yaccarino, Sharon Helgans, Chris Cahill, Mike Buono, Ross Lambert, Nidia Medina, Katie Buckley, Josh Maiorino, Mike Sortito, Nick Leiserson, Stephanie Laudano, and of course, an incredible stage crew!

Senior to Senior Breakfast

December 11, 2001

The Class of 2002 organized a very successful "Senior to Senior Breakfast" in December. Town officials and senior citizens from our community attended this festive event held in our very own cafeteria. The chorus entertained our guests with songs full of holiday cheer, and the senior class enjoyed spending time with the seniors. The seniors even exercised their vocal cords in a holiday sing-a-long. Everyone had an enjoyable experience.

Principal

A Message from the Principal . . .

Ms. Patricia K. Brozek

To the Class of 2002:

"The highest courage is to dare to be yourself in the face of adversity. Choosing right over wrong, ethics over convenience, and truth over popularity . . . these are the choices that measure your life. Travel the path of integrity without looking back, for there is never a wrong time to do the right thing."

I hope you take from NHHS a sound education, an ability to work with others, and a respect and sensitivity for all persons.

Your contributions to North Haven High School are important and our school will be a better place because of the Class of 2002.

I wish you good health, good times, and success in all you choose. Be happy in all you do!

The Class of 2002 dedicates this yearbook to our
Assistant Principal, Mr. Russell Dallai.

Mr. Dallai,

The Class of 2002 wishes to dedicate this yearbook to you, a great English teacher, and now a great assistant principal. We feel lucky to have been able to establish a teacher-student bond with you before you became an administrator. From your “appositive phrase dance” to your morning announcements, you have made our time here very special. Now, upon our graduation, we know you have truly prepared us for journey ahead. We, the Class of 2002, are honored to be the first class that you graduate as an assistant principal at North HavenHigh School.

The High School Art Department reinforces a Discipline-Based Art Education program. It emphasizes a fine arts approach, beginning with a foundation course and moving on to more specialized offerings. Students are exposed to a variety of interdisciplinary, multicultural, and cooperative learning experiences while strengthening art skills and exploring various processes. They learn to integrate art history, art criticism, and aesthetics, along with studying art's role in the surrounding visual world. Students are provided opportunities to celebrate art for its daring and beauty, which has earned it a place among humanity's finest creative efforts.

The Business Education, Family and Consumer Sciences, and the Technology Education Program offer the students at North Haven High School the opportunity to prepare for entrance into the world of work either upon graduation from high school or after continued education and/or training.

The Business Education program offers a Student of the Month program to recognize outstanding students enrolled in business courses for their academic achievements in the field of business.

The Family and Consumer Sciences program has incorporated into its program a Child Development Nursery School. The Nursery School serves as a laboratory for all students in child development classes to work with and observe behavior as they study the theory of human growth and development.

The Technology Education program uses the "applying the concepts" approach. Students enrolled are involved in a series of problem-solving activities. This allows the students to solve a problem while, at the same time, being uniquely creative.

With reading as the core of language arts, a dynamic curriculum seeks to integrate the essential grammatical, vocabulary, and writing skills. Literal, inferential, and analytical comprehension is taught through reading, listening, and viewing. We strive to nurture the student's aesthetic capacity and to foster a recognition of multiple levels of meaning. Fiction, nonfiction, poetry, and drama comprise the literature core. Multicultural literature is included to develop an understanding and an appreciation of our pluralistic society. Literature is a catalyst to express ideas fluently in writing and speaking that are focused, organized, substantive, interesting, and well supported, for a variety of purposes and in a variety of forms.

Future Problem Solving

FPS is an international academic program and competition that each year allows students to investigate five new topics important to the future. They use the creative problem solving process to understand the issues and develop solutions. Topics for 2001-2002 included: Alternative Energy, Education Options, Organ Donation, Environmental Law, and Virtual Corporations.

Library Media

Filming "Sachem Scene"

A. Russo spends time studying in the library.

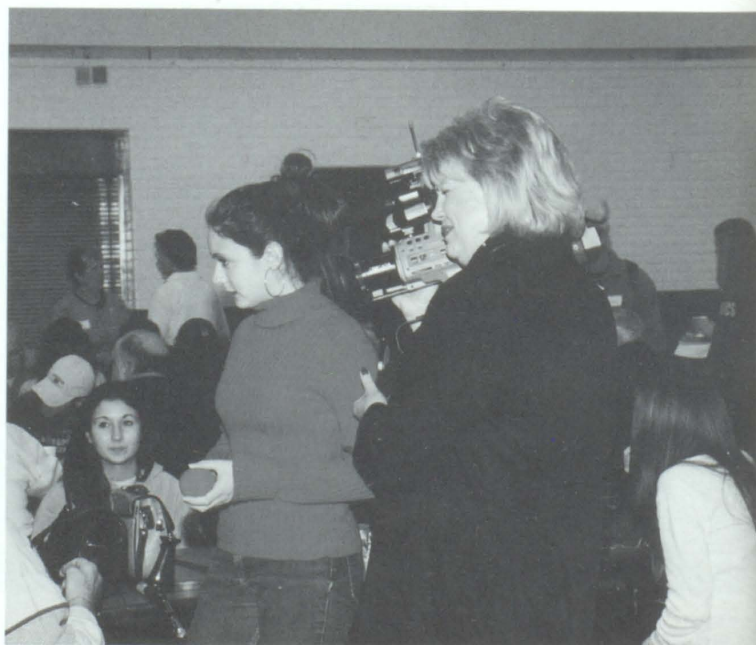

A. DiMarzio and K. Fabrizio work together in the library.

The North Haven High School library Media Center provides an environment conducive to academic pursuits and career goals. Individuals, small groups, or entire classes use the library media center on a daily basis to complete class projects, choose a book, access the Internet, investigate career options, research a topic, create film, or edit a video tape. Displays of new books, special topics and seasonal themes are constantly changing.

Over 1,000 students pass through the doors of the Library Media Center each year. These students have access to over 14,000 books, 50 periodicals, access to multiple online subscription services, LCD projectors, and a full television editing/recording suite. The card catalog and circulation system is fully automated, allowing students to gain additional technology skills when searching for materials. In addition to the resources available, a full time staff of two professional library media specialists and two library/media clerks is available to provide assistance and service to students and faculty.

A career resource center with eight computers, an instructional aide and multiple print resources is available daily and in the evening.

During the Senior to Senior breakfast, E. Ruoff films and J. Palacio interviews.

R. Jetmar

Physical Education

The physical education program places emphasis on developing a physically informed student. The goal of all physical education courses is to help students attain physical and mental well-being and skill competencies. Activities are used to develop a positive attitude towards fitness and an active life style, the skills to assess one's own fitness level, and the physical skills and abilities necessary to design an ongoing fitness program. In addition, students are encouraged to learn appreciation of different physical activities and to learn not only about physical skill, but also life skills like teamwork that will benefit them in other areas of life.

The primary mission of the mathematics department is to prepare the students with a strong foundation that will enable them to succeed in an increasingly technology based society. To achieve this goal, expertise is stressed in five pillar areas: Problem Solving, Reasoning, Communication, Connections, and Technology. By graduation, students are expected to reach proficiency level in these five areas. This includes the ability to problem solve in a variety of situations, the development of reasoning skills to aid them in formulating testing and verifying conjectures as well as the development of communication skills to help them in their expression of their findings.

Music

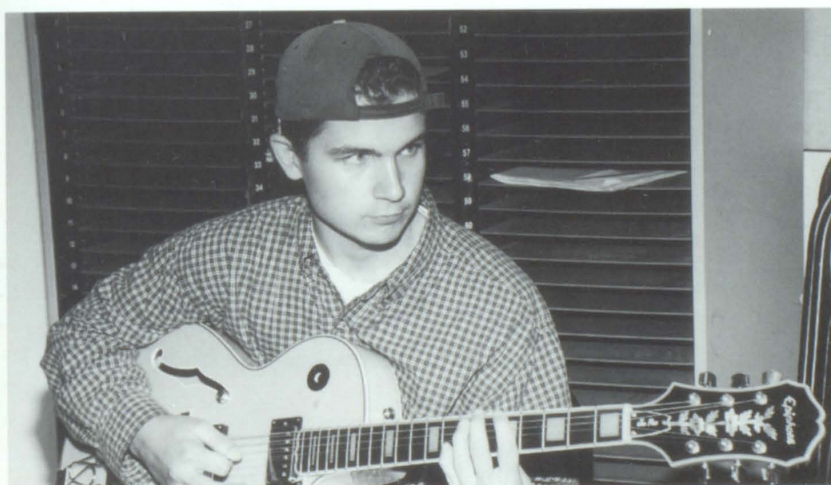

D. Bybel

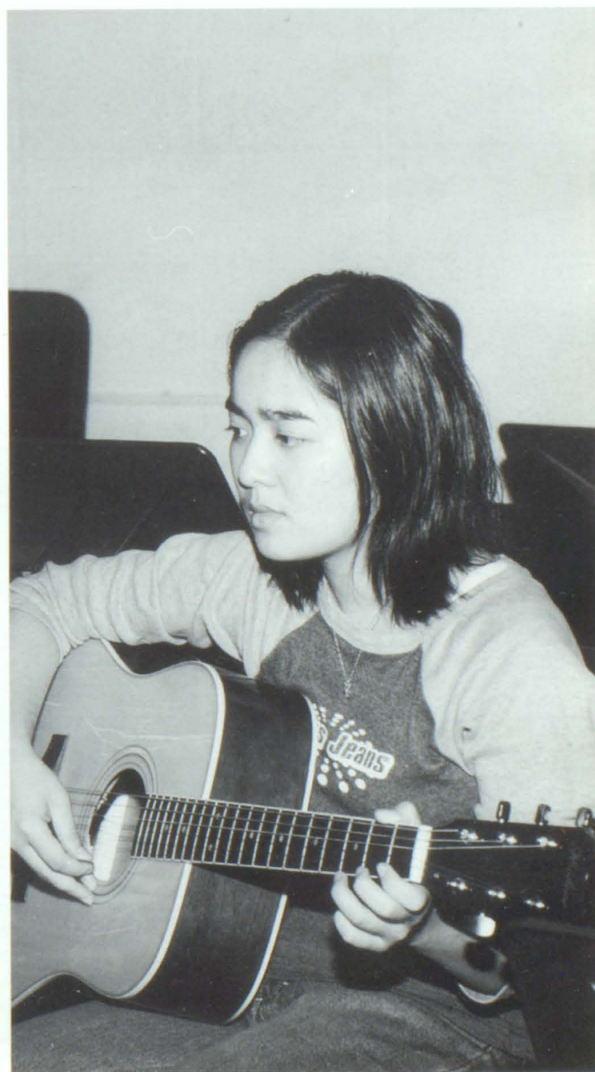

A. Tata and M. Buono

Let music continue to enhance your education experiences at NHHS, where you'll be offered varied opportunities to explore, experience, create, enjoy, and share the music making experience. Our curricular performing groups and classes constitute full year elective courses and may be repeated as scheduling permits. Although our courses earn Level 2 credit, students, who meet certain criteria, may apply for Level 3. We encourage you to join our: Chorus and/or Concert Band, Jazz Combo, Guitar Lab, Music Theory classes, Chamber Orchestra, Jazz Ensemble, and Pit Orchestra, if you'd like to rehearse and accompany our yearly Senior Class and Drama Cooperative (gr.5-8) musical theater productions.

Our performing groups appear at numerous public concerts and events at school and in the community. In addition, the band participates in a selected music festival, as well as performing in such venues as Lincoln Center and Woolsey Hall.

Science

The science department at North Haven High School strives to increase the scientific and technological literacy of all students, and also to provide a wide range of offerings so that students can plan a program to prepare for technically oriented careers and professions. The science department's courses are designed to reinforce critical thinking skills and techniques that are necessary to formulate and answer a variety of types of questions. The department offers a wide variety of courses that appeal to many different students, from math-oriented classes like chemistry and physics to earth sciences like environmental science and oceanology.

The Social Studies department strives to make students more aware of the world around them. Mandatory courses include World History and United States History. Tenth graders have the option of taking Dynamics of Change, which explores regions of Asia and non-Western cultures, or Humanities, which is linked with an English course, exploring the foundation of western civilization. The U.S. History requirement can be fulfilled through U.S. History, AP U.S. History, or American Studies. Twelfth grade students can explore courses in psychology. The department also has many electives, including Civics, which explores social issues, and Conflict Through the Ages, which examines the art of warfare.

The central mission of North Haven High School is to promote the intellectual, physical, social, and emotional growth of each student. To that end, the guidance team provides a variety of programs and services to students, parents, and staff that enhance student achievement and personal well-being. Some of these services include individual counseling, Parents Informational Evenings, Yellow Ribbon Suicide Prevention, Friends in Residence, and special programs such as "Diversity Day".

World Languages

A. Mongillo, A. Gala, and N. Medina

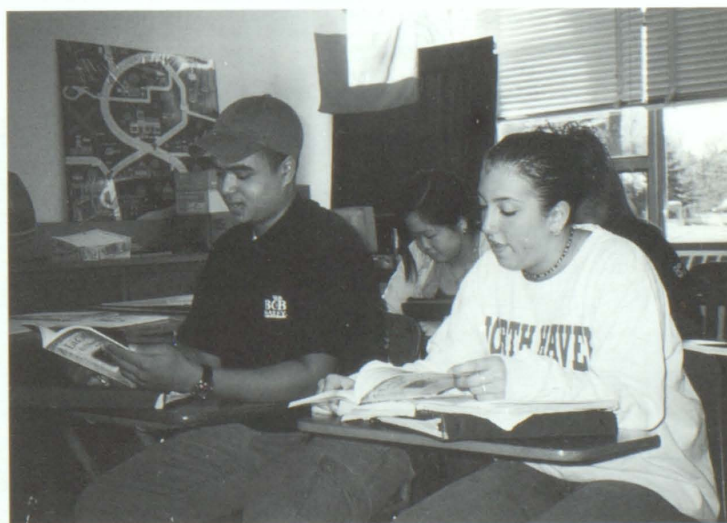

World Language classes are offered in French, Italian, Latin, and Spanish. The first two years of study include the basic elements of the language. As students advance and participate in their third through fifth year of the language, the courses involve writing, conversation, literature, and culture. Through learning to communicate in a second language, students discover the relevance of other societies and cultures, develop an understanding of the increasingly multicultural society in which they live, and recognize the potential use of foreign language in future careers.

Dancing with the guests at the "Celebration for Seniors".

The National Honor Society promotes recognition for students with outstanding accomplishments in areas of scholarship, leadership, character and service. Students eligible for consideration for induction into the National Honor Society must have a cumulative grade point average of 85. Eligible students are notified in the spring semester of their junior year and are selected on the basis of the four characteristics listed above.

This year's Honor Society members, all class of '02, participated in many service projects:

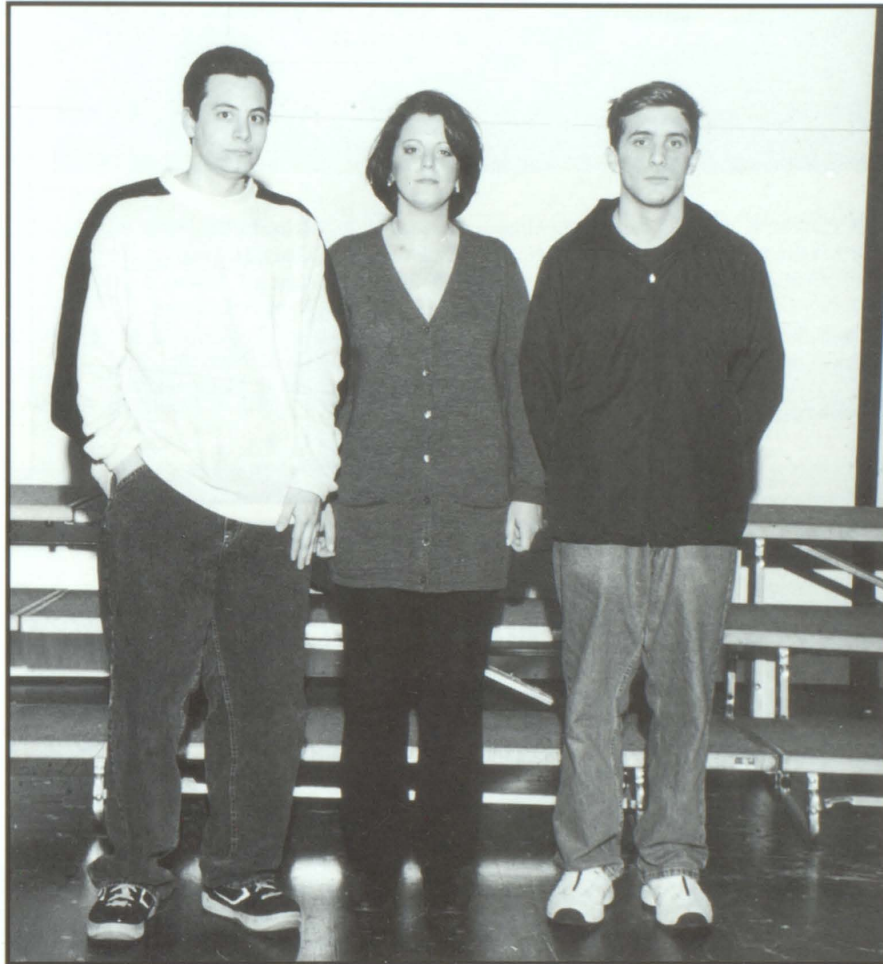

- They have become "student ambassadors" at the front entrance, greeting visitors to the school, assisting and directing them to the appropriate place.
- Work gloves were collected and sent to rescue workers following the September 11 terrorist attack in New York.
- On October 27, the Honor Society held a "Celebration for Seniors" for Make A Difference Day. Over 40 senior citizens attended and were treated to dinner, dancing, entertainment and door prizes. Support from local merchants and businesses made the evening a great success.
- In November and December, a turkey raffle and food drive netted over 4000 items, which were donated to the Connecticut Food Bank.
- "Send Your Kid a Kiss", a valentine goodie package, was sponsored by the Honor Society in February, and a gigantic tag sale featuring community vendors was held in conjunction with the Student Council in April. Daffodils were also sold in April to benefit the American Cancer Society.

All money raised throughout the year was donated to local charity groups such as the Connecticut Food Bank, Life Haven and the Big Brothers and Big Sisters.

In Loving Memory...

The leaves of my past have turned color and fallen.
A gentle snow has covered the ground,
preserving their memory.
Buds bloom into new life and experiences each day.
Life must go on,
But I still think of you always.

Time does not heal all my wounds,
nor make any less of them.
An experience of such impact
does not fade as days go by.
My tears do not sting any less now than before.
Yet, I am strong -
because I have to be.
Life must go on,
And I know you would not want me to give up.

Years ago,
you entered the Palace of Angels,
and now watch over me from above.
Although we are in separate places,
our friendship remains alive in my heart,
protected forever.
I will continue to grow,
and my life will change.
Life must go on,
But I will remember you always.

Special Thanks To

The Class of 2002 would like to give a special thanks to our class advisors, Mrs. Marie Mathieson and Mr. Jeff DeMaio. Mrs. Mathieson has been with us through it all, from the beginning of freshmen year. Thankfully Mr. DeMaio responded when we needed a new co-advisor. We could not have asked for a better pair. They have been relentless in their efforts to help our class raise funds for activities by collecting class dues, organizing dances, planning a car wash, selling soda at Wendy's Dance Recitals, and selling Class of 2002 t-shirts. Together they have been instrumental in planning all of our events, including our junior activity day, Senior to Senior Breakfast, Senior Class Play, Prom, Senior Awards Night, and Graduation. Their workload has been unbelievable, but through it all they have remained, cool, calm and collected. Without them this past year would not have been nearly as successful and enjoyable. We thank them for making our senior year the best ever!

Ms. Marie Mathieson and Mr. Jeff DeMaio

An angel is the whisper in a gentle breeze that makes you smile. They urge you to love, when all you feel is the fear of being hurt. Their voice can be heard in a waterfall, urging you to forgive and go on. When the world gets you down, they hold the light at the end of the tunnel and guide you. They form the inspirations in your life, the cautions, and the courage. By the way, the breeze is what you feel when they wrap their wing around you. Good luck next year in college and in the future, our little sister, for it is so bright and full of accomplishments, and whenever in fear or doubt don't worry, for the breeze of your brothers' wings will be there to guide you always. Good luck, Susanna, we love you and are so proud of you!

Love,
Dave

The path to a dream is paved with sacrifices and lined with determination. And although it has many stumbling blocks along the way and many go in more than one direction, it is marked with faith. It is traveled by belief in you and others, but requires courage, persistence and hard work. It is conquered with a willingness to face challenges and take chances, to fail and try again and again. Along the way you may have to confront doubts, setbacks, and unfairness. But when the path comes to an end, you will find that there is no greater joy than making your dreams come true. Susanna, good luck next year in college and in the future. You have so many beautiful attributes about yourself and a smile that will leave an impression on anyone. There is no doubt in our minds that any dreams that you wish of and pursue will come true. You are the best and we are so proud of you!

Sachem 2002

Señora Leach, Yearbook Advisor

Dear Classmates:

At last, the 2001-2002 school year has drawn to a close. We have braved the hallways of North Haven High School together and managed to finish off the year with relatively few battle scars and a book to remember it by.

Sachem 2002 is our own compilation of fun memories, important events, and our reflections that distinguish the year 2002 from the past. We hope that with the aid of this yearbook, you will be able to look back and relive some of your fondest memories of high school.

I would like to take this opportunity to thank everyone who helped create and personalize Sachem 2002.

First of all, I would like to thank community businesses who support us year after year by purchasing ads. Sachem 2002 would not be affordable if it were not for your support.

We also appreciate Steve and Storytellers' Photography for once again being our official yearbook photographer.

Many students volunteered to help out with miscellaneous jobs- everything from typing senior profiles to identifying photographs. Without the help of these people, the yearbook would never have progressed. Thank you Tara, Liz, Mike, Emily, Erin, Jenn, Caren, Kara, Andrea, and Amar.

In an effort for Sachem 2002 to be more reflective of our experiences this year, our very own classmates have written the class history, sports summaries, and club descriptions. Thank you Lera, Jackie, Tara, Nidia, Margo, Pete, and Rick for offering your writing talents to the yearbook.

Sachem 2002 would never have been completed relatively on time if it were not for the dependable group of people who stayed after school every Wednesday and Friday, willing to tackle any task that Senora threw out at us. The dedication and determination of these students has been remarkable, and they truly deserve the thanks and recognition of the school for sticking with the yearbook for so long. Thank you Tom, Colleen, Jackie, Jen, Kate, Jojo, Katie, Nidia, and Jenny.

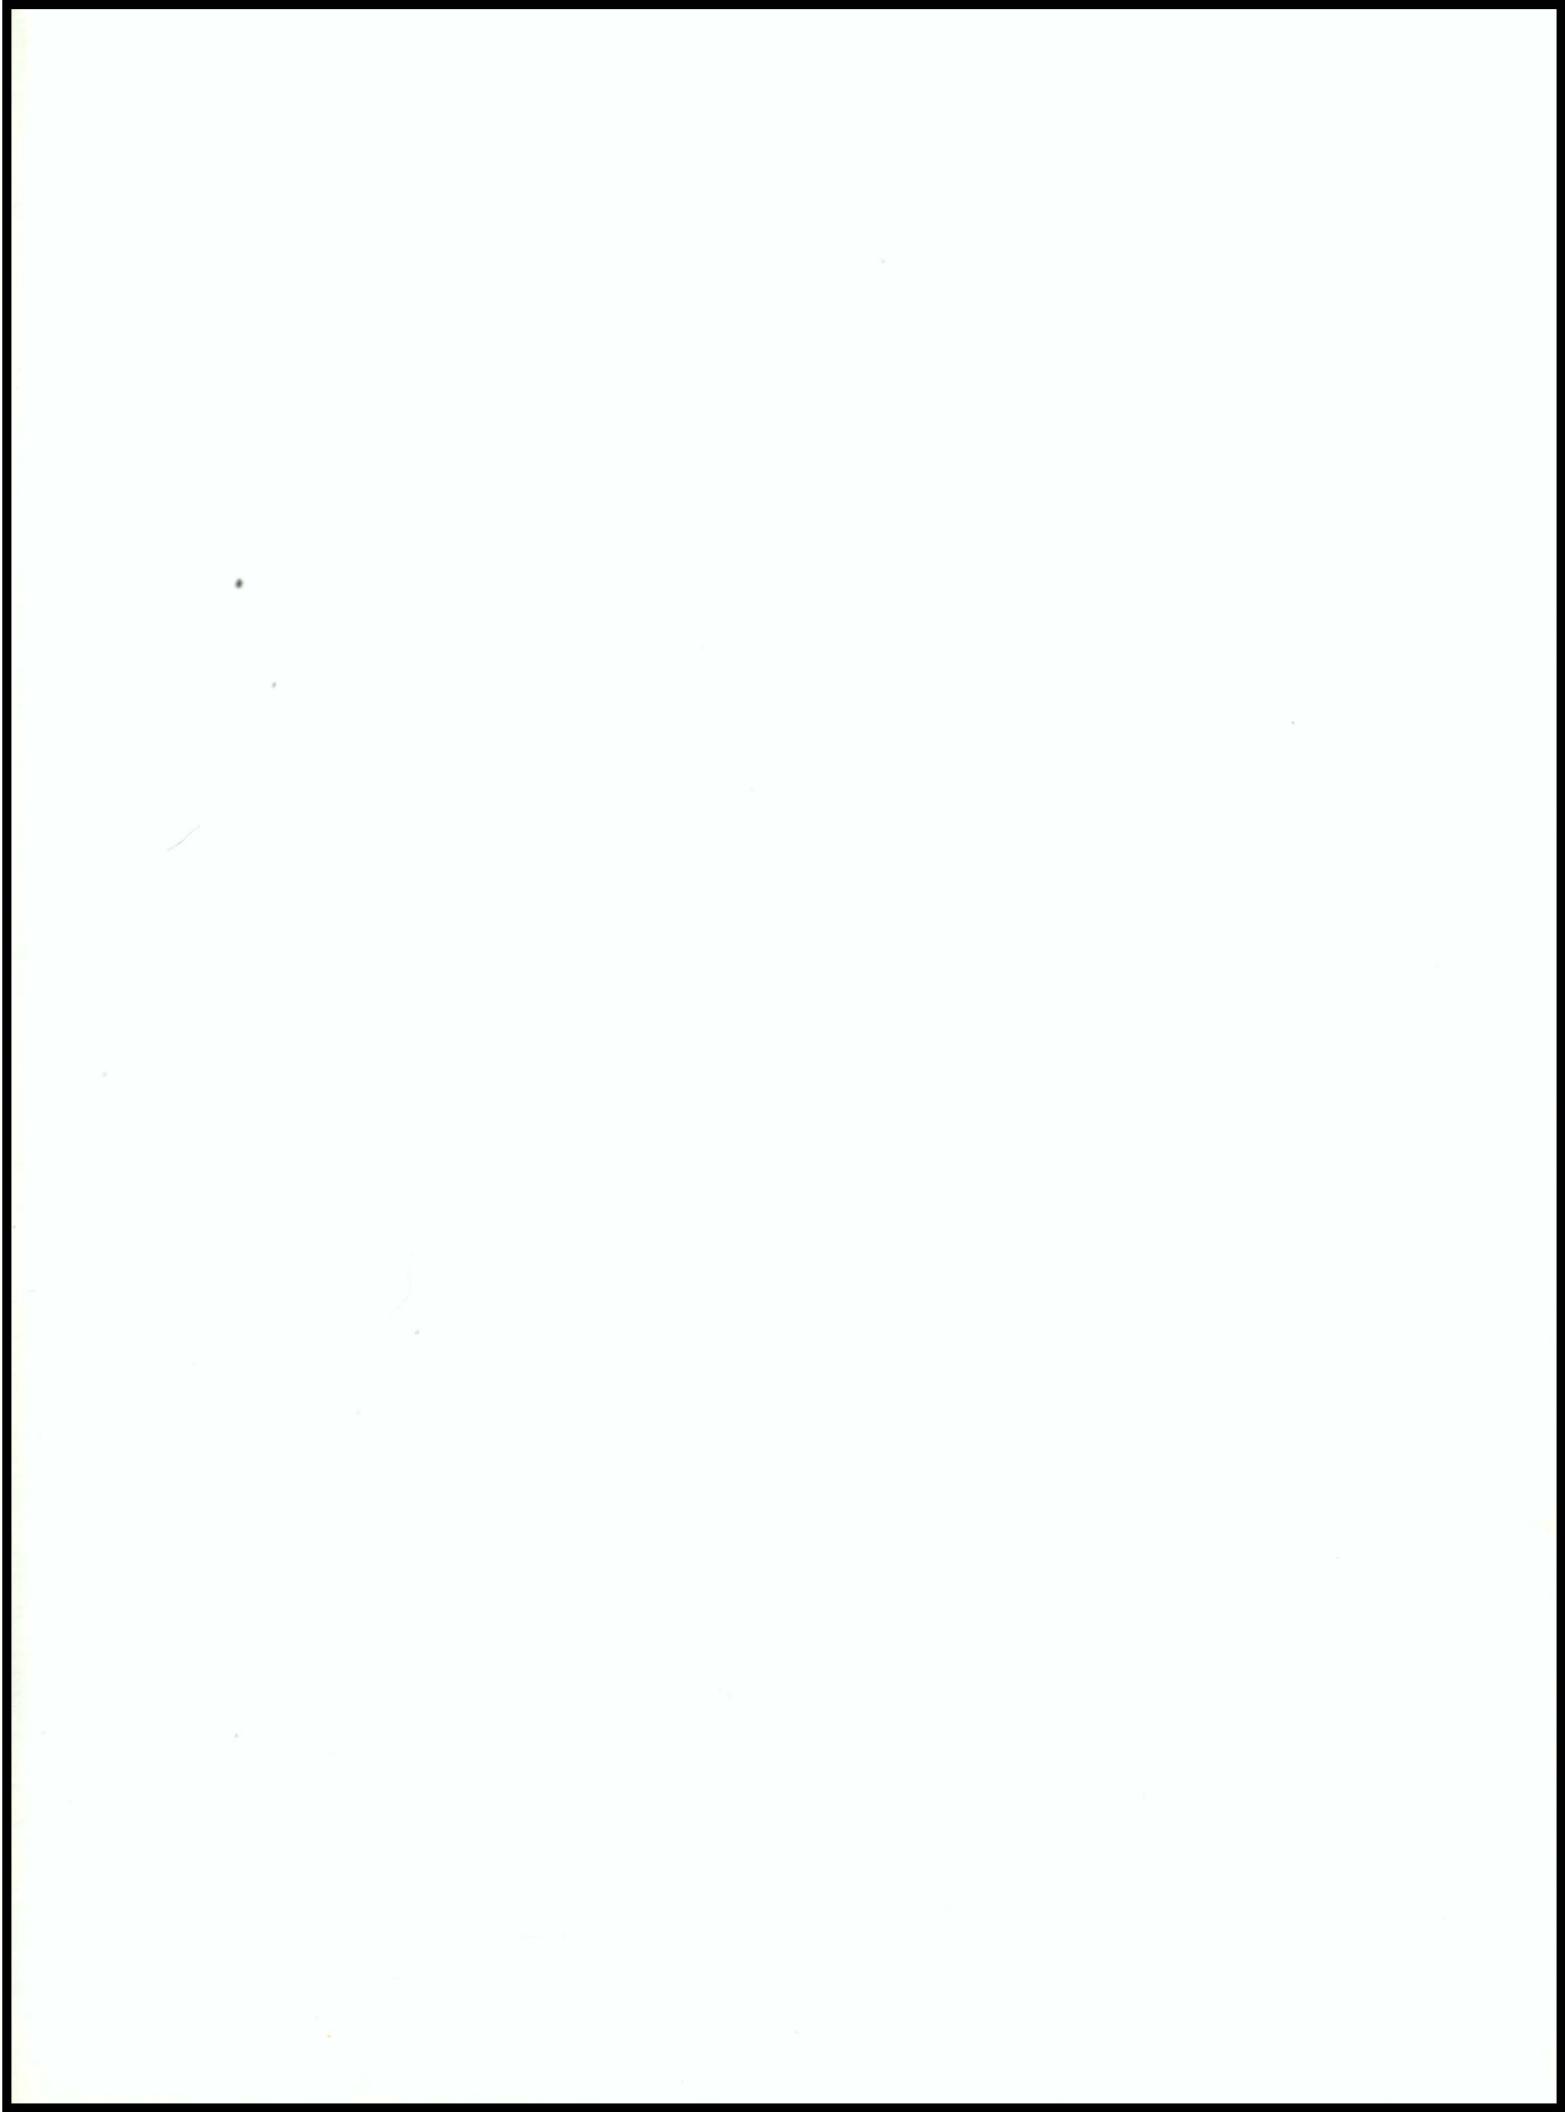

I would like to especially thank Greg Cucinelli who has put in a tremendous amount of time in the creation of this yearbook. "Gregorio" spent a great deal of time working on the sixteen color pages, adjusting the pictures pixel by pixel to create the effect you see in these pages. Greg not only went on "food runs" and post-office trips whenever we asked him to, he stepped up to become my "co-editor". Thank you Greg for your patience and hard work.

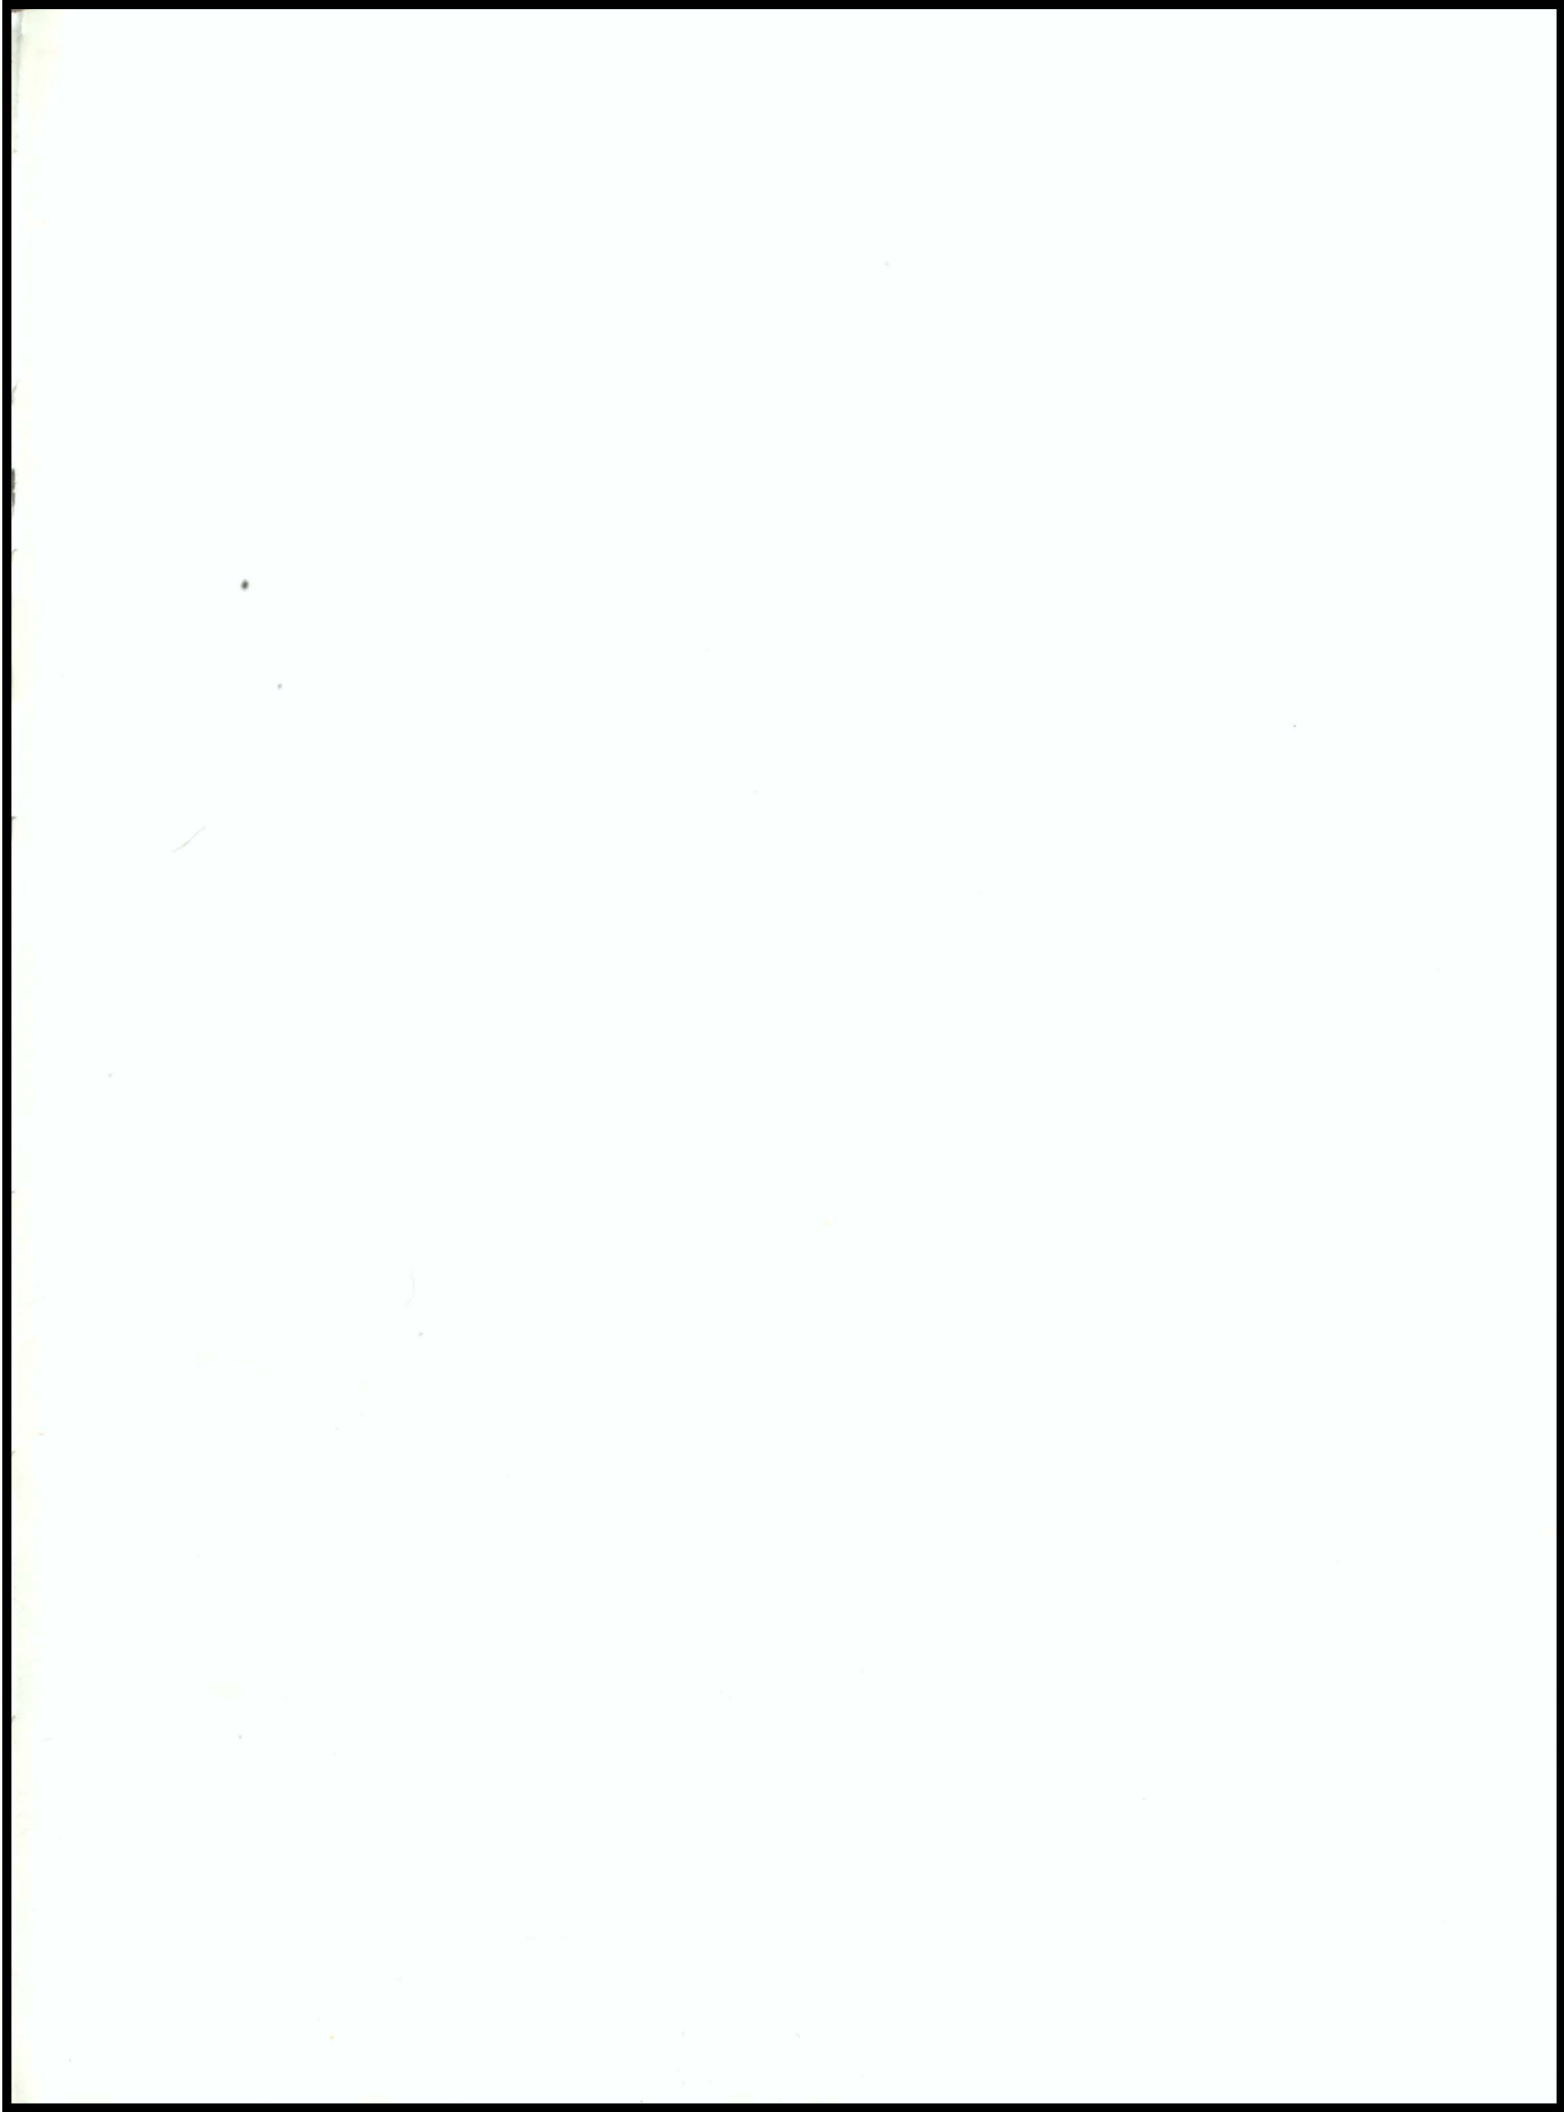

Finally, on behalf of the entire Sachem 2002 staff, I would like to thank Senora Leach. Very few people know how much time she spends working on Sachem year after year. Senora is always here for us, feeding us when we're hungry or overworked, listening to our many complaints, and always finding a way to make us smile. Thank you, Senora- you have done nothing but make an already great year that much more enjoyable.

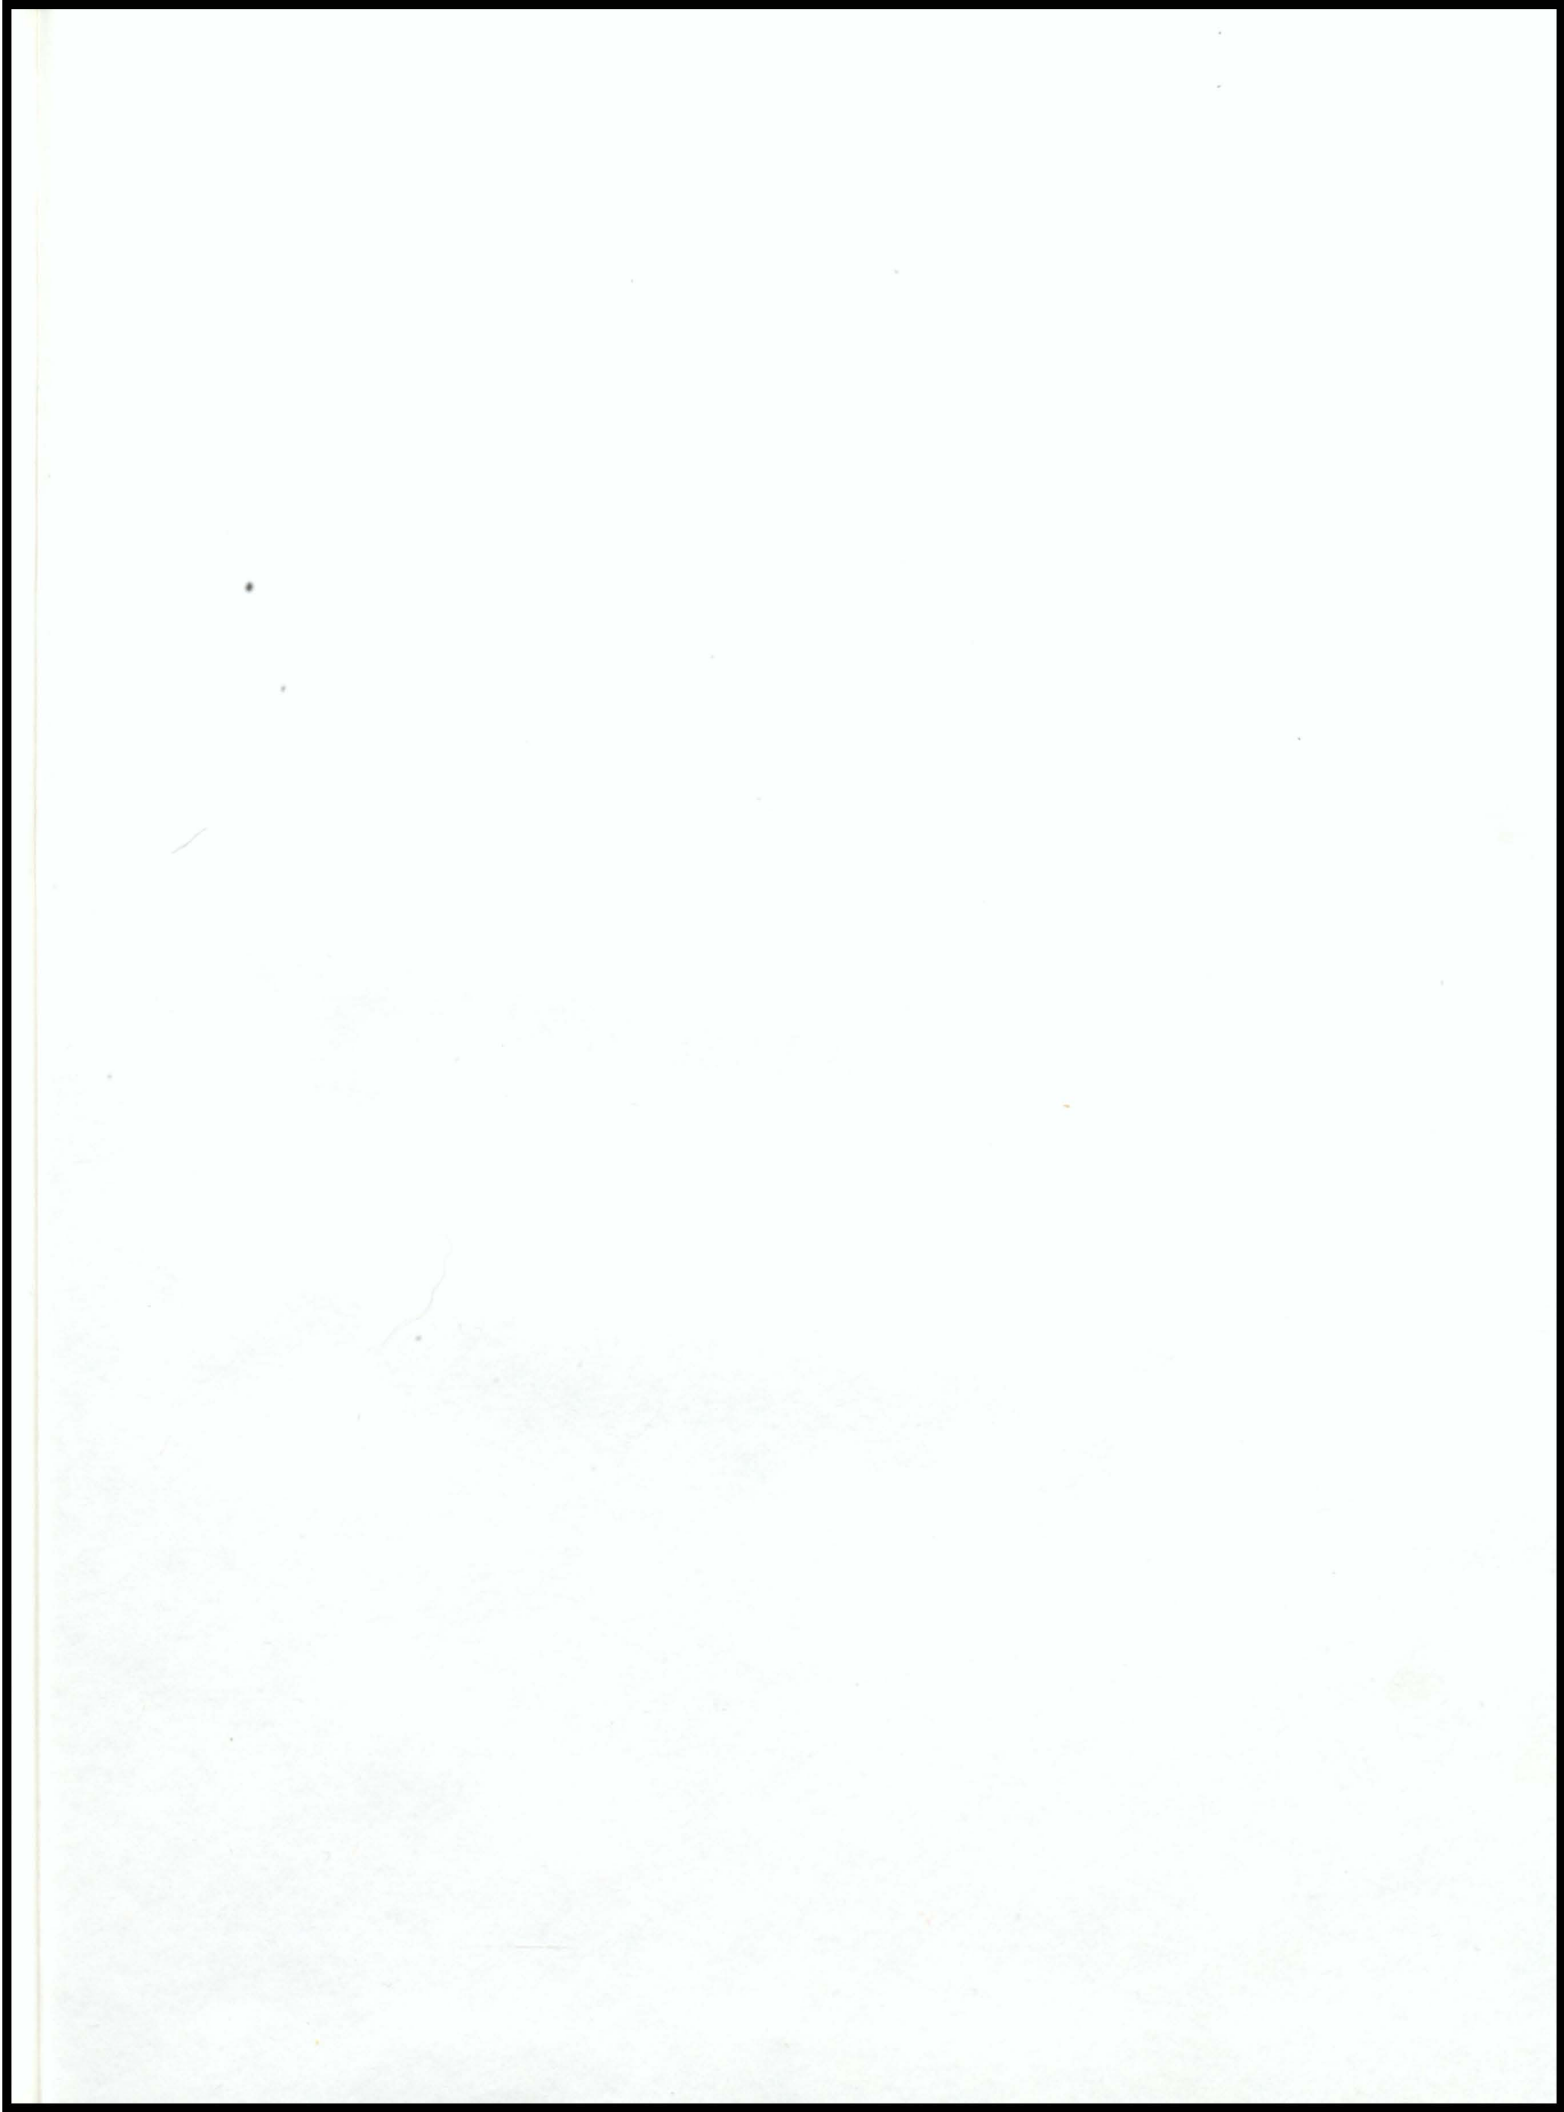

Sincerely,

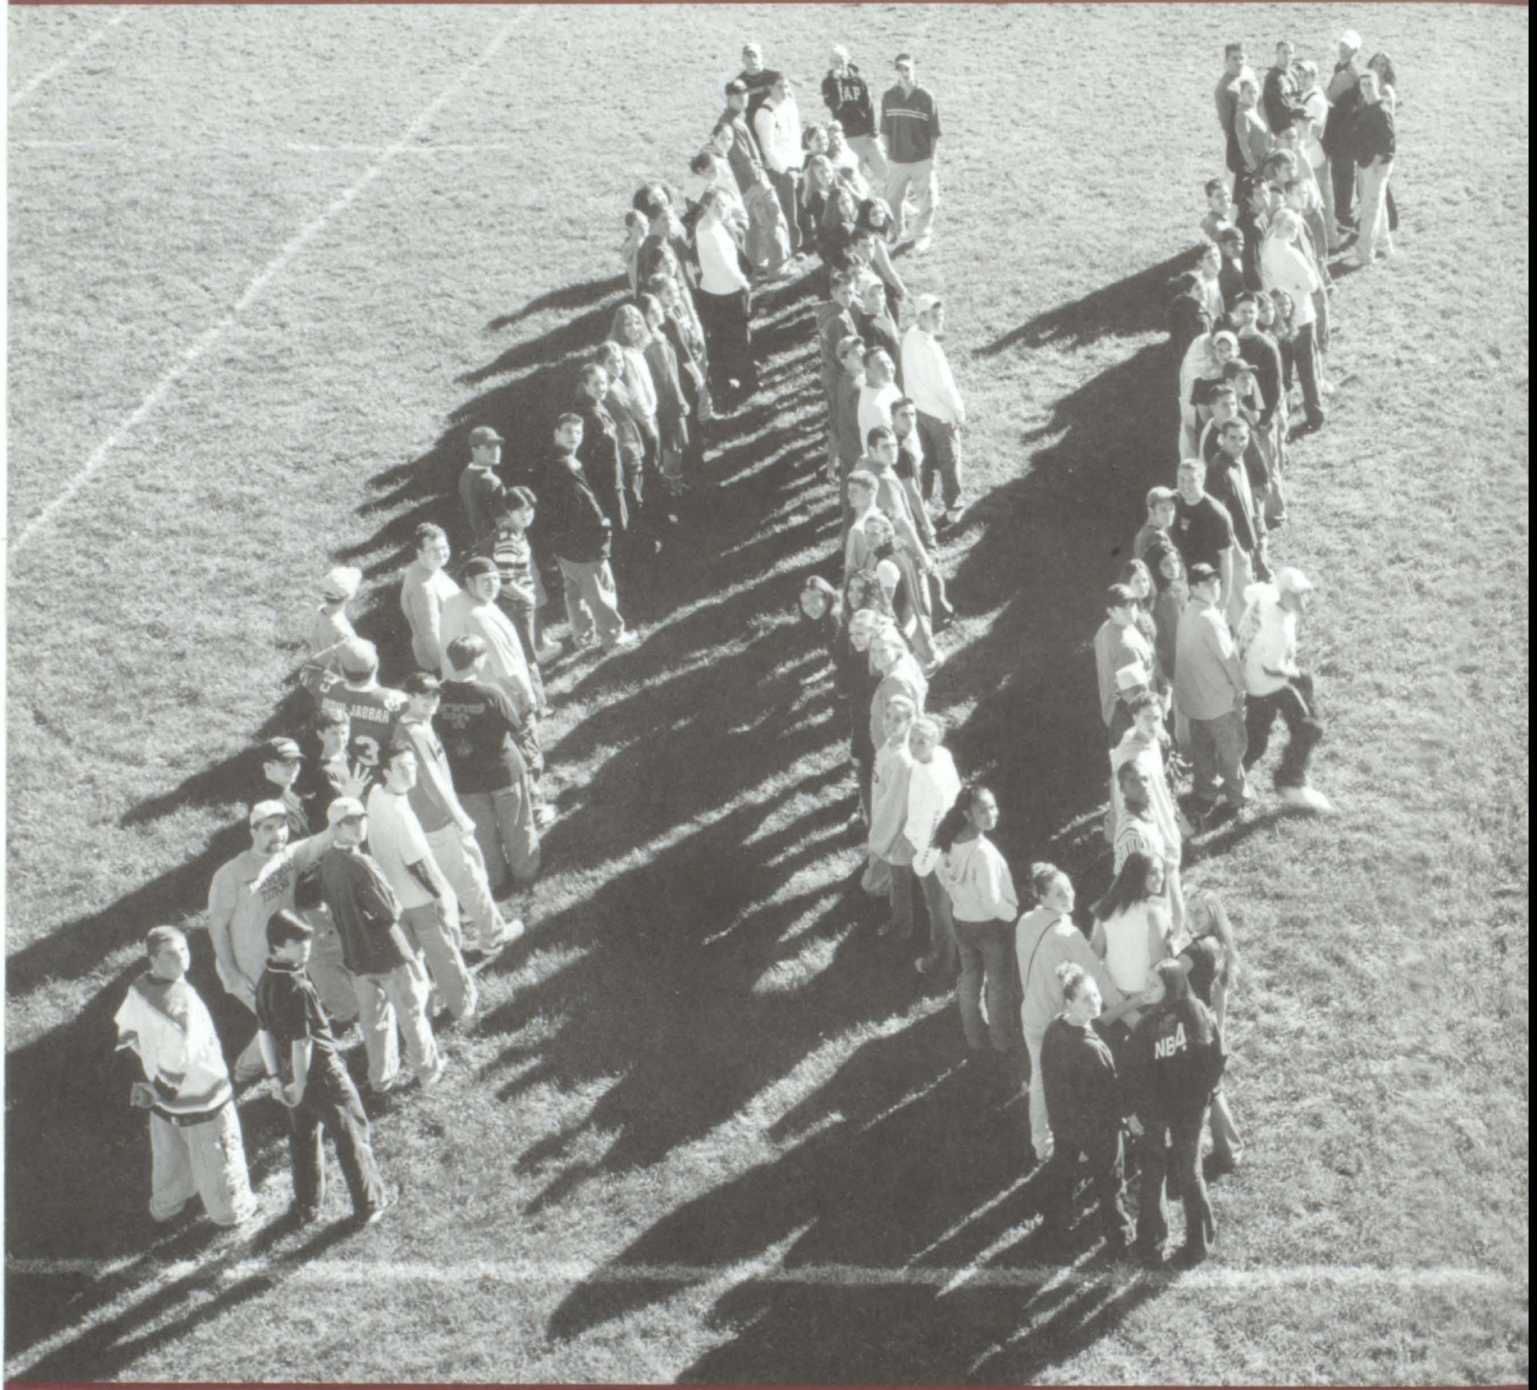

Kimberly Smith
Editor-in-Chief
